Postoffice Hours.

On open 1.30 a. m. to 7.30 p. m. Sunday 1.30 to 11.30 a. m. and 4.30 to 6.30 p. m.

LOCAL NEWS.

The County Commissioners will meet in regular monthly session next Monday.

The moving picture show is temporarily closed on account of the prevalence of influenza.

The monthly meeting of the Graham Chapter of the United Daughters of the Confederacy has been called off for the first Thursday in February on account of the influenza epidemic.

Next Monday is February 2nd and "Ground Hog" day. It is hoped the "little animal" will not see his shadow on that day and that accordingly the days of winter will not be prolonged.

Next month, February, has five Sundays, the month coming in on Sunday and going out on Sunday. The last time that February had five Sundays was in the year 1880, forty years ago, and the next time will be in 1948, 28 years hence.

Work was commenced on Mr. Edwin D. Scott's new residence again. The foundations were laid before Christmas, but since that time there has been very little weather fit for outside work. The frame work of the house is now going up.

Thanks to the rising temperature that on yesterday cleared the sidewalks of snow and slush through and over which pedestrians had bad getting about since Monday morning. And, incidentally, the town was saved the expense of using a snow plow to clear the sidewalks.

The snow which began falling about half-past ten Sunday night was the first here this winter to cover the ground. It was about two and a half inches in depth and with it was considerable sleet. It looked like real winter. Most of it disappeared yesterday, only a little remaining in protected places.

It's just one month and eight days since the shortest day which was 9 hours and 25 minutes from sunrise to sunset. Today is longer by 54 minutes, the sun rising 18 minutes earlier and setting 30 minutes later. Just a month hence the day—February 29th—will be one hour and ten minutes longer than today.

County Supt. M. C. Terrell informed us a day or two ago that he had at last secured sufficient teachers to supply all the schools of the county. It has been no easy matter to secure all the teachers needed. Many who have heretofore taught have entered other lines of work and the employment was for longer terms and in most instances better salaries were paid. Teachers' salaries have been generally increased throughout the State, yet as a profession they are poorly paid workers.

Chautauqua Coming. A representative of the Chautauqua Association of Swarthmore, Pa., was here a few days ago and secured a sufficient number of guarantors to bring the Chautauqua to Graham next summer. The Swarthmore Association employs the best obtainable talent and Graham is fortunate to secure it. THE GLEANER will be telling about it from week to week.

Boy Kills Himself. Last Tuesday afternoon in Blacklock's store at Belmont a lad named Ned Sharpe, aged 15 years, son of Lucy Sharpe, while handling a pistol playfully put it to his head and pulled the trigger. He fell to the floor and died in 10 minutes. Sad and sorrowful.

Died. Ressie E. Johnson died here Tuesday, aged 25 years. He worked at the Traversa Mills and while in New York Mrs. Ward became sick with flu. Dr. Barefoot was telegraphed for Sunday, but could not go. A dispatch today stated she was better and sitting up.

Graded School Suspends on Account of Flu. The Graded School did not open Tuesday on account of the prevalence of influenza. The suspension will depend on the continuance of the malady and its severity among the children. It is hoped the interruption will be short-lived, but it is well that the step was taken in order to check the spread of the disease and to help stamp it out.

Two professional nurses have been secured and a number of the young women of the town are helping to nurse the sick. Many of the ladies are preparing suitable nourishment at their homes and sending it to the sick. The people are doing what they can to minister to the sick.

NOTE—Friday: Mrs. Wm. P. Smith died last night about 12 o'clock from pneumonia following influenza. The burial will be in Linwood Cemetery at 2 o'clock Saturday.

Mrs. R. Fletcher Williams Dead. After an illness of about ten days Mrs. Fletcher Williams died at her home in Burlington Tuesday afternoon about 5 o'clock of pneumonia. Her death was a shock to her family and friends. She was Miss Queen Spoon before marriage and a sister of R. L. and S. F. Spoon of Burlington. She was a very excellent woman and active in church work. She was 52 years of age and is survived by her husband, two sons and two daughters.

Henderson, Mr. and Mrs. Allen B. Thompson, Mr. and Mrs. Lynn B. Williamson, Misses Marce Goley and Irma K. Coble and Prof. M. C. Terrell. The press and those who heard her were lavish in their praise of her.

Glad to Try Anything. "Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to get worried about my condition and I was glad to try anything which would relieve me. Peruna was recommended to me as a fine blood remedy and tonic, and soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peruna. I am glad to endorse it." Sold Everywhere.

Court Notes. A large number of cases were set on the calendar for hearing at the court last week. While a large number of them were continued for one reason or another, in all about 60 cases were tried, settled or non-suited—a pretty good week's work.

Of the 21 divorce cases for trial divorces were granted in the following: Oakwell M. Gates vs. Sadie Johnston Gates, Ella Leonard vs. John R. Leonard, Clara Paschal vs. J. D. Paschal, Audrey Lassiter vs. Talmadge Lassiter, Nora Vickers vs. A. C. Vickers, Minnie Atkins McKinney vs. Charlie McKinney, Ida Clapp Sears vs. A. H. Sears, Sarah McCallum vs. Nathan McCallum.

N. S. Cardwell was given a verdict against W. H. Garrison et al. for \$1,532.95 and defendants gave notice of appeal to the Supreme Court.

R. S. Barber lost out in a suit against A. Woolf, verifying the adage: "The shearer was shorn."

In J. D. Hunt vs. W. S. Crawford, both of Mebane, the former was given a verdict for \$450.

Fixing Home for Graham Real Estate Co. The store room in the National Bank of Alamance building is being converted into a home for the Graham Real Estate Co. It is next door to the bank. It will be easy of access and very convenient for all who have business with it.

First School Apportionment from State. The first apportionment from the State school fund, amounting to \$12,000.00, has been received. Under the new school law there is a State school tax of 32 cents levied in all counties. From this fund each county is apportioned a sum sufficient to pay the salaries of all teachers, city and rural, for a term of three months, based on the State schedule of salaries, and one-half the salary of the County Superintendent and one-third the salaries of all city superintendents. Under this 32 cents tax Alamance will pay to the State a little over forty-four thousand and will receive approximately forty-six thousand. This, however, does not mean that Alamance is a pauper county, far from it; but it means that she is paying, in most cases, that maximum salary that the State will apportion. Practically all of the school districts are supplementing the teachers' salaries by local tax or private subscription.

Under the leadership of State Chairman George E. Bellamy, North Carolina will conduct its campaign for the adoption of 3,334 orphans in the Near East. \$60,000 will provide for one orphan for one year. Practically every county in the State has been systematically organized for the campaign and indications now point to a successful drive in every county. Some have already raised their quotas, others are prepared to adopt all their orphans during the first week.

Equip Your Small Car With Goodyear Tires. If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3, 30x3 1/2, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires. You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day. You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes. Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes.
