EX-GOV. GLENN DEAD.

On last Sunday night Ex-Gov. Robert B. Glenn died suddenly of heart failure in his hotel at Winnipeg, Canada.

A price-cutting campaign is on in the West. It would do little harm for it to spread all over the country and to touch about everything that is for sale.

Admiral Sims has about nauseated the whole country. It's a wonder the sight of it does not turn his own stomach.

Southwest Alamance.

Mrs. G. A. Foster of Liberty died at her home on May 1st, in the infirmary in the cemetery of the 2nd. She had been a great sufferer for a long time, and the end was not unexpected.

Farmers are late with their spring planting. Fertilizer being scarce will mean shorter crops.

Burlington-Graham C. E. Mass Meeting Monday Night—Plans for Pleasure of Societies.

The regular mass-meeting of the Burlington-Graham C. E. Union was held in the Providence church at Graham Monday night, May 17th, at 8:00 o'clock.

Our Union is planning to have a joint meeting of the societies of the Union on Sunday afternoon, June 20th, to discuss together the topic for that date, "Honesty in Word and Deed," to which the public is cordially invited.

The judges awarded the banner to the Piedmont Society for the highest percentage made in C. E. work.

Mr. Lawrence C. Little, All-South Field Secretary of the C. E. movement, will make an address at the M. P. Church, Burlington, on the night of June 10th, to which everyone is cordially invited.

RESULTS TELL

There Can Be No Doubt About the Results in Graham

Results tell the tale. All doubt is removed. The testimony of a Graham citizen can be easily investigated. What better proof can be had? J. N. H. Clendenin, retired farmer, S. Main St., says: "Some years ago I was bothered a great deal by weak kidneys. I had little control over the kidney secretions and had to get up a lot of nights. My back was so sore and lame, I could hardly straighten. In the morning I was so lame I could hardly get out of bed. I read so much about Doan's Kidney Pills that I got a supply at the Graham Drug Co. and began taking them. A few doses relieved the pain in my back and one box cured me. I can now go to bed, sleep well and my back is strong."

The Consolidation of Rural Schools.

Trucks to Haul Children—One County Expects to Use Sixty.

COURSE STUDY FOR WOMEN'S CLUBS—OTHER ITEMS.

Chapel Hill, N. C., May 18.—The vital facts on the consolidation of rural schools, which has attracted wide-spread interest in the State, are presented in the latest publication of the bureau of extension at the University of North Carolina by Dr. Edgar W. Knight, professor of rural education at the University.

Dr. Knight shows that, though rural schools have improved notably in the past ten years, rural schools have not shown a corresponding improvement and that country children in North Carolina are not obtaining the educational advantages city children are. An 80 per cent of the State population is rural, the great proportion of children are severely handicapped in their schooling by having poorer paid and poorer trained teachers, poorer equipment, less time, cruder facilities of every kind.

He sees the solution in the consolidation of small schools into larger, better equipped schools with provision to transport children from distant places in trucks. Several one-room schools ought to be consolidated into a large school with different teachers for different grades, he argues. The plan has been tried with success in Anson, Buncombe, Craven, Edgecombe, Granville, Halifax, Orange, Pamlico, Wake, and Wilson counties.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer you the hundred dollar guarantee. If it fails to cure, send for circulars and testimonials. Sold by F. J. CHENEY & CO., Toledo, Ohio. Take Hall's Family Pills for constipation.

Too many terraces are better than too few—if too far apart the soil washes away.

Resolutions in Memory of Deceased Confederate Soldiers.

Be it resolved by the members of Camp Ruffin Camp Confederate Veterans: That, Whereas, The passing days are continually calling from us to the Great Camp Ground of the Beyond; and Whereas, Recently the Great Captain has called our comrades Henry Hall, W. M. Troxler, H. J. Hall, J. B. Summers, W. H. Robertson, Nathan Nelson, J. E. Covington, Dave McPherson, J. M. Fogleman, Julian Fortner, Milton Bonn, Tom Malone, W. L. Saul, Jesse Boggs; and Whereas, We recognize that as the ranks are depleted here, they are filled Over Yonder, and that our comrades who have gone are but answering the roll call in a better land; therefore, be it Resolved, That while we miss our comrades, we would not call them back, for we recognize that after life's great fight, in which they were brave and true soldiers, they are quietly sleeping in their earthen tent awaiting the reveille call to a great reunion.

That we extend to the loved ones they left, sympathy for their death and congratulations for their life. That a copy of these resolutions be spread upon the records of this Camp, and that copies be furnished to the county papers for publication. W. A. HALL, Adjutant Camp Ruffin.

\$24,000,000 More.

The families of 2,784 North Carolina soldiers, sailors, and marines, killed or disabled in the Great War, are now being paid \$24,322,160 in war risk insurance claims by Uncle Sam, according to advices from Washington. This, by the way, is a larger total than the value of all the school property of every sort whatsoever in North Carolina. The average policy carried by these 2,784 men was \$8,740. Our disabled soldiers, as well as the widows and children and dependent parents of those who have died, are being made comfortable by the government.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Says nothing like plain Argo-Phosphate to put on firm, solid stay there flesh and muscle and increase strength, vim, vigor and nerve force.

Physicians claim there is nothing that adds weight, strength and endurance like organic phosphate commonly known by druggists as argo-phosphate. It is inexpensive and is sold by all leading druggists everywhere under a guarantee to give satisfaction or money refunded. Weakness and thinness are usually due to starved nervous condition. Our bodies need more phosphates than are contained in the foods we eat. If you wish a more rounded figure and plump well developed arms, neck and bust in place of hollows you should simply take plain argo-phosphate, as it builds up and restores run-down nervous conditions by phosphatizing the system. It transforms the appearance and an increase in weight is often times quickly produced. The increase in weight also aids in improving the general health. Sleeplessness, nervousness, lack of energy and ambition quickly disappear. Pale cheeks are changed to rosy ones and dull eyes become bright.

These are valuable tracts of land not far from the city of Burlington, and formerly constituted a part of the Sellers Mill tract. Further information will be supplied by the undersigned. This 29th day of April, 1920. J. DOLPH LONG, Commissioner.

YOU can view the world's situation to-day through Seeing Eyes if you hear

DR. WILLIAM T. ELLIS in his lecture at CHAUTAUQUA "The Big Thing that has Happened in the World"

Don't you think that a man who has been through the submarine zone five times; who has worked on six battle fronts; who has traveled 20,000 miles in Revolutionary Russia; who has interviewed the Sultan of Turkey; who has seen the Kaiser; who has traveled through all the countries of the Near East; and who has interviewed the rank and file, and leaders of the people, and hundreds of Americans in those countries as well, should be able to tell an interesting story of what has happened in the world? Dr. William T. Ellis has done all the said more. For you to see him would be for you to forget an unusual opportunity.

A Billion Dollar State.

News and Observer.

In the current issue of the News Letter, published by the Extension Bureau at the University, there appears, under the head of A Billion Dollar State, some very encouraging figures relating to the value of North Carolina products. The total value of the crops, farm animals and products of 1919 and the manufactured products of 1914 (statistics as to later years not being available) was \$1,072,000,000. The figures of the 1919 census of manufactures, which have not yet been made public, will probably bring the total up to considerably nearer two billion dollars, as our manufacturing products have enormously increased in the last five years. And we are even richer than we seem, because the \$1,072,000,000 given above does not include the value of our lumber, fisheries, cottonseed, or the output of our mines and quarries.

Such a record means that North Carolina is at present in the greatest period of prosperity which the State has ever experienced, and that our wealth is increasing yearly, for the years from 1914 have been marked by very rapid gains. The News Letter says: We are now producing greater wealth in one year than we have been willing to put on our tax books in two hundred and fifty years—more by a hundred million dollars.

This rapidly increasing wealth should insure the possibility of larger expenditures for such public improvements as good roads, education, and health. We are unquestionably prosperous; whether or not we are progressive as well depends upon the use we make of our money.

ANNOUNCEMENT.

To the Democrats of Alamance County: I announce that I am and will be a candidate for the nomination for Senator from this Senatorial District. "My many friends" have not been to me and urged me to become a candidate. I have the desire to succeed myself. I am deeply grateful for the support I have received in the past. I have represented Alamance county in the Legislature of 1911 and 1913 and in the Senate in 1917. I shall do my best in the future. Truly yours, J. ELMER LONG.

FOR THE LEGISLATURE. To the Voters of Alamance County: I hereby announce myself a candidate for Representative in the General Assembly, subject to the action of the Democratic party in Alamance county. Very respectfully, W. E. HAY.

The agricultural population, says Cato, produces the bravest men, valiant soldiers, and a class of citizens the least given of all to evil designs.

Sharon community in Mecklenburg county has no postoffice, but it does have a community house where the neighbors meet regularly. You may feed it dry or in a slop, fermented or unfermented, cooked or raw, but you will never get maximum results from a half ration for your dogs.
