 GRAHAM, N. C., Jan. 1, 1920

The year 1919 is gone—passed into history. It recorded some of the most momentous events in history. It saw many of the closing events of the world-war. In material prosperity America has never witnessed its equal. Here is hoping that 1920 will witness continued prosperity and that real and lasting peace will spread throughout the world and make it a better place for men to live in.

## ADDITIONAL LOCAL.

### Banks Show Up Well And Pay Dividends.

The National Bank of Alamance had the best year of its history during 1919. The resources at close of business on Dec. 31st amounted to \$745,836.05. The deposits during the year increased 25 percent and the volume of business about 50 percent. The directors at their last meeting declared a semi-annual dividend of 5 percent and an extra dividend of 5 percent, and passed \$5,000 to the surplus fund.

The Citizens Bank of Graham also had its best year. Deposits increased about 40 percent and the volume of business nearly 100 percent. A dividend of 6 percent and 2 percent additional was declared by the directors.

The officers and management of these institutions have every reason to feel proud of their progress.

### Cooper-Fricke.

At 8 o'clock Tuesday night, Dec. 30th, Miss Julia Cooper, one of Graham's most popular, amiable and accomplished young women, was united in marriage to Mr. Richard F. Fricke of Plattsburg, N. Y., at the Baptist church in the presence of a large company of relatives and friends. Rev. L. U. Weston, Pastor, impressively spoke the words which made them husband and wife. The church was beautifully decorated for the occasion. The chancel was banked with ferns and candles shed a mellow light over the beautiful bridal scene.

At 9 o'clock the bride and groom left for a bridal tour and after the 15th will be at home at Plattsburg, N. Y. Mrs. Fricke has a large circle of friends whose good wishes follow her for every happiness life can give. (We have at our command a splendidly written account of the marriage which will appear in our next issue and hence we refrain from writing more in detail.)

### Southwest Alamance.

Christmas is past and gone, and everything in our community has been very quiet during the holidays; no drunkenness at all.

Oakdale and X Roads schools closed for the holidays, each with a nice Christmas tree.

J. R. Foster's family, which is very much scattered, all met at the old home with him on Christmas Day.

We understand the old Kimeville Cotton Mill has been sold and the buyers are taking down the machinery and will ship it to Japan.

Grover Shoffner's little son is improving.

Lola Smith has come to spend the winter. She has been working in Burlington.

Wm. Foster of the Mt. Hope section visited relatives near Oakdale during the holidays.

"Pa, what was a pre-glacial man?" "Why a man before he had to pay ice bills, I suppose."

It is a reproach not to have friends; it may be even a greater not to have enemies.

### DODSON WOULD STOP SALE OF CALOMEL

Says Calomel is Mercury and Acts Like Dynamite on Your Liver.

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

## Healthy, Robust People Popular Everywhere

Good Health Creates an Attractive, Magnetic Personality and Wins Admiration  
 Healthy People Are Happiest

Pepto-Mangan Has Put Thousands Into the Healthy, Full-Blooded Class

How the red-blooded, energetic, and attractive man or woman is envied by those who feel that it will always be their unfortunate lot to be thin, pale, and weak-bodied!

And yet why continue to envy men and women who possess a vigorous, healthy physical condition and an attractive, magnetic personality? Poor health and lack of vitality are often merely the result of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigor, and strength to every part of the body.

Physicians introduced Gude's Pepto-Mangan to the public because they knew that it contained the very properties that are so sorely needed to build up thin, watery blood. For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's." And be sure the name "Gude's" is on the package.

### Scouts Keep the Law.

Every now and then some juvenile court worker bears judge or scout that scouting keeps boys out of mischief, that scouts keep the law and are good citizens in embryo. Recently U. E. Harman, an attorney of Tacoma, Wash., made the following statement: "Of all the boys passing through the juvenile court in the last year, not one was an active scout." There are 700 boys affiliated with the Tacoma council, so this statement really means something. Not one boy who came up as a case before the court was an active scout, and upon investigation it was shown that in only two cases were the offenders boys who had had any connection whatever at any time with scouting—James E. West, in Boys' Life.

### A Hybrid Mariner.

"An old salt, eh?"  
 "You might call him that."  
 "He's the sort of sailor, I presume, who feels sorry for us poor landlubbers when there's a storm at sea, knowing that chinnies are tumbling about our ears and roofs being blown off while he's snug and safe in his berth aboard the Many Ann or the Lisa Jane?"  
 "He isn't that kind of an old salt. He's employed on a liner, one of those big floating hotels, and doesn't see much more of the ocean than the average baggage man in a land hotel."—Birmingham Age-Herald.

## RESULTS TELL

There Can Be No Doubt About the Results in Graham

Results tell the tale. All doubt is removed. The testimony of a Graham citizen can be easily investigated. What better proof can be had? J. N. H. Clendenin, retired farmer, S. Main St., says: "Some years ago I was bothered a great deal by weak kidneys. I had little control over the kidney secretions and had to get up a lot of nights. My back was so sore and lame, I could hardly straighten. In the morning I was so lame I could hardly get out of bed. I read so much about Doan's Kidney Pills that I got a supply at the Graham Drug Co. and began taking them. A few doses relieved the pain in my back and one box cured me. I can now go to bed, sleep well and my back is strong."

## HOW TO REACH RHEUMATISM THROUGH THE BLOOD

Powerful Iron in liquid form makes rich, red blood and drives uric acid out of the system forever.

It is now generally known that Rheumatism is caused by uric acid which is formed in the blood and deposited through thousands of little capillaries and nerves in different parts of the body.

If you have healthy, rich, red, strong blood, you will never have Rheumatism. Healthy blood eliminates uric acid, and does not allow it to stay in the body to cripple and pain.

The successful and reliable method of getting this great essential into the blood is through the use of a natural form of soluble iron known as Acid Iron Mineral. The nerves are immediately strengthened, bodily vigor is restored and the general improvement of all ailing conditions prove that the blood is getting the iron it must have to maintain perfect health. With the blood thus made healthy, uric acid is eliminated and driven out of the system, even in cases where the trouble is of long standing, and has failed to respond to other methods of treatment.

This new way of driving Rheumatism out of the system through the blood made pure and strong with this natural soluble iron—Acid Iron Mineral—is being adopted by thousands as fast as the story can be told. There is no need to suffer longer—you can be on the road to recovery today. And in driving Rheumatism from your system, this remarkable liquid iron blood maker will give you stronger nerves, more power in every way.

If you suffer from Rheumatism in any form, no matter how long standing, you owe it to yourself to start using Acid Iron Mineral at once. Do not miss this opportunity. Call at your druggist today. Why suffer any longer?

A vast amount of work now remains to be done which the intervention of war has necessarily delayed and accomplished. It is necessary to make up for the interruptions heretofore due to the war, and to prepare the railroads to serve adequately the increased traffic throughout the country.

Work more—  
 Produce more—  
 Save more—

But we can't continue increasing our production unless we continue increasing our railroad facilities.

The farms, mines and factories cannot increase their output beyond the capacity of the railroads to haul their products.

Railroads are now near the peak of their carrying capacity.

Without railroad expansion—more engines, more cars, more tracks, more terminals—there can be little increase in production.

But this country of ours is going to keep right on growing—and the railroads must grow with it.

To command in the investment markets the flow of new capital to expand railroad facilities—and so increase production—there must be public confidence in the future earning power of railroads.

The nation's business can grow only as fast as the railroads grow.
