Thirtieth Division Stands High in Honors.

The following from the Rockingham Post-Dispatch is of interest to Graham people as Col. Don E. Scott of Graham was an officer in the 30th:

North Carolina measured up splendidly in the number of Distinguished Service Crosses awarded in the late war. New York furnished 368,000 troops to the armies in France and won 613 D. S. Crosses. North Carolina furnished 73,000 men and won 173 D. S. Crosses.

North Carolina stood twenty-first among the States in the number of men furnished but seventh in the number of D. S. C. winners.

The 30th Division, composed of troops from North and South Carolina, Tennessee, and the District of Columbia, is credited with as even dozen Medals of Honor, the highest award in the gift of the nation, which is three more than any other division received; and the 30th also won 307 D. S. C's. The next divisions in order of honors were the 2nd, 1st, and 3d.

Better High School Advantages for Rural Children.

It has been a comparatively short time since any children in the State were given high school educations at public expense. Prior to that epoch-making Legislature of 1919, there could be only four State and county supported high schools in a county. This Legislature made it possible to have any number of high schools in a county. Wherever there are a sufficient number of children, a high school may be established. One additional high school was organized last fall, which gave several more rural children the opportunity of securing a high school education. Two of the high schools which have been organized for some time will be enlarged this year, thus extending the advantages of a high school education. And if the plans of the Board of Education go through, 85 boys and girls in Newlin township will have the opportunity of attending an accredited high school this year—a high school with one teacher for each grade, and about 55 or more in Pleasant Grove township will have similar advantages. It is not hoped that permanent buildings can be erected for use this fall; but it is hoped that temporary quarters may be secured. The Board of Education agrees with that famous educator who said "As is the teacher, so is the school." The teacher is the essential thing. We hope that the plans of the Board may be carried out, so that approximately two hundred more children in Alamance may this fall begin a course of high school education in accredited high schools.

Sweet Potatoes.

Sweet potatoes are such a valuable article of food that it is worth while to study these articles carefully. Next week we will give another article.

Cor. of The Gleaner.

Patterson township S. S. Convention met with Rock Creek M. P. church on last Sunday. Some of our people attended, though the writer did not, therefore we have no report. Guess they had a nice time as the day was fine.

Dr. H. B. Foster visited his father's family near Oakdale Saturday and Sunday.

Samuel Linens, an old Confederate veteran, is right sick. He doesn't seem to show much improvement.

People are about done planting corn and cotton, and some tobacco has been set.

City ladies have so many leagues, clubs and societies, but one thing of importance is left almost unnoticed, that is, woman suffrage, which, for the sake of the American nation should be defeated. The religious world will greatly suffer; it will be the destruction of homes where mothers are supposed to be the builders and where her place is.

The Well Kept Cemetery.

Good roads, good schools and well kept cemeteries are marks of civilization that go hand in hand, yet there are exceptions where we find new churches and new cemeteries, the offspring of old pioneer churches and cemeteries, that get good upkeep, while the old pioneer cemeteries are sadly neglected; therefore, is it not wise for us to think on these things and trace backward a little, visiting in our mind, or better, in person, and see if the little cities and narrow homes of our fore-parents are in that condition which is creditable to us, considering, too, the hardships our fore-parents had in making possible the many blessings we are now enjoying.

The New Providence Memorial Association, Mrs. McBride Holt, Treasurer, is doing a noble work in restoring the Old Providence Cemetery, which work deserves the cooperation of all interested friends.

DEATHS.

Miss Barbara J. Trolinger died near Hopedale on 13th inst., aged 81 years, 10 months and 20 days. Her father was Henry Trolinger and she was the last of her family. The remains were buried in the old Trolinger cemetery at Haw River.

Lemuel M. Isley, a succesful farmer and good citizen, died on the 13th of typhoid fever at his home near Friendship, Coble township. He was born Nov. 21, 1874. The burial was at Friendship. His widow, who was also critically ill from typhoid fever at the time of his death, and several children survive him.

To the local lady members, family heads and friends of the New Providence Memorial Association:

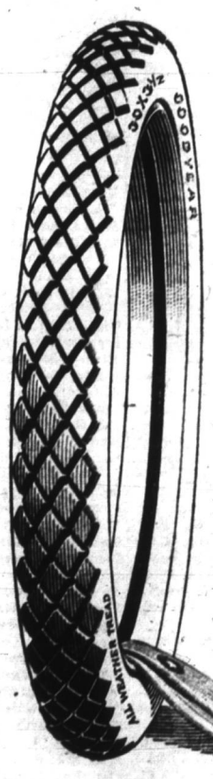
Why a Majority of the Smaller Cars Come on Goodyear Tires



Last year more cars using 30x3-, 30x3½-, or 31x4-inch tires were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these tires for the smaller cars by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in waterproof bag* $4.50
