GRAHAM, N. C., Jan. 22, 1920

TUESDAY'S ELECTION.

The result of the election held in Graham Tuesday for the issuance of \$50,000 in school bonds and \$100,000 in sewer bonds marks an epoch in the life of the town. It means that Graham is taking a forward step both in education and sanitation—two things vital to its growth and uplift. They make for a more intelligent and enlightened community and a cleaner and more healthful place in which to live. These are factors which will weigh heavily with those prospecting for a place in which to make their home and settle their families.

It was a good day's work.

Judge Chas. M. Cooke of Louisville, for 15 years judge of the Superior Court, former Secretary of State and Speaker of the House of Representatives, died Monday, aged 75 years. He was a colonel in the Confederate army. He was unique in his manner and perhaps the most widely known State judge in his day.

Judge Francis I. Osborne, one of the State's foremost jurists, died suddenly at his home in Charlotte Tuesday morning in the 67th year of his age.

Real Cause For Bitterness.

Philadelphia Record.

At last we have the Republican slogan for 1920. Chairman Hays has announced it to the Republican State committee of Colorado. It is not to be opposition to Wilson or a fervid defense of the course of the Republican majority in the Senate on the peace treaty. It far transcends such issues in its appeal to the G. O. P. Chairman Hays has stated it is as follows: "We were shut out of the war jobs in the main, and now we are excluded from all these records which are available to the opposition."

There the real cause of all the Republican bitterness to Wilson is laid bare. The G. O. P. has been separated from the Federal offices and jobs for nearly seven years, and its passion for fleshpots has become overpowering. Mr. Hays has hit the nail on the head for once.

Kerensky and Palmer.

The Houston Post.

Kerensky, once the Premier and dictator of Russia, is said to be working in a beaver in London, thoroughly "down at the heels" as an acquaintance described him. Kerensky is an example of a man who lacked the decision to take advantage of big opportunities when they presented themselves. As an orator a success, as an executive he was equally a failure. Had he acted with firmness and put down the bolshevik in the early days with an iron hand, Russia might have been spared the horrors of the last two years and the rest of the world might have escaped a good deal of anarchistic agitation. Kerensky's fall is a warning to the United States. Evidently Attorney General Palmer is not a Kerensky, for he is showing the reds no quarter. It is well enough to learn from another's mistakes.

Should Be Given Fair Trial.

Hickory Record.

Governor Bickett and other Democrats seem surprised at the hedging reputed to Mr. Frank A. Linney, chairman of the Republican State committee, on the revaluation act at the meeting in Greensboro this week. It is evident that the Republicans will use the new tax law, they think, in an effort to win votes. Former Senator Butler has praised it as a constructive scheme, we are told, and it is a matter of record that every Republican in the General Assembly voted for the measure. We hope the Republicans will do nothing to injure this measure and we attribute too much sense to them. They might gain some votes, even carry some close counties, but the revaluation act is honest, is going through and will be approved by the people after they have given it a trial. It ought not to be made a partisan question. It was not so conceived. It should be given a fair trial.

Nothing that Senator Harding has said, remarks the Brooklyn Eagle, "could by any chance give offense to any shade of Republicanism in the East." That's what makes him such an excellent candidate to the Old Guard's way of thinking.

PRESIDENT CHASE TO BE INAUGURATED APRIL 28.

Leading Educators Will Speak—Class 1909 Pay \$1,000 to Alumni Loyalty Fund—Dr. Greenlaw Elected Deaf to Succeed Dr. Raper, Resigned

Cor. of The Gleaner.

Chapel Hill, Jan. 20.—The formal inauguration of Dr. Harry Woodburn Chase as eighth President of the University of North Carolina will take place April 28. This announcement was made recently by the joint committee of trustees and faculty which is making arrangements. It consists of Judge Francis D. Winston, A. H. Eller, C. J. Smith, W. P. Lynum, and Gen. Julius S. Carr of the trustees, and Professors Archibald Henderson, A. H. Patterson, George Howe, A. S. Wheeler, Parker Daggett, deRouillac Hamilton, L. R. Wilson, and W. D. Toy from the faculty.

Tentative plans call for a program of addresses by some of the best known educators and university men in the United States. Gov. Bickett will preside at the exercises and Chief Justice Walter Clark will administer the oath of office. All the leading universities and learned societies will be invited to send delegates. Among the special guests will be the trustees and alumni of the university, the faculties of all the colleges in the State, and the city and county superintendents.

John W. Umstead, Jr. of Tarboro, treasurer of the class of 1909, walked into the office of President Chase last week and laid down a check for \$1,000. "The gift of the class of 1909 to the Alumni Loyalty Fund," he said.

At its class reunion several years ago the class of 1909 pledged itself to raise the above amount and the action of Treasurer Umstead marked the final step and the fulfillment of the pledge. In raising this amount for the University, 1909 is following the lead of several other classes which have given funds to the general Alumni Loyalty Fund. This fund is administered by a group of alumni consisting of A. M. Seales, Leslie Well, L. R. Wilson, A. W. Haywood, W. T. Shore, and James A. Gray. When the fund, which is now slightly above \$10,000, has reached larger size, it will be used in a gift to the University.

The executive committee of the trustees, meeting in Raleigh last week, elected Dr. Edwin Greenlaw Dean of the Graduate School in place of Dr. Charles Lee Raper, resigned. Dr. Raper will continue as head of the Department of Economics. Dr. Greenlaw, who came to the University in 1913, has been head of the Department of English since that time. He studied at Harvard and has taught at Northwestern University, the University of Chicago, and Adelphi before coming to the University of North Carolina.

White River, Ontario, reports a temperature of 45 degrees below zero. It is hard to see why the Canadian farmers should stay in such a country when there are millions of acres of good farm lands to be had in the South.

Some day there'll be a female President of this country. And, if she have a husband, there'll be one man in the country less important than the Vice-President.

McAdoo wants to show up the coal operators by having a show down of their profits.

If Carranza's opponent will just spell his name O'Brien he'll get lots of sympathizers in the United States.

Italy is carrying a chip on her shoulder just as if nothing had happened to Germany for trying that trick.

REPORT OF CONDITION OF THE CITIZENS BANK OF GRAHAM.

At Graham in the State of North Carolina, at the close of business, Dec. 31, 1919.

Why is A Headache?

Various Causes for this Common Affliction

Anemia or Bloodlessness a Very Common Cause

Pepto-Mangan Overcomes Anemia and Tends to Prevent Headaches

When one has an occasional headache it is usually due to some transient or passing cause, such as indigestion, eye-strain, over-tiredness, etc. When, however, one suffers from frequent periodic headaches there is always some special reason for it. Among the most common of such reasons is Anemia or Bloodlessness. This condition is especially frequent among girls and young women and those whose occupations or habits of life keep them too much indoors. The one important necessity in such cases is to build up the quantity and quality of the weak and watery blood. Gude's Pepto-Mangan is exceptionally valuable for this purpose. It increases the number and improves the quality of the red blood cells, carries vital little bodies which carry nutrition to all parts of the body. It improves the appetite, restores health and strength to the body generally. After a short course of Pepto-Mangan the headaches decrease in frequency and severity, and finally disappear, if they are due to Anemia. Pepto-Mangan may be had either in liquid or tablet form, as preferred. When buying Pepto-Mangan be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

DuPONT'S GRANT SCHOLARSHIP.

University N. C. Receives Medal From University of Paris.

Cor. of The Gleaner.

Chapel Hill, Jan. 13.—President Chase has received from the rector of the University of Paris a handsome bronze medal sent to the University of North Carolina by the University of Paris in appreciation of services rendered during the war. The medal is about six inches in diameter and the work on both sides is artistically and beautifully done. On one side is a representation of some of the old buildings at the University of Paris and these words in Latin: "The University of Paris holds her most loyal sister." On the other side is a picture of Justice with her sword and an inscription reading: "With book and with sword knowledge becomes the instrument of justice—1914-1919."

The medal is received as a sincere tribute to the forty-one University men who died in the war, to the more than 2,300 University students and alumni who, first and last, were in the military and naval service of the United States, and to the many different kinds of home service rendered by the University in lectures, pamphlets, bulletins, training and extension work.

Word has been received at the University from E. I. de Nemours & Co., of Wilmington, Delaware, through Dr. Chas. L. Reese, director of the chemical department, that the DuPont scholarship, which was granted to the University last year for the first time, will be continued next year. This scholarship is worth \$350 and has been held by T. M. Andrews of Chapel Hill, and D. H. Jackson of Guilford county, both students in chemistry. The DuPonts grant this scholarship to a number of universities throughout the country to encourage research work in chemistry.

In a letter to Dr. J. M. Bell, Dr. Julius Stieglitz of the University of Chicago, President of Sigma Xi, the national honorary scientific fraternity, announced that the recent St. Louis convention of the fraternity had granted a chapter to the University of North Carolina. Besides Dr. Bell, who was elected to membership at Cornell, the only member now at the University is Dr. Joseph Hyde Pratt, elected at Yale. No other university in the South has a chapter except Texas.

Sigma Xi is the scientific Phi Beta Kappa. It was founded at Cornell in 1886 and has chapters at virtually every important university in the northeastern part of the country, particularly those with strong scientific departments. Membership is based on scientific achievement, especially original investigation. It is not a secret order. Members of the faculty and graduate students are eligible for election but undergraduates are not eligible until their fourth year. The granting of a chapter to the University is regarded here as a striking tribute to its scientific departments.

LaFollette.

The Philadelphia Record.

From the North American we learn that "Senator LaFollette will try to control the Wisconsin delegates to the National Republican Convention"—an entirely probable prediction. LaFollette is a typical Republican leader. He opposed all the war measures of the Government, and was so bitterly pro-German that it was proposed to expel him from the Senate. Now he bobs up as one of the controlling forces of the Republican National Convention. Why not nominate him for President in order to corral the German vote for the G. O. P.?

A cynic asserts that if all women dressed alike, the attendance of women at church would fall off.

NOTICE

Of Special Election and of New Registration of Voters Thereof Concerning the Issue of Bonds for Road Improvements by Graham Township.

All persons are hereby notified that, pursuant to an order of the Board of Commissioners of Alamance county, made at a regular meeting held on the first Monday of January, 1920, there will be held in Graham township, Alamance county, North Carolina, on Tuesday, the 2nd day of March, 1920, a special election to decide whether there shall be issued by said township \$50,000.00 of coupon bonds which shall run for the period of fifty years, and which shall bear interest at a rate not in excess of 6 per cent per annum, payable semi-annually, and the proceeds of the sale of which shall be used for the construction of a road leading north from the town of Graham in the direction of the old Sellars Mill site and crossing Haw river to said township line, and for the purpose of building and constructing a bridge to cross said Haw river between the town of Graham and the said township line at a point to be designated by the Commissioners appointed to expend the proceeds of the sale of said bonds.

For the purpose of said election a new registration of voters is ordered. The registration books to be used at said election will be open for the registration of voters for twenty (20) days preceding said election. For the purposes of said election A. R. Henderson is appointed Registrar, and J. S. Cook and C. F. Harden are appointed judges.

Said election will be held, and in all respects as provided in Chap. 122 of the Public Laws of 1913, and the acts amendatory thereto. Said election will be held at the regular polling place for general elections in said Graham township.

By order of the Board of Commissioners of Alamance county, at a regular meeting held Monday, January 5, 1920.

B. M. ROGERS, Clerk of the Board.

Summons by Publication.

NORTH CAROLINA,

Alamance County.

In the Superior Court.

Bertha Bethell and her husband, Charlie Bethell, Jonah Moore and Guilford Moore, Petitioners,

against French Moore and Ross Moore, Respondents.

The Respondents above named will take notice that a special proceeding entitled as above has been commenced in the Superior Court of Alamance county for the sale and division of the lands of Stephen Moore, late deceased, of Alamance county, N. C., among his heirs-at-law, and said respondents will further take notice that they are required to appear at the office of the Clerk of the Superior Court of Alamance county, N. C., on the 7th day of February, 1920, at the court house in Graham, N. C., and answer or demur to the petition filed, or the petitioners will apply to the court for the relief demanded in the petition.

This 2nd of Jan., 1920.

Possibly poet Gene Field was getting over a hair tonic delusion when he wrote "My mouth and throat are furred with a fur that seemeth a buffalo hide."

WHEN YOU AND I WERE YOUNG, MAGGIE

Times change, and fortunately, we change with them. The old Roman phrased it: "Tempora Mutantur et cum illis Mutamur." Time and tide wait for no man. We have to be constantly on the job to keep up with the parade; that is what

THE FIRST NATIONAL BANK

you may take it from us, is aiming to do. Conditions are different now from what they used to be. The time was, and not a great while ago, as we reckon time, Durham had no bank, now Durham claims five or six of the State's best, strongest and most accommodating banks.

THE FIRST NATIONAL BANK'S

daily business totals from nine hundred thousand, to two million five hundred thousand dollars. Think of it!

At the January meeting of our stockholders,

THE FIRST NATIONAL BANK
will increase its capital \$200,000.00 making \$600,000.00
will increase its surplus \$150,000.00 making 400,000.00
\$1,000,000.00

THEREFORE PLEASE TAKE NOTICE, that in January

THE FIRST NATIONAL BANK

becomes a MILLION DOLLAR BANK, perhaps the only million dollar national bank in the State.

We are hunting new business. Won't you help us? We will appreciate it.

WE KNOW YOUR WANTS AND WANT YOUR BUSINESS

THE FAR-REACHING EFFECTS OF BLOOD DISORDERS

Pimples, Rash, Itching etc., the First Signs—New Form of Iron Clears the Skin and Brings Positive Benefit Quickly

It is impossible to estimate the extent to which human ills and diseases owe their origin to disordered and impure blood. Think of the various forms of Kidney ailments that have their origin in diseased blood conditions. And no one questions that Rheumatism starts in blood. So it is important to watch the blood and to begin treatment at the first signs of disorder. By taking such trouble in time and giving persistent attention, harmful results and much suffering can be avoided. Nearly everyone is familiar with the so-called blood disorders as evidenced by pimples, rash, itching, etc. It is not important whether these symptoms indicate eczema, salt rheum, scrofula, etc., but it is vitally important that the blood be given treatment to make it healthy. There should not be an instant's delay in doing this.

And the disfiguring effects produced by these blood impurities are embarrassing to the sufferer. A remedy should be used which not only drives the impurities out of the blood but which will at the same time remove every trace of pimple, rash and "breaking out."

A positive and quick treatment for these blood disorders is supplied by Acid Iron Mineral—a new form of liquid iron. Its first function is to strengthen and purify the blood by putting iron into it. Thus impurities are driven out and the blood is enriched—the whole system is strengthened—the skin is made clear and free from blemish, perfect health throughout the body is established.

Druggists will refund the purchase price of Acid Iron Mineral if it fails to give you satisfaction—it contains no alcohol or injurious drugs.

For Sale by All Good Druggists.

"The 52 Biggest Problems of the Average Southern Farmer"

EVERY member of The Progressive Farmer staff has had actual farm experience—most of us are running Southern farms now—and from our own experiences, and from the multitude of farmers' letters that come to us every year, we believe we have figured out a pretty early list of these "fifty-two biggest problems" of the average Southern farmer, and we are going to treat them in next year's Progressive Farmer.

We are going to treat them, too, in order of timeliness, just as far as possible. For the aim of The Progressive Farmer, always, is to tell the subscriber just what he wants to know, just when he wants to know it, and in as few words as possible.

Here's the list of big problems we shall treat during the fall months, and the date on which each discussion will appear:

- November 1—Financing the Farmer: (Personal and Short-term Credit; Long-term Credit for Land Purchase; Avoiding "Time-prices"; Utilizing National Farm Loan Associations, etc.)
- November 8—Systems of Farming—Affecting Soil Fertility, Money Profits, Prosperity and Permanence of Rural Life.
- November 15—Arranging and Erecting Fences; Relative Values of Different Systems, Material, etc.
- November 22—How to Reduce Land-washing to a Minimum. (Terracing, Ditching, Filling Land with Humus, Proper Use of Steep Hillsides, etc.)
- November 29—What Changes Are Needed to Insure Better Health for Men, Women and Children on the Farm?
- December 6—Winter Care and Feeding of Horses, Mules, Cattle and Hogs.
- December 13—Getting Rocks and Stumps Off the Land.
- December 20—How Farm Neighbors May Work Together for Greater Profits and Happiness.
- December 27—Business Methods on the Farm; (Inventories; Records; Accounts; Banking; Cost-keeping; Advertising; System in Correspondence and Making Sales, etc.)

The above subjects are of vital importance to you and alone are worth the price we ask, and remember The Progressive Farmer carries many other big features not mentioned above.

The Progressive Farmer
