A lot of employee barbers in Durham have struck for higher wages, purposing, of course, to clip the wool a little closer and shave to the "quick" or "under the skin."

When gamblers strike for more pay, as they did a few days ago in a Western town, it is time for people who do honest work to "sit up and take notice."

Dr. Chase Inaugurated President of the University.

Cor. of The Gleaner.

Chapel Hill, N. C., April 28.—In the presence of a large crowd of distinguished educators and public officials, Dr. Harry Woodburn Chase was today inaugurated president of the University of North Carolina, the oldest State university in the United States. Among the visitors were more than 100 representatives of colleges and learned societies, including more than 30 college presidents.

President A. Lawrence Lowell of Harvard, President John G. Hibben of Princeton, Dr. Charles R. Mann, head of the War Department's educational system, President Potent of Wake Forest, State Superintendent of Public Instruction E. C. Brooks, W. N. Evered of Roekingkam, Dr. Archibald Henderson of the University faculty, and others took part in the inaugural exercises, which were presided over by Governor T. W. Bickett. Chief Justice Walter Clark of the Supreme Court of North Carolina administered the oath of office to President Chase, and Bishop Joseph B. Cheshire delivered the invocation and pronounced the benediction.

At a dinner tonight Secretary of the Navy Josephus Daniels acted as toastmaster. Greetings were extended to President Chase and to the University from representatives from many other institutions, including George H. Moses, representing Dartmouth College, where President Chase was an undergraduate student; Chancellor S. B. McCormick of the University of Pittsburgh; President Charles W. Dabney of Cincinnati; President H. L. Smith of Washington and Lee; President E. C. Lovett of Rice Institute; President Emile McVea of Sweet Briar; Prof. Annie S. Young of Mount Holyoke; George Herbert Locke of the University of Toronto, and others.

More than a thousand persons were in the academic procession which marched across the campus to Memorial Hall where the exercises were held. Included in the procession were the students, faculty, alumni, and trustees of the University, the county and city superintendents of education of North Carolina, members of the North Carolina legislature, the Council of State and other State officers, justices of the North Carolina Supreme Court, members of the faculties of other North Carolina colleges, and the delegates from colleges, universities, learned societies, and educational boards.

President Chase's inaugural address on the "State University and the New South" was an analysis of how a State University could help in the upbuilding of the new South through the material prosperity of the present day. "To transform industry into something more than a method of making a living or of accumulating wealth, to make of it a great

MORE RED BLOOD CELLS NEEDED

Take Pepto-Mangan, Famous Tonic, and say "Let's Go," instead of "Let's Don't"

When normally healthy, ambitious people begin to lack energy and tire easily—when they are quickly discouraged and low in vitality, it usually means their blood has grown weak. Such people are called anemic, or "run-down." Build up the blood and you build up the health and spirits. Pepto-Mangan is a pleasant-tasting red blood builder and it contains exactly the elements which poor, pale blood needs to become rich, red blood. Red blood means rosy cheeks, bright eyes, a clear brain, a firm step. Pepto-Mangan has placed thousands of people who needed building up in the full-blooded, energetic, vigorous class. It changes the "let's don't" attitude to a "let's go" attitude. Recommended by physicians for thirty years and sold all over the world.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients. Buy Pepto-Mangan at your drugist's. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. adv

instrument for achieving the ideals and aspirations of democracy itself—this is to write a chapter in southern history that the whole world will read," said President Chase.

HIGH SCHOOL RATING.

State Inspector Tells Supt. Terrell Certain Schools in Alamance After This Year Will Not Be Rated as State High Schools.

Graham, N. C., April 27, 1920. I received the letter which is given below after having had some difficulty in getting three of our rural schools ranked as State high schools. The policy of the State is to favor consolidation of the small schools so that creditable high school work can be done. Since receiving this letter, I have had a conference with the State High School Inspector, and he indicated that the schools referred to in this letter will be permitted to continue as high schools for one more year until they have had an opportunity to secure more pupils and additional teachers. This letter, of course, is personal, and not an official ruling of the State High School Inspector, but it does indicate the policy which will be put in force. So, if we wish to give our boys and girls the advantage of real high school education, we must work out plans for consolidation in the different townships.

March 10, 1920.
 Supt. M. C. Terrell,
 Graham, N. C.

Dear Sir:—Referring to the matter to which you called my attention when I was with you last week, I beg to say that since the average daily attendance at High School, according to Principal's figures, is twenty-two, this school will be rated as a high school this year only. My judgment is against rating as a high school any school with only three teachers, one person giving time to high school work. For example, Mr. _____ is trying to give three years of high school work. Very clearly that is more than one person ought to attempt and I do not hesitate to say that I shall discourage any attempt to do this sort of thing in the future. I am mentioning it now in order that the people may know what to expect when the question comes up later on as it very likely will. My judgment is that it would be very much better for these schools to concentrate upon the work in the elementary grades and send their high school pupils to some well organized high school.

Upon your statement that High School has an average daily attendance of twenty-five or more, I am rating this as a high school for this year, but under similar circumstances this school will not be so rated for the next year.

With all good wishes, I am,
 Very truly yours,
 J. HENRY HIGGINS,
 State High School Inspector.

FOR THE LEGISLATURE.

To the Voters of Alamance County: I hereby announce myself a candidate for Representative in the General Assembly, subject to the action of the Democratic party in Alamance county.

Mrs. R. D. Patterson of Liberty died in a Greensboro hospital Saturday. She never recovered consciousness after an operation. Funeral services in Liberty Sunday. She leaves a husband, two sons, mother, one brother and one sister.

So much rain this spring makes things look a little gloomy to the farmer, but he is not complaining. He is still having plenty of the necessities of life, but not much to spare to the city people. He don't know nor care about the things city people call luxuries, so the H. C. L. don't worry him. What he needs most is work on the public roads or exemption from road taxes and let him manage the road problem.

Proposal for Building a Sanitary Sewer System for Graham, North Carolina.

Sealed proposals for furnishing material and constructing a sanitary sewer system for the town of Graham, N. C., will be received by the Mayor and Commissioners at the City Hall, until 2 p. m. of the 20th day of May, 1920.

The work will consist of 13.8 miles of 8, 10, 12, 15 and 18 inch vitrified pipe, with manholes, flushbanks and appurtenances, together with two sewage pumping stations with 0.6 miles of 4 and 6 inch cast iron pipe.

Each proposal must be accompanied by a certified check, payable to the Town of Graham, N. C., to an amount equal to 5 per cent. of the bid as a guarantee that the contract will be entered into if awarded. A bond of fifty (50 per cent.) percent of the contract price will be required. Payments will be made in monthly estimates.

Plans and specifications are on file in the office of Norcross & Keis, Engineers, 1625 Candler Building, Atlanta, Ga., and with the Town Clerk at Graham, N. C.

Bidders may obtain copies from the Engineers by enclosing check for Twenty-five (\$25.00) Dollars, payable to the Engineer, and to be held by them until the return of Plans and Specifications. If blue prints are desired they may be had at the cost of printing. The City reserves the right to reject any and all bids.

ANNOUNCEMENT.

To the Democrats of Alamance County: I announce that I am and will be a candidate for the nomination for Senator from this Senatorial District. "My many friends" have not been to me and urged me to become a candidate. I have the desire to succeed myself.

I am deeply grateful for the support I have received in the past. I have represented Alamance county in the Legislature of 1911 and 1913 and in the Senate in 1917. I shall do my best in the future.

Truly yours,
 J. ELMER LONG.
