Entertains in Honor of Prospective Bride.

One of the most brilliant affairs of Graham was that given on Saturday afternoon from 3:30 to 6 o'clock by Miss Blanche Scott, in honor of Miss Ethel Williamson of Greensboro, whose marriage to R. C. Kelley, prominent lawyer of that city, takes place on April 28.

For this occasion the home was decorated lavishly with carnations, wisteria and other flowers, the colors of pink and white predominating throughout, and the refreshments also carrying out this color scheme.

In the receiving line were Miss Scott, Misses Ethel and Donna Williamson of Greensboro, and Mrs. J. Mel. Thompson of Mebane, a sister of the hostess.

Seven tables had been attractively placed for bridge, and upon arrival of the guests they were given beautiful little score cards, these being decorated with a bride and groom.

After the games a silver tray filled with dainty packages was brought in and given the honor guest, and all repaired to the drawing room, where Miss Williamson opened her shower-packages. These gifts were many and very handsome, one especially attracting attention was that given by the hostess. This was a handsome piece of lingerie.

In the dining room elaborate refreshments were served, consisting of a salad course with accessories and pink ices with cakes.

Among the guests were Mrs. Manley Baker, Misses Jessamine and Corinna Gant, Mrs. Roger Gant, Mrs. L. S. Holt, Jr., Mrs. Ben Lawson, Miss Augusta Freeman and Miss Minnie Williamson of Burlington.

Higher prices for vegetables are predicted—more reason for using a hoe in the backyard garden.

Building up the dairy industry is more than a matter of good cows and profits—plenty of milk means healthier children.

Remodeling School Building.

Last year plans and specifications and an estimate of the cost were made for remodeling and enlarging Graham Graded School building. Since that time \$50,000 in bonds have been voted to provide the necessary funds for the work and to build a suitable building for taking care of the colored children. Lately the School Trustees have been endeavoring to get estimates on the proposed improvements and to have a time named when the work would be completed. What they have been able to get is not altogether encouraging. They can get an estimate for the construction but no assurance as to the time when the work would be completed and ready for use. At this time the estimated cost is almost twice as much as when the plans and estimates were first furnished the Board. This condition has created a doubt in the mind of the board as to the wisdom of proceeding at this time. If the present building should be partially torn down and improvements not completed in time for the opening of the fall term, it might mean that there would be little or no school next year.

The Board is desirous of the school going on without interruption, but feels that the present building in its present shape is insufficient for the needs of the children entitled to attend. No final decision has yet been reached, but whether the remodeling is undertaken now or not, some provision will have to be made for the increasing attendance.

Card of Thanks.

I desire to thank the kind friends and neighbors for every help in word or deed during the last illness and death of my husband, Mr. Geo. W. Councilman. May heaven's blessings be the portion of each.

Sincerely,
MRS. DORA COUNCILMAN.

OH MY STOMACH

"I had stomach trouble so badly that nothing I ate would digest as it should," said Sadie E. Hamilton, Portland, Me., as she began a remarkable story of the relief she has secured from Argo-Phosphate, the new reconstructive, stomach tonic and system purifier.

"Everything that I ate would lie in my stomach like a lump," she explained. "Gas would form and I would suffer distress all the time. I got so I could hardly keep anything down. Trying to get relief, I had my stomach pumped out, but even this did not help me as I continued just as bad.

"I kept hearing so much about Argo-Phosphate that I thought maybe it might help me and I decided to try it. I have taken two bottles and to my surprise I am already feeling fine. I can eat anything and I am not troubled at all.

"I am completely rid of my old stomach trouble that I had for three years. I have not felt so well for years and I am certainly glad to endorse Argo-Phosphate because I want others to be helped by this wonderful medicine."

"The spirit of wanting to help others is what makes suffering men and women give these splendid public endorsements of Argo-Phosphate," said a local druggist. Dispensed by Hayes Drug Co.

DISCARDED AS DANGEROUS

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

Take "Dodson's Liver Tone" Instead!

If you feel bilious, headache, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe for give to children; they like it.

"RESULTS MORE THAN CLAIMED"

So testifies Mr. J. F. ARENDT, Box 44, Romig, Texas

PE-RU-NA
THE REMEDY FOR EVERYDAY ILLS

"I have used Pe-ru-na for years in cases of colds and catarrh. The results have been good, in fact, more than you claimed. Have also taken Lacupia and can easily say it is one of the best blood purifiers I have ever used."

Mr. J. F. Arendt

For Catarrh and Catarrhal Conditions

The evidence of one man like Mr. Arendt is more convincing proof to you of the merits of Pe-ru-na than any written words of ours. For fifty years Pe-ru-na has been the standby of the American family for diseases due to catarrhal inflammation of the mucous membranes lining the organs of the body. Thousands, like Mr. Arendt, have proved the effectiveness of Pe-ru-na for coughs, colds, nasal catarrh, stomach, bowel and liver disorders or any disease characterized by a catarrhal condition. If your suffering is the result of a catarrhal disorder try Pe-ru-na. It is a true, tried medicine.
