

Health About Gone

Many thousands of women suffering from womanly trouble, have been freed by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly, she says. As my suffering was so great, and he had tried other remedies, Dr. had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

NORTH CAROLINA IS DISAPPOINTED

A DISTRESSING CUT IS MADE IN RICKERS AND HARBORS BY THE CONGRESS

APPROPRIATION IS \$100,000

With but \$12,000,000 at Their Disposal, Army Engineers Think They Have Done the Best Possible

Raleigh.

Washington, (Special).—North Carolina has fared sadly in the allocation of funds under the lump sum provided in the rivers and harbors act for the next fiscal year. The army engineers, who were delegated under the law with responsibility for the allocation of funds to the various rivers and harbors of the country, have reached a decision, and it appears that the North Carolina appropriation comprises only \$100,000. This allocation is for the Cape Fear river and at below Wilmington.

Various Democratic members of Congress, including Senator Simmons, Senator Overman and Representative Small have charged that the Republican idea of economy was entirely false and erroneous and this was no time to economize at the expense of the foreign and domestic commerce of the United States. With freight yards throughout the country congested and foreign shipping at a low ebb, they insisted that if there ever was a movement for encouragement of inland waterways, river transportation and harbor development this was that moment.

However with only \$12,000,000 at their disposal the army engineers think they have done the best possible.

No Tax Free Stock

There are no tax-free corporation stocks in North Carolina, and the statement that there is no foundation for an increase in revenue under the "tax free" stock is simply means that the war is not required to list and pay taxes on the because the corporations pay all taxes.

Bids on Road Projects

Bids were opened by the State Highway Commission on three road projects aggregating 56 miles of graded gravel highway in Sampson, Stanley and Forsyth counties. The total of the three bids received was \$428,822. The Forsyth and Stanley accepted, and the Sampson county matter deferred.

Successful School for Agents

The most successful, enthusiastic and inspiring summer school for the Home Demonstration Agents in the State which has yet been conducted was that held at the North Carolina College for Women at Greensboro during the two weeks ending June 19th. Such is the estimate of Mrs. Jane McKinnon, the able and efficient head of the Home Demonstration work in North Carolina.

Mayors to Petition Legislation

The mayors of North Carolina cities will ask the special session of the Legislature in July to exempt cities and towns from the ten per cent limit placed on increases in revenue under the revaluation act, to remove the limitation on taxes levied by cities and towns for the payment of principal or interest of bonds or notes, to reduce the maximum percentage of bonded debt, and to enact a law by which, until the adjournment of the 1921 session of the General Assembly, cities and towns may sell their bonds for the best price obtainable.

Urgent Warning to Soldiers

Attention is called by the Raleigh chapter of the American Red Cross to all ex-service men carrying government insurance that the closing time for reinstatement is close at hand. Thousands of men all over the country have allowed their policies to lapse but under the liberal terms of the government will be allowed to reinstate them up until July 1.

Municipal Association Organizes

The North Carolina Municipal association, which has been dormant during the war, was organized with the election of Gallatin Roberts, of Asheville, president; Sid M. Clark, Greenville, vice president; T. F. Thomas, of Rocky Mount, vice president; T. B. Edridge, secretary; W. H. Holcomb, Winston-Salem, treasurer.

The executive committee will consist of the officers and Lionel Weil, of Goldsboro and John Sykes, of Monroe.

of the United States forest service, in an address before the North Carolina Forestry Association at Asheville, N. C., recently. Mr. Carter discussed the results of an investigation of lumber conditions throughout the United States which the forest service made in response to a resolution presented to the United States Senate by Senator Capper. This resolution called for a report on the timber supply of the country, the effects of present depletion on the high cost of materials, and the effects of lumber exports on domestic industries.

Mr. Carter's address showed that unless the young forests in North Carolina and adjacent States are protected from fire and wisely managed, these regions which are now shipping lumber to other parts of the country soon would be forced to import supplies for their own use.

Although North Carolina still has a considerable amount of timber, cutting is progressing at a rapid rate and the remaining old-growth forests are bound to disappear unless a definite conservation program is adopted by the State.

Council Declines a Second Race

Judge W. B. Council, of the tenth district, notified the State board of elections he would not call for a second primary against A. L. Bulwinkle. William H. Williamson, former county mill owner, headed the list of contributors to Rex Hospital with a \$10,000 gift. The drive will last a week.

Forty-Three Doctors' Licenses

The State board of medical examiners licensed 43 physicians by reciprocity, including Drs. L. C. Todd and Thomas C. East, of Charlotte.

In the list were two women, Dr. Irene Moss, of Southern Pines, and Dr. Ruth Westerson, of Asheville. More than 100 will appear before the board for license to practice, standing the regular examination. This is the last examination conducted by the present board.

Report of Commissioner Young

Raleigh.—The annual report of Col. James R. Young, insurance commissioner, shows the marvelous growth of this department of the State's affairs during the last twelve months, there having been a total of \$1,583,243,354 in gross risks written. This is an increase of \$536,307,787.80 over the previous year.

Of the total amount of insurance at risk for this period the total net losses incurred approximate \$3,086,488.16, and of this amount the net losses paid were \$1,844,791.40. Gross premiums received in the year total \$14,612,799.56, the net risks written having been a little less than \$11,000,000.

Suffrage Advocate Buys

Washington.—(Special).—Suffragists hope through their work in the Democratic convention at San Francisco to bring sufficient pressure to bear to have the North Carolina legislature put over woman suffrage. Miss Florence Beesley, press chairman of the national women's party, issued this statement, concerning the North Carolina situation: "Suffragists hope to secure from the Democratic national leaders further pressure upon the North Carolina legislature to ratify the amendment at the special session in July."

Buy Also in State

Second only to that bearing on the gubernatorial situation is the talk heard on every hand concerning woman suffrage.

As the special session of the legislature approaches sentiment is crystallizing in all parts of the State, report those who come to Raleigh on various missions.

Anti-suffragists are circulating literature connecting the name of Fred Douglas with the amendment. One piece of literature being distributed from headquarters here is a leaflet bearing the picture of a negro woman, a delegate to a Kentucky republican convention. Quotations from the "Suffrage Bible" are also being sent out and the axes are openly asserting that ratification by North Carolina will be an insult to the rest of the south.

Find Traces of Oil

Letters of incorporation were granted to the Apex, North Carolina, Oil Company by the Secretary of State, with an authorized capital stock of \$200,000 and \$500 paid in by D. J. F. Betts, of Raleigh; W. Tracy Medlin and H. Burton Harward, of Apex.

The corporation owns a tract of land three miles from the town of Apex, 17 miles from Raleigh. Traces of oil were found in digging wells for water to supply a sawmill. The wells were sunk to a depth of 125 and 130 feet, and were 500 yards apart.

Brook is Certified Nominée

W. L. Brook has notified the State board of elections he will not ask for a second primary in the seventh district and W. C. Hamner has accordingly been certified as the Democratic candidate for congress, which insures his election.

Formal request for a second primary was made to the board by O. Max Gardner, candidate for the Democratic gubernatorial nomination against Cameron Morrison, who led him in the first primary.

President Wilson Wants Leader in Suffrage Fight in North Carolina

Washington.—The supporters of President Wilson are looking over the available timber in North Carolina and seeking a leader to support the fight for the adoption of the woman suffrage amendment by the North Carolina legislature when it meets next month. With this idea in mind several letters are being sent to North Carolina democrats to ascertain who is best suited to take the lead for President Wilson in this fight.

An Egress

A Southern recently saw at a railway station in Canada an old negro, says the Columbia Star, looking helplessly about him.

"What's the matter, uncle?" he inquired. "Lost your way?"

"No, thank yuh, boss, not so you kin call it lost, but I is lookin' fer a colored ooman."

"Your wife?"

"No, boss, I stan't never seen her, but I ax de gemman at de ticket window how you get out hys, an' he say, 'You fin a negress on dat side.' And, then, it been so long sence I seed a colored lady, I been mighty glad to know hit. An' I been g'um 'f'm side to side eber souce, an' 'boss, I say 'fin' her nowhere."—Savannah News.

Stomach Troubles Made Him Feel Sick at Meal Times, But Now Always Enjoys His Meals.

Do you enjoy your meals? Eat without the dread of the after-effects? Lack of appetite, and a disagreeable, sick-at-the-stomach feeling after meals, usually indicate that your digestive organs are not working properly. As a result, you will feel weak, lose weight and lack the energy that is to be derived from well-digested food.

A valuable help in correcting such conditions is mentioned by the Rev. M. K. McKensie, of Route 1, Section 4, Ala., who writes: "I had stomach trouble. When I would go to eat, I would turn sick. I took one bottle of Ziron, and it cured me. Am always ready for my meals and enjoy them. I think it is a fine medicine."

If your food hurts you, if your appetite is poor, if you are pale, weak and run-down, and have other symptoms that indicate your system needs help, try Ziron. It will put iron into your blood and help build you up. Take it according to directions, and if not benefited by the first bottle, the money-back guarantee will protect you. Ask your druggist.

PREPARE FOR COLLEGE

NEW CAMPAIGN SLOGAN

PUBLIC SCHOOLS TO OBSERVE MAY 14 TO GIVE STIMULUS TO IMPORTANT MOVEMENT.

Public schools here have been requested to observe May 14, which has been designated "Prepare for College Day" in this State and in the other States comprising the Fifth Federal Reserve District.

During chapel exercises, or at other specified periods that day, it is suggested that addresses be made in the high schools by leading business men and prominent educators, and in the elementary schools by the teachers. The purpose of the observance, it is explained, is to stress the importance of a college education and to offer suggestive methods whereby the pupils, and their parents, may plan ahead with a college course definitely in view.

Women's clubs are being asked to help in the movement, and the Rotary clubs also are expected to take part, while many churches have expressed their interest and indicated their desire to participate. Further, the United States Treasury Department, through the district War Loan Organization, is lending assistance, and the general plan, it is announced, has received the heartiest approval of practically every college president in the State.

Miss Mary G. Shotwell, director of the educational division of the War Loan Organization of this district, recently discussed the project before the convention of the Virginia Association

of Women's Colleges and Schools. The association, by resolution, pledged its "sincere and hearty co-operation in carrying out all the plans."

It is proposed by the Treasury Department that parents who desire to send their sons and daughters to college and that boys and girls who wish to provide a college fund for themselves—that they definitely plan for the future and make regular systematic saving a part of their plan. As safe, productive investments for such funds government securities, such as Treasury Savings Certificates and War Savings Stamps, are suggested.

Observance of "Prepare for College Day" will be fruitful of extensive results, it is believed, and the stimulus toward higher education is expected to be very valuable, particularly since the statement has so frequently been made recently and so authoritatively that never before has the country been in more imperative need of men and women of trained minds and broad vision.

OWES LIFE TO BAD SERVICE

Englishman Willing to Die, but Refused to Wait for Starvation to Do the Work.

Owen Wister, the author, was talking in Philadelphia about England's disorganized train service.

"He told me a strange tale in Birmingham," he said. "It seems that a young Birmingham broker was disappointed in love, and went out on the railroad and laid his head on a rail, intending to end it all.

"The London express was due in three minutes, and the broker closed his eyes.

"He waited, very pale, eyes closed. Now and then he gulped. The three minutes seemed a long time passing. A long, long time. The rail got very uncomfortable. The broker twisted and turned his neck a little. Finally he looked at his watch. The train was late—10 minutes late. With a sigh he laid his head down on the rail again.

"Well, to make a long story short, the broker waited and waited for that infernal London express till—if he hadn't gone away at last for a bite to eat—he'd surely have died of starvation."

Kindergarten in Smaller Towns.

Statistics just compiled by the kindergarten division of the bureau of education show that approximately 21,083 children were enrolled in kindergartens in towns under 2,500 population during the year 1918, in charge of 509 kindergarten teachers.

The banner states for kindergartens in smaller places appear to be Michigan and Wisconsin, the former state with 110 kindergarten teachers and 4,015 pupils, and the latter state with 78 teachers and 2,900 children in attendance at kindergartens in smaller towns. California has 57 kindergarten teachers and 2,037 pupils in cities under 2,500 population; Iowa, 59 teachers and 1,750 children; New Jersey, 49 teachers and 1,912 pupils; and Nebraska, 62 teachers and 1,746 children. The Nebraska figures indicate a special effort to reach the smaller towns with kindergarten facilities.

Women who use New Form of Liquid Iron to build up and enrich the blood possess real secret of Youth

The real difference between an old woman of thirty and a young woman of fifty is one of health and bodily vigor. The secret of Youth is nothing more mysterious than this. The blood is perhaps the most important factor in maintaining health in women. You need no other evidence than to look around you among the women of your acquaintance. The sick and ailing and pale are anemic, listless and colorless—the lack of rich red blood is plainly apparent in their appearance.

The women whose blood is healthy and full of vitality always have red cheeks, a good complexion and a body that is supple, active and tingling with energy.

The most important thing the blood needs to enrich it and enable it to carry life and vigor to all parts of the body is iron.

And the most successful and reliable method of putting this great essential into the blood is through the use of a natural form of soluble iron, known as Acid Iron Mineral. Thousands of women have found health in this way, and have been able to retain the attractiveness of youth in spite of the advancing years.

Acid Iron Mineral contains no alcohol or injurious drugs—it will not blacken the teeth, and druggists will refund the purchase price if you are not satisfied with the improvement it brings.

BREAK IN BOND PRICES IS NO CAUSE FOR WORRY

LARGE YIELD MADE POSSIBLE TO ASTUTE INVESTORS WHO SEIZE BIG OPPORTUNITY.

Investors who bought Liberty Bonds and Victory Notes at recent market prices were thus able to earn considerably more than the bond rates of interest on their money, according to figures compiled by stock and bond brokers. Moreover, income taxes recently completed by the War Loan Organization of this district show that the bonds, inasmuch as they are exempt from all state and local property and income tax (except estate or inheritance taxes) are equivalent in their net yield to taxable stocks and bonds paying rates of interest substantially higher.

The property tax on stocks and bonds is sometimes considerable. From these property taxes, state and city, Liberty Bonds and Victory Notes, of course, are exempt. This means, therefore, brokers point out, that the government securities yield a net income equal to that of taxable stocks and bonds paying much more.

The following figures show in the order named the issues of Liberty Bonds and Victory Notes, their respective periods to maturity, recent market quotations and the approximate annual interest based upon these prices and conditional upon the securities being held to maturity.

First 1-3, 27 years; \$92.20; 5.90 per cent.
Second 4-4, 27 years; \$85.50; 5 per cent.
First 4-4, 27 years; \$86.50 5.5 per cent.
Second 4, 22 1-2 years; \$85.50; 5.15 per cent.
Second 4-4, 22 1-2 years; \$88.00; 5.5 per cent.
Third 4-4, 18 1-2 years; \$90.50; 5.62 per cent.
Fourth 4-4, 15 1-2 years; \$86.50; 5.47 per cent.
Victory 4-2-4, 3 years; \$94.25; 6.05 per cent.
Victory 3-2-4, 3 years; \$94.25; 5.95 per cent.

In comparing the income from Liberty Bonds and Victory Notes with the net yield of taxable stocks and bonds the usual taxes should be added to each of the percentage yields given above.

It rests with the legislature, brokers point out, to increase the taxes here. This then would make the income yield of non-taxable government bonds just that much greater and the bonds would therefore be all the more valuable, bankers and business men say, as investment securities.
