**BIG ARMY OF WOMEN BATTLES WITH H. C. L. CAN REDUCE COST BY WORKING AND SAVING**

In All Parts of District They Are Forging the Fight to Reduce Costs. Budget Plan Popular.

Nearly one thousand women in the Fifth Federal Reserve District are today acting as chairmen of clubs and groups of women who are planning to fight to a finish the H. C. L. All over the states of Virginia, North and South Carolina, Maryland and the District of Columbia, women's organizations are up in arms against high prices, and are working on definite programs for saving in household and living expenditures. In practically every instance the war-time slogan of "Buy Only What You Need" has been adopted by these women, as is shown by reports and letters piling up at headquarters of the Woman's Division of the War Loan Organizations at Richmond, Va.

Savings programs that are popular among these organizations include discussions of the leaflets issued by the Woman's Division, a series of sheets giving suggestions for saving materials and money by special cleaning, taking care of clothing, thrift in the use of fuel and others. The division has also distributed a model budget for regulating household expenditures that has excited a great deal of interest.

"I thought at first that I could never persuade my husband to try the budget system," one woman reported recently at headquarters, "but I showed him how thoroughly business it looked, and now he is a more ardent budgeter, even than I am. Instead of merely putting the amount allotted for food in each column, he insists on tabulating the different kinds of food we ought to eat in order to be nourished properly—he's as much interested as if it were a baseball game."

The Woman's Division has announced that it will be glad to send more literature on any stubs or individuals desiring it.

**In High Places**

By Walt Mason.

I have bought a grand piano and a sumptuous sedan, and a lot of other doodads, on the monthly payment plan. On each thing I paid a dollar, and I'll pay a monthly one, till I'm laid away and sleeping underneath a sagging stone. It is true, I didn't need them, and I haven't coin to burn, but I see my neighbors blowing every hoop that they earn, and if they can have plumes and fine motors and such stuff, I will go as far as they do though it makes the sledging tough. Every month I'll pay a dollar on the junk I do not need, till I hang around on crutches and my whiskers go to seed; and when I have crossed the river to the shining golden shore, I will still be owing money to the Junk Installment Store. And I fear the recollection will destroy my peace of mind, when I have a harp before me and a pair of wings behind. But my neighbors, they keep blowing every rouble, every red, and I'd be a sort of pillar if I let them get ahead; so I'm buying silver wafers, and I'm buying costly gems, and my wife is wearing a blue and diamond cadenas, and I bought the whole caboodle on the monthly payment plan, and I'm riding to the poorhouse in a super-sight sedan.

Got the Drop. A certain stingy son of Erin, upon seeing another Irishman just going to drink a glass of whisky, exclaimed: "Hold on Pat! let an old friend have a drop, the first taste in the world."

His friend passed the glass, and the stingy one emptied it. Pat was naturally annoyed, and said: "Bedad, I thought you said you only wanted a drop?"

"Hold on Pat! let an old friend have a drop, the first taste in the world." "The drop I wanted was at the bottom."

**An Ordinance. An Ordinance.**

**An Ordinance Providing for the Issuance of \$50,000.00 School Bonds of the Town of Graham.**

Be it Ordained by the Board of Commissioners of the Town of Graham, North Carolina:

Section 1. That pursuant to the provisions of the Public Law of North Carolina, known as "A General Act Relating to Municipal Finance" as provided in Chapter 138 Public Laws of 1917, and Chapter 178 of Public Laws of 1919, and the several amendments thereto, that the town of Graham, North Carolina, issue and sell its bonds for the purpose of erecting and equipping new school buildings for the public schools in the town of Graham by building additions to, and remodeling the present public school building for the white race, and equipping the same in a modern and up-to-date manner, and by acquiring a new site and erecting a new building for the public school for the colored race; the said buildings to be constructed and remodeled to be non-fire proof buildings, as defined in said law, the outer walls to be hard, incombustible materials, and the probable period of usefulness of the said buildings, for the erection of which the said bonds are to be issued, is declared to be thirty years.

Section 2. That the maximum, aggregate principal amount of the said bonds be Fifty Thousand Dollars (\$50,000.00). All details as to issuance of said bonds to be fixed by resolution by the Board of Commissioners of the town of Graham, as provided by said law.

Section 3. That a tax sufficient to pay the principal and interest of the said bonds shall be annually levied and collected by the proper authorities of the town of Graham.

Section 4. That a statement of the debt of the town of Graham has been filed with the Clerk of said town pursuant to said Municipal Finance Act, and is open to public inspection.

Section 5. The average assessed valuation of property subject to taxation by the said town of Graham for the three fiscal years in which taxes were last levied, as shown by said statement, is \$1,612,377.00.

Section 6. The amount of the net debt of the said town of Graham outstanding, authorized, or to be authorized, as shown by said statement, including the proposed issue of \$50,000.00 school bonds is \$201,148.33.

Section 7. That the foregoing ordinance shall take effect when approved by a majority of the qualified voters of the town of Graham, North Carolina, at a special election to be held in said town for said purpose, as provided by law, on Tuesday, January 20, 1920.

The foregoing ordinance was passed on the 1st day of December, 1919, and was first published on the 11th day of December, 1919.

Any action or proceeding questioning the validity of said ordinance must be commenced within thirty days after its first publication.

P. A. HOLT,  
Town Clerk.

**Four Thousand Kansas Dig Coal.**

Topka, Kan., Nov. 28.—Four thousand men are ready to go to work in the Kansas coal fields in response to Gov. H. J. Allen's appeal for volunteers to dig coal and prevent suffering among citizens of the State, according to reports in the Governor's office tonight. It is probable that the first contingent of 1,000 will be sent to the coal fields Monday, it was stated.

As plans looking toward the operation of the strip mines go forward the State's fuel supply is shrinking fast as a result of a severe sleet storm and extremely low temperature.

The State is covered with icy snow, and conditions were made worse in the eastern section to night by rain which froze as it fell. Local weather officials gave no promise of early relief from the storm.

Tonight Governor Allen and Adjutant General Martin are in Kansas City, Mo., for a conference with Major General Leonard Wood, commander of the central department of the army.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

**Take "Dodson's Liver Tone" Instead!**

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

**"The 52 Biggest Problems of the Average Southern Farmer"**

EVERY member of The Progressive Farmer staff has had actual farm experience—most of us are running Southern farms now—and from our own experiences, and from the multitude of farmers' letters that come to us every year, we believe we have figured out a pretty nearly perfect list of these "fifty-two biggest problems" of the average Southern farmer, and we are going to treat them in next year's Progressive Farmer.

We are going to treat them, too, in order of timeliness, just as far as possible. For the aim of The Progressive Farmer, always, is to tell the subscriber just what he wants to know, just when he wants to know it, and in as few words as possible.

Here's the list of big problems we shall treat during the fall months, and the date on which each discussion will appear:

- November 1—Financing the Farmer: (Personal and Short-term Credit; Long-term Credit for Land Purchase; Avoiding "Time-prices"; Utilizing National Farm Loan Associations, etc.)
- November 8—Systems of Farming—Affecting Soil Fertility, Money Profits, Prosperity and Permanence of Rural Life.
- November 15—Arranging and Erecting Fences; Relative Values of Different Systems, Material, etc.
- November 22—How to Reduce Land-washing to a Minimum. (Terracing, Ditching, Filling Land with Humus, Proper Use of Steep Hill-sides, etc.)
- November 29—What Changes Are Needed to Insure Better Health for Men, Women and Children on the Farm?
- December 6—Winter Care and Rearing of Horses, Mules, Cattle and Hogs.
- December 13—Getting Rocks and Stumps Off the Land.
- December 20—How Farm Neighbors May Work Together for Greater Profits and Happiness.
- December 27—Business Methods on the Farm; (Inventories; Records; Accounts; Banking; Cost-keeping; Advertising; System in Correspondence and Making Sales, etc.)

The above subjects are of vital importance to you and alone are worth the price we ask, and remember The Progressive Farmer carries many other big features not mentioned above.
