

Pastor's Hours.

Open 10:30 a. m. to 12:30 p. m. Sunday 10:30 a. m. to 12:30 p. m. W. C. COOK, Pastor.

LOCAL NEWS.

Married, Saturday afternoon, in Burlington by Rev. M. W. Buck, Mrs. Carleen Phillips Fowler, daughter of Mr. and Mrs. Chas. H. Phillips of Graham, and Mr. George Fowler of Burlington.

Among the Sick.

Mrs. Paul H. Norcross, youngest daughter of Mr. and Mrs. L. Banks Holt, is extremely ill at her home in Atlanta.

Mrs. W. H. Holt was quite sick the first of the week.

Mrs. L. C. Fogleman has been quite sick, but is better now.

Miss Mary Weeks at the close of the Graded School went to Goldsboro to visit an aunt. It is learned that she was operated on yesterday at a Goldsboro hospital for appendicitis and was doing very well.

Edwin Donnell Scott, Jr., Dead.

The distressing news came early Sunday night that little Edwin Donnell Scott, Jr., infant son of Mr. and Mrs. Edwin D. Scott, died at 6:30 o'clock that evening at Augusta, Ga., where Mrs. Scott and baby had gone about four weeks before on a visit to her mother.

Mrs. John Black of New York, sister of Mrs. Scott, was with her during little Edwin's illness and accompanied the parents here with the remains.

Annual Memorial Exercises at New Providence.

After it had rained for nearly two whole days and nights, late Saturday afternoon the rain ceased and there was a rift in the clouds which encouraged those who attend the annual memorial exercises at New Providence on the first Sunday in June to believe that the morrow would be a fair day and fit for the occasion.

A large congregation had gathered by the opening hour. They came from various parts of the county, and some from a distance.

The preliminary exercises consisted of a song service, a welcome by Rev. F. C. Lester, pastor of the church, and Scripture lesson and prayer by Rev. E. N. Caldwell. Then a general collection was taken to be used in keeping the cemetery in order.

Next on the program was the annual address. The speaker, Judge W. P. Bynum of Greensboro, was fittingly introduced by Mr. E. S. Parker, Jr., president of the Association.

At the conclusion of the indoor exercises flowers were placed on the graves of loved ones.

Next came the bountiful dinner which was spread on tables in picnic fashion to which everybody was invited.

After dinner the Memorial Association convened. Short talks were made by Dr. Daniel A. Long and Rev. J. W. Holt.

It was a pleasure to all, and remarked upon, to see the greatly improved condition of the cemetery, a big share of the honor for which is due to Mr. McBride Holt and the committeemen who worked with him.

Methodist Parsonage—five-room house on N. Maple St. Water and lights. A bargain for quick sale. Phone 260, or write P. O. Box 394, Graham, N. C.

PERSONAL.

Dr. J. Mel Thompson of Mebane was here Monday.

Mr. Sam M. Pickard of Chapel Hill was here Sunday.

Mr. H. W. Scott left yesterday for Lynchburg, Va., on business.

Mrs. E. N. Caldwell left last Saturday for a month's visit to her old home at Midway, Ky.

Mr. and Mrs. Clyde H. Hunter of Raleigh visited the former's mother, Mrs. C. S. Hunter, the first of the week.

Mr. Junius H. Harden left the latter part of last week for Chicago as a delegate to the Republican National Convention.

Misses Blanche and Alma Clapp returned the latter part of last week from Spencer, where they taught during the past school year.

Mrs. J. Dolph Long and Master George left the latter part of last week on a visit to her father and mother, Dr. and Mrs. Atmore, at Stonehill, N. C.

Mess. J. L. Scott, Jr., McBride Holt and Sam T. Johnston left Tuesday evening for Gastonia to attend the session of the Grand Lodge of the Knights of Pythias of the Domain of North Carolina.

Miss Duke McCracken arrived here Tuesday afternoon on a visit to friends. She has been in Boston, Mass., for several months taking a course in Domestic Science.

Mr. and Mrs. Will E. White, both of whom have been away some three weeks, the former in St. Louis and other points West on business and the latter at her old home at Morganton, returned the latter part of last week.

Mr. A. T. Whitsett of Greensboro, Mr. and Mrs. T. C. Markham of Durham, Mrs. Geo. M. Harden, accompanied by Misses Katharine Harden and Lizzie Pullen Belvin of Raleigh, attended the memorial services at New Providence Sunday.

County Commissioners' Proceedings.

The Board met in regular monthly session Monday, all members being present, and the following business was transacted:

Complaints having been made relative to heavy trucks breaking down bridges and culverts in all sections of the county, the Board found it necessary to issue the following notice:

All persons are hereby notified that an examination of the bridges in Alamance county has disclosed that said bridges are unsafe to be used by any kind of vehicle which, together with a load carried, aggregate more than 8,000 pounds.

Persons violating said order will be responsible for any damage done.

Supt. R. A. Lutzerloh was directed to have proper speed limit signs placed along the road between Graham and Burlington.

Sheriff Story was requested to place a traffic police on the Burlington-Graham road.

Mr. W. L. Spoon appeared before the Board and made a report on the Burlington-Kimeville road.

1. I propose to furnish teams, plows, wheelers, dragnans, wagons, at \$1.00 per day per mule and feed cost for mules.

2. I propose to furnish labor at cost for wages and board, when board is a part of pay of labor.

3. I propose to furnish a foreman on the job to have responsible charge of all labor, teams, and equipment; and direct the work at a salary not to exceed \$150 per month and board.

4. The county agree to pay monthly these bills, when certified by the foreman on the job, not to exceed \$5,000 per month.

5. The county to furnish the fock-crusher and all equipment belonging to it without charge for the machinery and to pay for necessary repairs, also to furnish a steam roller and needed repairs without charge.

The land owners along the right-of-way of the Central Highway from Gibsonville to Trollinwood are hereby notified that the right-of-way of the new road will be 40 feet.

The land owners are requested to cooperate with the State Highway Commission and contractors in applying sufficient soil for shoulders to said road free of cost.

The Clerk to Board was directed to get price on Kentucky asphalt per ton and report to Chairman in view of buying a car.

The returns of an election held to enlarge Hawfields school district ordered recorded and filed.

A petition for a local tax graded school election for Eureka and Climax school districts was presented to the Board.

The returns of an election held to enlarge Hawfields school district ordered recorded and filed.

WANTED—Man with team or auto who can give bond to sell 137 Watkins home and farm products.

Biggest concern of kind in world. \$1,500 to \$5,000 yearly income. Territory in this county open. Write today. J. R. WATKINS Co., Dept. 114 Winona, Minn. 10juns24

Trees have not been thought of as a "crop" but they are being so considered today.

Southwest Almanac.

Cor. of The Gleaner. Dr. Burgess of near Cole Ridge is stricken with paralysis and is in a very serious condition.

On last Saturday a young boy named Wicker, while working in Johnson's chair factory at Liberty, was caught in a belt and instantly killed, his body being terribly mangled.

W. H. Kimrey, well known in our community, was buried at Hickory Grove Saturday.

Samuel Lisens continues very sick.

Mrs. Mary Shoffner has been spending a few days with her son Grover.

We are having a little much-needed work done on some of our roads and lots more is needed to make them passable.

Sense and Spud Poetry Mixed.

'Twixt now and fall on that vacant spot, in garden yard or chicken lot, the spuds you raise, if sored away, will help you through that rainy, on which, for peck or two you'd pay, enough to buy a ton of hay.

Soaring Values of Plow Lands.

When farm plow lands increase in value per acre by one-fifth in one year and by one-half in four years, something has occurred that may be called a "phenomenon."

To be sure some of these twenty million foot-pounds of work are wasted in the electric motors that are used in order to apply the electric power to the job to be done.

SOME GOOD ADVICE

Strengthened by Graham Experiences. Kidney disease is too dangerous to neglect.

At the first sign of back-ache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention.

Values approximately doubled in the South in four years, and that is a part of the country where plow lands have low values.

Among the States that have high acre values for plow lands are Iowa with \$219, Illinois with \$170, California and Arizona with \$130, Nebraska with \$125, Indiana with \$119, Washington with \$115, Ohio and Idaho with \$105, Utah with \$103, and Wisconsin, Minnesota, and Oregon with \$100.

Cost of Raising Chickens. Results of studies on the cost of raising chickens made by the N. C. Agricultural Experiment Station are given in the annual report which says:

"Twenty flocks of chickens were raised last year at the central plant and exact records kept of the feed eaten, its cost, and the weight of the chicks at various ages.

The average weight at the end of eight weeks was 82 of a pound. It required an average of 3.2 pounds of grain and 3.2 pounds of buttermilk to produce a pound of gain.

Anything special you would like to see included in the Farmers' and Farm Women's Convention program? Prizes are offered for ideas.

BUY "DIAMOND DYES" DON'T RISK MATERIAL. Each package of "Diamond Dyes" contains directions so simple that any woman can dye any material without streaking, fading or running.

Fords for Sale. 1 new Ford with starter. 1 new Ford without starter. 1 1917 model—price right. Apply to Samet Furniture Co., Phone 626 Burlington, N. C.

After Sickness when the body is weakened, the best restorative is an easily assimilated tonic-food. Scott's Emulsion is the favorite nutrient recommended by physicians as a means of re-establishing strength. Scott's always nourishes and vitalizes.

Man Power vs. Electricity.

We saw a table in The Progressive Farmer the other day giving the amount of wages paid for common farm labor in several States, among them North Carolina.

These wages ranged from \$25.50 to \$87.12 per month, and the average amount paid in North Carolina was given as \$32.40 with board and \$45.00 without board.

A comparison of this man power with electric power, such as can be obtained from a farm lighting set, is interesting if not in fact startling.

It is usually estimated that a man can work at the rate of about one-tenth of a horse power. At this rate, and allowing for rests, he can do about one and a half million foot-pounds in one day.

Scientifically speaking, therefore, it costs the North Carolina farmer one dollar and a half for one and a half million foot-pounds of work.

Now the ordinary farm lighting set is designed to deliver electric power at the rate of about three-quarters of a kilowatt, and what is more important, it can do this hour after hour without having to stop to rest.

This means, therefore, that one of these plants can deliver about twenty million foot-pounds of work in a day as against the one and a half million of man-power. But that is not all.

Allowing for interest and depreciation, and taking the fuel consumption as shown by an actual test run on one of these plants, this twenty million foot-pounds of electric power would cost the farmer only a trifle over one dollar.

Virginia led in tobacco production in 1919, with 34 per cent, or more than one-third, of the national total.

The Civil War placed Kentucky in the lead, and by 1869 that State produced 40 per cent of the whole crop.

This lead has been held to the present time, the average for 1914-1918 being 35 per cent.

By 1899 Virginia had fallen behind North Carolina also, when the latter State produced 15 per cent of the total crop, but North Carolina did not continuously hold second place until in more recent years.

In the five years, 1914-1918, according to estimates by the Bureau of Crop Estimates, North Carolina's fraction was 18 per cent and Virginia's 11 per cent, which placed the latter State third in order.

During the same time Ohio held fourth place, with 8 per cent, and in order followed Pennsylvania with 4.5 per cent, Wisconsin with 4.4 per cent, South Carolina with 3.5 per cent, and Connecticut with 3 per cent.

If your property is advertised for sale for town taxes, don't blame the tax collector.

FOYD R. TROLLINGER, Tax Collector.

Agricultural Lime.

To the Farmers of this County: You are hereby notified that the North Carolina State Lime Pulverizing Plant at Bridgeport, Tenn., has doubled its capacity and now has ample and dependable power with which to run continuously.

The State is, therefore, in position to give its farmers better service this season than ever before. To July first the price will be \$1.75 a ton in bulk at the plant. After July first it may be necessary to charge \$2.00 a ton on account of increased cost in labor.

We will quote freight rates on application.

This pulverized stone is produced for the farmers at actual cost, and this explains why you can sell it so much cheaper than you can buy it on the local market or from commercial companies, who must make a profit in order to remain in business.

You will understand, moreover, that the amount the State can furnish is limited, and that it will be necessary for you to get your order in early in order to be sure of getting at least one car of this high grade pulverized stone for your crops this season.

Yours truly, W. A. GRAHAM, Commissioner.

Raleigh, June 3rd.

Catarrh Cannot Be Cured.

with Local Applications, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy.

Hall's Catarrh Medicine is taken internally and acts on the blood on the mucous surfaces of the system.

It is composed of some of the best tonics known, combined with some of the best blood purifiers.

The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions.

Send for best medicine, with some of the best blood purifiers.

Kentucky Leads in Tobacco. Virginia led in tobacco production in 1919, with 34 per cent, or more than one-third, of the national total.

The Civil War placed Kentucky in the lead, and by 1869 that State produced 40 per cent of the whole crop.

This lead has been held to the present time, the average for 1914-1918 being 35 per cent.

By 1899 Virginia had fallen behind North Carolina also, when the latter State produced 15 per cent of the total crop, but North Carolina did not continuously hold second place until in more recent years.

In the five years, 1914-1918, according to estimates by the Bureau of Crop Estimates, North Carolina's fraction was 18 per cent and Virginia's 11 per cent, which placed the latter State third in order.

During the same time Ohio held fourth place, with 8 per cent, and in order followed Pennsylvania with 4.5 per cent, Wisconsin with 4.4 per cent, South Carolina with 3.5 per cent, and Connecticut with 3 per cent.

If your property is advertised for sale for town taxes, don't blame the tax collector.

Civilization Hangs in the Balance.

The News Letter, Chapel Hill, quotes as follows from W. G. Bagley:

Western civilization hangs today in the balance. Every gain that the race has made is threatened with destruction.

Only a thin line separates France and England and Italy from the menace of barbarism.

Upon our Nation may devolve the responsibility of keeping the torch a flame.

Upon the trained intelligence, the clarified insight and the disciplined will of our people in all likelihood will depend the fate of the world in the decades that are to come.

First, last, and all the time it is an educational problem. It is your problem and my problem; your duty and my duty.

At no time in the history of our profession has the need for devoted, consecrated, and united action been so imperative as it is today.

Let us stand shoulder to shoulder with unbroken ranks and see the battle through to glorious victory.

If your property is advertised for sale for town taxes, don't blame the tax collector.

FOYD R. TROLLINGER, Tax Collector.

REPORT OF CONDITION OF THE CITIZENS BANK OF GRAHAM.

At Graham in the State of North Carolina, at the close of business, May 4, 1920.
