

## THE GLEANER

ISSUED EVERY THURSDAY.

J. D. KERNODLE, Editor.

\$1.00 A YEAR, IN ADVANCE.

The editor will not be responsible for views expressed by correspondents.

Entered at the Postoffice at Graham, N. C., as second class matter.

GRAHAM, N. C., May '21920

O. Max Gardner, democratic candidate for the nomination for Governor, will speak at Burlington Saturday night.

Flume will be a great town if it grows in population as rapidly as it has grown in fame.

"Everybody feeds a fat hog," says a proverb. Possibly that explains why the profiteers fare so well.

The Japanese have stopped the advance of the Bolsheviks. Now who will stop the advance of the Japs?

Friday the thirteenth is not the only unlucky date. There's Tuesday the second coming along next November.

Sir Oliver Lodge urges unity of the Anglo-Saxons. He will help some if he will tell us who are the Anglo-Saxons.

No graduate of this year from Vassar will teach school. Their education must have been exceedingly practical.

In some particulars our air service may lag behind that of other nations, but no nation has a more efficient quality of air.

The announcement of counterfeits fifty dollar bills is not causing any member of the paragraphers' union to worry.

Slim Simpkins says so far this year he has not been troubled with spring fever. There has not yet been any spring weather.

The Modern Language Association has abandoned simplified spelling, but the great American schoolboy remains loyal.

An armed force of 50,000 Armenians would deliver a wonderful surprise to ill-informed Turkish assassination parties.

Profiteers are entitled to no credit for the industrious manner in which they try to relieve one another of ill-gotten gains.

This is an unlucky hemisphere. Volcanoes in South America, cyclones in the United States, and a Presidential election in Mexico.

Bud Dunkins says his only objection to daylight-saving is that you're liable to start an argument merely by asking what time it is.

A Paris princess announces that she has bought 500 drops of a new perfume for \$5 a drop. And yet some people are amazed at the growth of Bolshevism.

Railway trainmen demand that time spent in going to and from work be considered as part of their work day. Why not include also the time they are asleep?

Mexican oil poured on Mexico's troubled waters only make matters worse. In fact, if there were no Mexican oil, there might not be any Mexican troubles.

France is opposed to allowing Germany to increase her standing army. France is afraid a big German standing army might get tired of standing in Germany.

"The worm turns," says the Detroit Free-Press, discussing the public revolt against high prices for clothes. But, as a matter of fact, what does the average worm gain by turning?

The "Value of Mineral and Medicinal Mixtures for Hogs" is the long title of a short bulletin just issued by the State Department of Agriculture at Raleigh. Send a postal if interested.

FOR THE LEGISLATURE.

To the Voters of Alamance County:

I hereby announce myself a candidate for Representative in the General Assembly, subject to the action of the Democratic party in Alamance county.

Very respectfully,

W. E. HAY.

ANNOUNCEMENT.

To the Democrats of Alamance County:

I announce that I am and will be a candidate for the nomination for Senator from this Senatorial District. "My many friends" have not been to me and urged me to become a candidate. I have the desire to succeed myself.

I am deeply grateful for the support I have received in the past. I have represented Alamance county in the Legislature of 1911 and 1913 and in the Senate in 1917. I shall do my best in the future.

Truly yours,

J. ELMER LONG.

March 22, 1920.

Prompt treatment of a slight attack of Diphtheria will often prevent a serious sickness. The best known Remedy is Dr. SETH ARNOLD'S BALSAM. Warrented by Farrell-Hayes Drug Co., Graham, N. C.

If your property is advertised for sale for town taxes, don't blame the tax collector.

BOYD R. THOLINGE,

Tax Collector.

Break your Cold or LaGrippe with few doses of 666

## RATHER STRENUOUS MOVE PROJECTED

CORPORATION COMMISSION OF NORTH CAROLINA IN DANGER OF ABOLISHMENT.

### IS NEGLIGENT AND DILATORY

Shippers Will Ask for the Creation of Office of Tax Commission Carrying Salary of \$12,000.

Raleigh. A movement to abolish the corporation commission of North Carolina is on foot and will be carried to the special session of the legislature meeting in July it was said here by Representatives of the North Carolina Shippers' Association. The commission, it is charged, has been both negligent and dilatory in its prosecution of suits for removing the discriminatory freight rates in North Carolina in lieu of the commission whose powers are practically wiped out by the new railroad law it is said that the shippers will ask for the creation of the office of a tax commissioner with a salary paying \$12,000 a year. Announcement has been made by Admiral Benson, chairman of the shipping board, that a separate district has been created for the five South Atlantic ports with headquarters at Savannah. News of the creation of the new district came to Representative Overstreet of Georgia. Admiral Benson did not indicate when the new arrangement is effective. It is understood that a deputy commissioner will be placed in charge of the South Atlantic ports, which have heretofore been in a district with Norfolk.

Important Decision Rendered. An important opinion handed down by the North Carolina supreme court that reversing the Robeson county superior court in the case of McAllister against the American Railway Express company.

This case is of general importance, not only in this state but throughout the country, as it involves the liability of the American Railway Express company for the debts of the Southern Express company which joined with the other express companies, that is, Adams Express, Wells Fargo American Express companies in forming the American Railway Express company.

The plaintiff sued for \$20, the value of certain paint he had shipped over the Southern Express company line to Hendersonville which was never delivered, and also for the penalty of \$50 given by state for not paying the bill for the paint.

The superior court decided in favor of the plaintiff and its judgment is reversed by the supreme court, Justice Walker writing the opinion, which held that the American Railway Express company is not liable for the debts and torts of the Southern Express company.

Road Contracts Awarded. State Highway Commissioner Frank Page, has announced the awarding of contracts for road work in Burke, McDowell, Jackson and Mitchell counties aggregating \$475,000.

The contracts call for the completion of the following projects: No. 44, 15 miles of gravel highway in Burke and McDowell counties and hard surfaced highways in the towns of Marion and Old Fort, to J. A. Kries and company, of Knoxville, Tenn.

No. 70, five and eight-tenths of gravel road between Galsam and Sylva, in Jackson county, to Wright and Nave, of Anderson, S. C.

No. 84, six miles of bituminous macadam, in Mitchell county, to the Gibson Construction company, of Knoxville, Tenn.

Gardner Denies Charge. Lieut. Governor O. Max Gardner, candidate for the democratic gubernatorial nomination, issued a statement here emphatically denying a charge made by J. F. Barrett, labor leader, to the effect that Mr. Gardner called at his (Barrett's) office and asked Barrett for his support.

Beginning of Lower Prices. Three weeks ago the State Highway Commission offered three construction projects to contractors in this state, and received no bids. Tentative prices named for the work were deemed out of reason. Recently the commission offered three projects to contractors at prices about 20 per cent under the tentative prices three weeks ago.

State Highway Commissioner Frank Page said that he regarded the results of the bidding as "the beginning of a definite end towards lower prices."

New Charters and Commissions. Academy Shop Mfg. Co., Troyman, to manufacture sewing machinery, with an authorized capital stock of \$125,000 and \$35,100 paid in.

Western Carolina Transportation Co., Cadler, baggage and passenger transfer, with an authorized and paid in capital of \$10,000.

Sandhills Construction Co., Pinehurst, with an authorized capital stock of \$100,000 and \$10,000 paid in.

Chapman Insurance and Real Estate Co., Durham, with an authorized capital stock of \$100,000 and \$300 paid in.

Population of Raleigh 24,418.

Washington, (Special).—The population of Raleigh, N. C., is 24,418, according to the census bureau. This represents an increase of 5,500 in ten years or 27.1 per cent.

Dr. J. M. Cranford has been appointed pension surgeon at Asheville on recommendation of Representative Weaver.

President W. L. Poteat of Wake Forest college was a speaker at the University club at a meeting sponsored by the American Sociological congress.

Sensors Simmons and Overman announced that the following special representatives for the census bureau had been appointed:

Dr. W. A. Leslie of Morganton; W. F. Bogart of Greensboro; E. B. Jones of Hickory and Brevard Nixon of Charlotte.

More than two thousand North Carolina Baptists, including some of the most prominent in the state were

here attending the Southern Baptist convention. Hotels, boarding houses and private homes all overflowed with delegates and visitors and the committee on entertainment had great difficulty in finding places for the thousands who journeyed to the national capital for the great event.

Among those taking active part in the convention were Dr. Livingston Johnson of Raleigh; Dr. Archibald Johnson of Thomasville; Cary Hunter of Raleigh; J. J. Hurt of Wilmington and many others.

### Anti-Typhoid Campaign

Dr. F. M. Register, state epidemiologist announced that the anti-typhoid campaign in counties with no whole-time health officers will start June 24. These counties number 80 out of the total 100 in the state. The board of health will undertake work in 20 counties at first. Five have already signed up, being Mecklenburg, Gaston, Alamance, Franklin and Perquimans. These counties must bear half the expense. In counties that have whole-time health officers, of which Wake is one, the crusade against typhoid will start next week.

Dr. Register says the object of the board of health will be to have 100,000 North Carolinians vaccinated against typhoid fever this spring and summer, believing this will further reduce the prevalence of the disease.

Dr. C. A. Shore, of the state laboratory of hygiene, reports that the number of mad dog heads coming to the laboratory for examination for rabies has been abnormal recently.

### Success With Sweet Potatoes.

Agricultural Extension Service, Raleigh.

Sweet potatoes thrive on a moderately fertile sandy loam which does not contain an excess of organic matter. An excessive amount of organic matter will frequently produce an abundant growth of vines at the expense of roots.

As a rule, the same piece of ground should not be used for sweet potato culture two years in succession. Plant sweet potatoes in rotation with other staple farm crops—this is one of the key-notes of success. They yield a fair crop on the so-called "worn out" tobacco and cotton lands and are especially valuable for use in a rotation with these crops.

The usual depth of plowing in preparing land for corn will prove satisfactory for sweet potatoes. Local conditions will determine whether the high ridge, low ridge or level surface method of culture is used. Many growers secure splendid results by using a comparatively high ridge.

If planted on ridges, it is best to make the ridges at least ten days before planting to give the soil an opportunity to become settled. A common method of making the ridges consists in marking the rows with a middle breaker or row marker and then by means of a turning plow to throw two furrows into the row. Certain types of ridge riding attachments for riding cultivators can be used to an advantage in making the ridges.

The general practice in this State is to apply the fertilizer where the ridge is to be made with a 1-row distributor and then to make the ridge over the fertilizer. Heavy applications of fertilizer at planting time have been known to kill the plants and for this reason it is advisable to distribute the fertilizer at least ten days before planting.

A fertilizer formula cannot be recommended that will have general application. Every grower should make a study of the requirements of his soil and apply the fertilizer that will give the best results. A complete fertilizer should be used, the quantity depending entirely on local conditions.

There is more Ostarrah in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For ten years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven that it is a constitutional disease, and therefore requires constitutional treatment.

Dr. J. C. HENRY & CO., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in dose from 10 drops to a teaspoonful. It acts directly on the blood and cleanses the system of all impurities. One hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: J. C. HENRY & CO., Toledo, Ohio. Sold by Druggists. See also Halls Family Pills for constipation.

The man who sued a western paper for \$2,500,000 evidently doesn't know much about the price of paper.

### A MERCILESS JUDGE

One Who Shows no Favor

A merciless judge is Father Time. Before him the weak and the waning go to the wall. Only the truth can stand. For years the following statement from a Graham resident has withstood the sternest of all tests.

Mrs. R. C. Phillips, Guthrie St., gave the following statement in December, 1907: "I suffered a great deal from kidney trouble for several years, says Mrs. Phillips. I was very nervous at times, felt weak and my sight seemed blurred. I began using Doan's Kidney Pills and was soon feeling better. I have gained steadily since taking this remedy."

On July 11, 1912, Mrs. Phillips added, "Doan's Kidney Pills have done me a world of good in relieving the pains in my back and regulating my kidneys. I would not be without a box of this remedy on hand."

Price 60c at all dealers. Don't simply test for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Phillips had. Foster-McLure Co., Buffalo, N. Y.

## REPORT CONTAGIOUS DISEASES.

Failing to do so Indictable Offense—Several Prosecutions.

Raleigh, May 22.—Failure to comply with the State laws for the reporting of contagious diseases and vital statistics caused several prosecutions by the State Board of Health during the week, with convictions in local courts.

Rastus Butler, a white citizen of Sampson county, failed to report a case of whooping cough in his family. He had no physician. The child suffering with whooping cough was taken to a public funeral and later the disease developed among the children of four other families who were present. Twenty cases are charged to contract with this child. Mr. Butler was fined five dollars and costs.

T. M. Ferrell, Jr., local undertaker in Sampson county, was fined five dollars and costs for having buried a body without obtaining death certificate.

An additional inspector for the State health department will be placed in the field the first of June and the effort to strictly enforce the laws with regard to promptly reporting contagious diseases, and proper compliance with the vital statistics law will be intensified.

## BEAUTY IS REFLECTED HEALTH

"Good-Looking" Means the Opposite of Sick-Looking

IT'S A MATTER OF RED BLOOD CELLS

Pepto-Mangan Makes Rich, Red Blood—Builds Up People Who Lack Vitality

If your body is sound and your blood is rich and red, your acts and thoughts will be quick and strong.

Let your blood get weak, and your food won't nourish you nor your sleep refresh you.

Too much hard work, an illness, or a mental strain can thin down your blood, and Pepto-Mangan is needed to bring it back to healthy, normal condition.

Knowing this, doctors for years have recommended Gude's Pepto-Mangan because of its blood-building and tonic properties.

Pepto-Mangan is such a simple and harmless tonic, yet such a prompt builder of red blood, that its reputation has spread all over the country. Today every druggist sells it and thousands of men and women use it as a restorative whenever they or their children seem to feel below par.

Pepto-Mangan agrees with the most delicate stomach, and is obtainable in either liquid or tablet form.

Be sure the name "Gude's" is on the package when you buy Pepto-Mangan. Ask the druggist for "Gude's." If "Gude's" is not on the package it is not Pepto-Mangan.

That dead Uruguayan editor honored by being allowed to lie in state would doubtless have preferred being allowed to lie in his sanctum.

Do those Michigan Democrats who voted for Hoover not read the papers or are they among those who do not believe what they see in the papers?

### J. P. STRONG

Prominent Real Estate Broker of Massachusetts.

Boston, Aug. 25th.—"I have been in the real estate brokerage business for many years. I have suffered with loss of sleep, indigestion and nervousness, but since taking Argo-Phosphate, I sleep better and eat without fear of distress, and can feel a great change in my system."

There is nothing in medical science that equals Argo-Phosphate in the treatment of indigestion, rheumatism, nervousness, kidney and liver ills. Sold by Hayes Drug Co., and all reliable druggists.

The Baltic troops have raised the Kaiser flag, but cannot raise the Kaiser—he has fallen too low.

Now, if everybody who puts on overalls will work, it will help some, for the real trouble is underproduction.

The three R's in this country at present seem to be radicals, reactionaries and reformers.

## As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

### Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and it fails to give easy relief in every case of liver sluggishness and constipation. You have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine, no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

## NERVOUS MOTHERS

Cumbered with endless rounds of duty, the tired, nervous mother generally finds in Scott's Emulsion tonic-help of rarest value.

A little of Scott's after meals for a few days would do a world of good. Try it!

Scott & Borne, Woodfield, N. Y. 20-00

### HOUSING UNIVERSITY PROFESSORS

Ten New Residences to be Built—National Honor Fraternity Instituted.

Cor. of The Gleaner.

Chapel Hill, N. C., May 25.—Work has been started on the construction of the group of ten houses which the University of North Carolina is building for members of the faculty on the edge of Battle Park at an approximate cost of \$50,000, and Business Manager C. T. Woolen said today that the whole ten would be ready for occupancy by next September.

Their erection will be a welcome relief from crowded housing conditions which University professors have had to live under for the past two years. "There is not in the town today so much as a comfortable room—to say nothing of a house—in which any member of the faculty could be installed," said President Chase in his last annual report. "Furthermore, six faculty families are living in houses which they must vacate at the end of the year, and no one of them has been able to make any arrangements."

The new houses, which are of the ready-made variety, are being placed along the edge of Battle Park, thus opening up a new area of University development. It is understood that there have been already twice as many applications as there are houses.

Professor C. E. McClung, of the department of zoology at the University of Pennsylvania, chairman of the national research council on agriculture, botany, and zoology, and president of Sigma Xi fraternity, will install May 26 the local chapter of Sigma Xi which has been granted the University. Sigma Xi is the national honor society for scientific work, occupying the same relative position in the scientific world that Phi Beta Kappa does in the arts college. It was founded at Cornell in 1868, and has chapters at virtually every important university in the country, especially those with strong scientific departments. It is not a secret order and membership is based on achievement.

Dr. James M. Bell and Joseph Hyde Pratt of the University faculty are already members, the former from Cornell, the latter from Yale. Besides these, the charter members at the University will be Dr. Francis P. Venable and A. S. Wheeler, of the chemistry department, Dr. W. C. Coker, of the botany department, Dr. V. D. McNider, of the medical school, and Professor William Cain, of the mathematics department. Student members will be elected later in the spring. Texas is the only other university in the South which has a chapter.

The last of the series of the Sunday afternoon musical concerts under the joint auspices of the department of music and the community club was given Sunday by the University Orchestra, the glee club, and Paul John Weaver, pianist. These concerts have been given monthly this year and have been an enjoyable innovation in University life. They will be continued next year.

### FORMER GOVERNOR KITCHIN SAYS

"I favor Max Gardner for governor of North Carolina. He has public spirit, ability, personality and character. He has strength, vigor and courage. His activity in council and on the hustings for Democratic principles has been long and effective. His opinions; conduct and history have given him a statewide popularity. His service as legislator and Lieutenant-Governor has been patriotic and faithful. His record, his qualities and his attainments assure to the people of this state an honest, useful and successful administration as governor."

Max Gardner has refused repeatedly to make any pledges or promises to either organizations or individuals. Some leaders of Organized Labor are fighting Gardner bitterly because he would not make any pledges to that organization. Max Gardner proposes to serve all the people, if nominated and elected, and will not be tied to any previous promises.

Max Gardner has a great number of friends in all sections of the state. Hundreds have written letters endorsing his candidacy. There is no room here to print them all. But the endorsement of two men—both former governors are of interest.

## GARDNER THE FRIEND OF ALL PEOPLE

O. MAX GARDNER  
For Governor

able-lawyer, a strong and patriotic citizen, and above all, an upright Christian gentleman, he ought to win, and for these reasons said many others I will vote for Gardner, work for Gardner and do all I can, in an honorable way, to help make him the next governor of North Carolina."
