Governor Cox of Chio was signally onored on Friday by his home town, Dayton. His fellow citizens, regard-less of party affiliations, made him the chief figure in the "home-coming" celebration, and he delivered a speech in a handsome "court of honor." The city was beautifully decorated and was ed with visitors from all parts of the state.

Dayton also has prepared for the Cox notification ceremony, set for Au gust 7. This will take place in the county fair grounds and the governor will deliver his speech of acceptance from the grand stand of the race track, in which will be sound ampli-

BOY SCOUT CAMP IN FRANCE

By invitation of the American Committee for Devastated France, Lorne W. Barclay, director of the educational department of the Boy Scouts of America, has established a camp school for boys of the devastated re gions. The school is in the form of a boys' camp of large size, located on the Aisne river, on the edge of the greater battlefields.

Many of the boys in the camrs are orphans whom the war deprived of all relatives, and there are others who have not been in school and have been practically without care since 1914.

Scouting as developed in the United States is recognized as the best in the world, and it is to teach these boys scouting of this kind, especially camp activities, that Mr. Barclay was loaned by the national council to the American committee. The boys in the camp are divided into troops and patrols, following the American plan under scoutmesters and patrol leaders, who are of the regular organization of French boy scouts. They are being taught team-play, sanitation personal health and all that makes for clean morals. Mr. Barclay took with him samples of all kinds of tents and equipment for up-to-date camp-ing, to serve as models to use in this camp school in France.

Frank C. Irwin well-known in scouting, is one of Mr. Barclay's assistants. He was formerly secretary of the boy scouts of Saskatchewan,
