

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadorville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c, a package—One cent a dose. All druggists. J. G.

HAIR IN PLACE OF POCKETS

Kaffir Makes Use of Tresses in an Odd Manner—Peculiar Headdress in New Hebrides.

Savages are fertile in the invention of hair contortions. Moslems have been known to shave away all their hair save a small clump in the center, which they think will serve as a handle by which they may be lifted up to heaven.

Natives of the New Hebrides twist their hair into as many as 600 whiplashes. The person who can show the greatest number of these thin hair cords is regarded as one of importance, and is revered accordingly.

Papuans wear large bones entangled in their hair, but Maoris go one better and allow only sharks' teeth to be used. The Inokuns, a savage West African tribe, train their hair into a crest rising not less than twelve inches in height, and then let it fall backward, fan shaped.

In Samoa the women dress their hair to a shape somewhat resembling a gigantic royal crown. On the top of the crown, which is upheld by numerous thin bones or twigs, they place a wreath of flowers.

A wealthy Kaffir trains his hair into a cone, open at the top, and articles which the American stows away in his trousers pocket the cunning Kaffir puts in his hair.

FROM MINDS OF GREAT MEN

Wisdom Handed Down to Posterity by Philosophers and Thinkers of the Past.

While one man says of a thing, "It is impossible!" and contents himself with saying so, another one passes him and does it.

They who cannot forgive others break the bridge over which they themselves must pass, for everyone has need of forgiveness.

We cannot say of anything that it is impossible in this marvelous world of invention and endeavor. We can only say, "It has never yet been done."

The gold of life does not lie hidden in mines; it sparkles in tiny sands all along the common path of every day. He only who gathers it bit by bit from daily duties and pleasures and opportunities and friendships will find himself the possessor of the real treasure at last.

SCARCE AND VALUABLE SUGAR.

Melezitose, a form of sugar extremely rare, and of great value to scientists in laboratory work, occurs in a honeyed incrustation or manna on a leguminous tree in Persia and adjoining countries. Recently it has been found by the bureau of chemistry in a similar product on the Douglas fir in British Columbia. And now it has turned up in Pennsylvania stored away in honeycombs in ordinary hives. The origin of this still-scarce sugar is supposed to be due to the attacks on the scrub and, more rarely, other species of pine by a plant louse and a certain scale insect. In the course of their activities these creatures produce a honey dew which is rich in melezitose.

In dry summers after the white clover flowers have ceased to yield honey, the bees turn to this honey dew and collect it, but it crystallizes so fast as they store it away.

STATE AFFORD NOT TO LET WOMEN VOTE?

READ THESE TAX FIGURES.

The lowest city tax rate but one (listed in the 1920 figures of the World Almanac, pages 702-705) is in Muskogee, Okla., a full suffrage state. It is 35 cents on the hundred.

The highest tax rate in the United States at the same time is in Milwaukee, Wis., \$20.17 per hundred. Wisconsin until 1919 had no woman suffrage. It now has presidential suffrage.

Of the twenty-one cities in the United States quoted in the World Almanac list as having tax rates below \$1 ten are in states which have full, presidential or primary suffrage.

There are but three male suffrage states in which any cities are listed with a tax rate below \$1 on the hundred.

The suffrage cities with a low tax rate are: South Bend, Ind., 74 cents; Ogden, Utah, 72 cents; Niagara Falls, N. Y., 80 cents; Kalamazoo, Mich., 85 cents; Muskogee, Okla., 85 cents; Kansas City, Kan., 82 cents; Hutchinson, Kan., 75 cents; Fort Wayne, Ind., 61 cents; Fort Smith, Ark., 50 cents; Cleveland, O., 70 cents.

In 1916 Washington, a full suffrage state, went out of debt.

And Wyoming in that year had no need of taxes for state government.

"Taxes were not levied for the support of the state government," said the Anaconda Standard (1916). "The income of lands, leases, royalties and interest on investment last year was \$808,241.02, while the amount received from direct taxation was \$568,497.51. There was a cash balance on hand at the beginning of the year of \$718,426.80. The actual expenses of Wyoming were \$1,805,588.21. After paying all expenses and making some investments in permanent funds, there is carried over a cash balance of \$789,587.12. With this balance and the income derived this year from oil and mining development, royalties on state lands, leases and fees, the state will easily be able to get along a year at least without any direct taxation." Wyoming has full suffrage.

In January, 1916, equal suffrage Kansas paid off its last dollar of indebtedness.

POLITICAL EQUALITY AND SOCIAL EQUALITY

"You did not wait for woman suffrage," the late Dr. Anna H. Shaw, once argued to the men of the South, "but disfranchised both your black and white women, thus making them politically equal." This she said in answer to the men of Louisiana when she was asked to answer from a New Orleans platform the following objection to giving women the vote: "If you give the ballot to women, won't you make the black and white woman equal politically and therefore lay the foundation for a future claim of social equality?"

"If political equality is the basis of social equality, and if by granting political equality you lay the foundation for a claim of social equality, you have already laid that claim," was her answer. "But you have done more than that. You have put the ballot into the hands of your black men, thus making them the political superiors of your white women. Never before in the history of the world have men made former slaves the political masters of their former mistresses."

WHERE MEN ONLY VOTE DEBTS ARE GREATER

In the city of Baltimore, Maryland, where woman suffrage is rejected, the total population in 1919 was 700,000. The debt of the city is \$68,127,174 or more than \$90 per capita, the budget \$22,020,000, or more than \$30 per capita.

In Richmond, Virginia, another state where suffrage was rejected, the population of 165,000, is burdened with a debt of \$12,518,097 or \$75 per capita and with a budget of \$5,604,013, or \$44 each. (World Almanac, 1920.)

In February, 1916, the Denver, Colorado, Chamber of Commerce said:

"Denver's per capita indebtedness is \$3.62. Per capita indebtedness of other cities follows:

"Louisville, \$50.13; St. Paul, \$48.19; Worcester, Mass., \$42.90; Columbus, Ohio, \$46.05; Toledo, \$50.54; Atlanta, Ga., \$30.28.

"Two million and a quarter dollars were spent in homes last year, costing from \$3,000 to \$15,000 each.

"The state has made great progress in agriculture. In 1914 it amounted to \$89,573,200 and in 1915 to \$95,052,000."

The indebtedness of Massachusetts, a male suffrage state, was in 1913, \$22.78 per capita.

In California and Colorado, woman suffrage states, the same year, it was \$3.83 and \$3.70 per capita. In Kansas it was 14 cents and in Oregon 4 cents. (Figures are from the United States Special Census report on "Wealth, Debt and Taxation," Table 10.)

ELECTION EXPENSES.

What It Costs to Let Women Vote.

The state treasurer of every suffrage state has declared that woman suffrage has not appreciably increased election expenses. Denver, in 1916, recorded the lowest per capita (of population) cost of voting (14 cents) of the larger cities of the United States. In Cheyenne, Wyoming, voting costs 10 cents per capita (of population), a less sum than in any city of its size.

It was computed in June, 1918, that New York city could vote all its women for just one-sixth of what it has been costing to vote its men. It cost \$800,000 in 1917 to vote 691,890 men. It was explained by the election officials that an equal number of women could be voted for an additional sum of \$50,000, making \$850,000 in all. It had cost the city 43 cents each to vote its men, but it would only need a per capita expenditure of 7 cents more to care for as many more women at the polls.

In Chicago's experience it was found that the actual additional cost of the woman voter was about one-third.

Women pay their full pro rata share of the taxation for election expenses and they have been doing so for more than a century while deprived by law from casting a vote.

Anti Honored Dr. Shaw.

Anti-suffragists are busily defaming the dead suffrage leader, Dr. Anna Howard Shaw, in North Carolina today. This is what they said of her in their official organ under date of July 12, 1919:

"There are thousands of women who honored Dr. Shaw for her other ideals who never did agree with her suffrage views. She was an honest radical. She fought in the open."

DR. SHAW ON THE BOYS' SIDE

Dr. Anna Howard Shaw, the suffrage leader who died last year, had warm friends in the Tar Heel state, where her golden gifts of oratory were appreciated with expert valuation. In the hitherto unpublished photograph above she is shown surrounded by a men and boys' baseball team of Kansas City, Missouri.

It was taken just before her death upon the occasion of her visit to the Boys Hotel.

She had a vigorous talk with these young men just starting on their business lives. Some were newboys, some were office boys, some factory hands, all were young, all had been left totally on their own resources.

The boys liked Dr. Shaw so much that they asked her to be their baseball mascot. If you knew her, you know that she said yes.

Whereupon one slim youth opined: "Why fellows now we got the Doctor on our side we sure can lick any team in town."

WOMEN VOTERS OF THE U. S. A.

Ratification or No Ratification.

Ratification or none, the women of thirty states are going to vote for the next President of the United States. North Carolina is one of eighteen states whose women are barred from the November Presidential elections. Here are some tabulated figures of timely merit.

In the fifteen states listed as "full suffrage" women vote on exactly the same terms as men. In nine states women have Presidential suffrage only. In the four where they have Presidential, plus municipal, they will vote for President, and for all municipal offices, but not for state offices, in general, though there are a few state offices in particular that they will vote for. In other words, they will vote for offices that are not created by the state constitution.

Fifteen Full Suffrage States.

State	Women 21 years and over
1. Arizona	48,419
2. California	872,902
3. Colorado	264,647
4. Idaho	105,146
5. Kansas	471,854
6. Michigan	848,916
7. Montana	163,975
8. Nevada	26,611
9. New York	3,125,969
10. Oklahoma	470,176
11. Oregon	221,008
12. South Dakota	161,024
13. Utah	100,648
14. Washington	444,919
15. Wyoming	37,146

Thirteen Presidential or Presidential Plus Municipal Suffrage States.

State	Women 21 years and over
16. Illinois	1,699,160
17. Indiana	800,484
18. Iowa	603,644
19. Maine	234,765
20. Minnesota	558,528
21. Missouri	931,998
22. Nebraska	318,903
23. North Dakota	157,903
24. Rhode Island	188,030
25. Tennessee	564,104
26. Wisconsin	658,936
27. Ohio	1,496,225
28. Kentucky	597,149

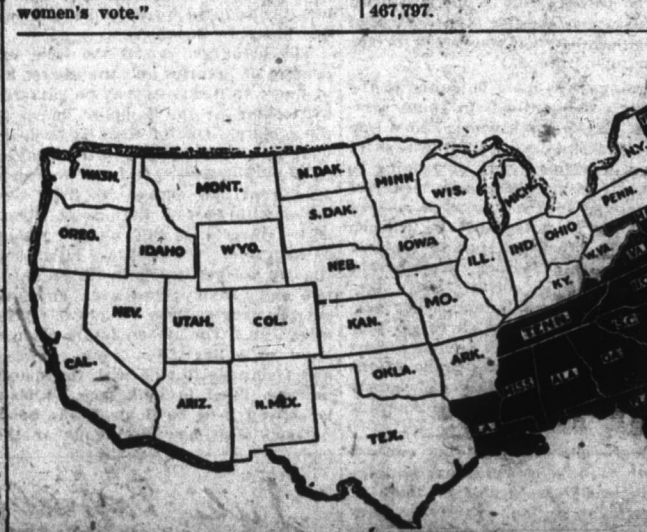

(Those starred have both.)

Vermont women have state-wide municipal suffrage. They cannot vote for president or for congressmen. In none of the presidential and presidential plus municipal suffrage can women vote for congressmen.

Two Primary Suffrage States. (The chance to help choose the Democratic candidates at the Primary is the only choice any voter can effectively exercise in the states of the South. Ohio women also have primary suffrage.)

29. Arkansas	355,514
30. Texas	999,198

Making a grand total for the thirty States, women 21 years and over, 17,467,797.

The 30 White States Have Ratified the Federal Suffrage Amendment. Make North Carolina the Perfect 36.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years

The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY.

THIN PEOPLE NEED MORE IRON IN THE BLOOD

New Form of Liquid Iron Feeds the Tissues through the Blood—Builds Firm Flesh—Fills out the Hollows

Appearances count for a lot in this world, and if you are thin and scrawny and "below weight," you can't help but feel sensitive and envious of your neighbor who is plump and sturdy and who looks well nourished.

But there is another side—thin people are usually sick people. The food they eat does not give them the proper nourishment—or perhaps they are extremely nervous. The blood does not make strength and nerve and flesh as it does in the normal person.

It is a remarkable characteristic of Acid Iron Mineral—the new natural form of soluble iron—that it is a great flesh builder. Thin people who take it find after a short time that the hollows are filling out, that the

flesh becomes firm and healthy, that even within so short a space as a single month, a becoming plumpness and soft curved lines of beauty have replaced angles and scrawiness. And with this increased weight comes a better appetite, more refreshing sleep and a marked increase in vigor in every way.

Thin people can take Acid Iron Mineral to improve their appearance, and they will find their health benefited at the same time. Physicians say that this power to build new tissues and firm flesh is due to the extraordinary attraction the blood has for this particular combination of iron.
