

MEETING POSTPONED

For State and County Council to a Later Date to be Announced—Other Items.

Cor. of The Gleaner.

Chapel Hill, N. C., Aug. 10.—The largest summer school in the history of the University and of the State was formally closed August 5, and the great majority of the nearly 1,200 students left Chapel Hill for their homes. A number of teachers who took State examinations for teachers' certificates remained two days longer.

Still at the University, however, are more than a score of social workers whose course in the public welfare institute will not be finished until the first week in September, and some 50-odd students in the summer law school who will be there until the end of the month when they go to Raleigh to stand the bar examination. Justice William R. Allen of the State Supreme Court is assisting in putting the final polish on the young lawyers, one of whom is a woman, Miss Katherine Robinson of Fayetteville. She won the Callaghan law prize this spring at the University.

In a few days another school will be started, a ten days' instructional period for the 40 field agents of the State community service bureau under the direction of W. C. Crosby; and partly overlapping this group will come another group, the field agents of the State department of education who, under the direction of Miss Elizabeth Kelly, are fighting adult illiteracy in North Carolina.

One change has been made in the late summer program at the University. The State and County Council, which had been scheduled for August 17-19, has been postponed because of a conflict of dates with the general assembly. When the dates were set originally, it was thought that the special session would convene much sooner, and the council was to follow. But the necessary late session in Raleigh will keep Governor Bickett and many of the State department heads closely in Raleigh. An announcement is expected soon as to the exact date of the council, probably late in the fall or in the winter.

The community service workers, attending their first school at the University, will find a full program of study awaiting them and it is expected that many other citizens will be present to attend the special lectures. Included in the program are lectures by Dr. W. H. Dudley of the University of Wisconsin, on "Mass Education Through Visual Instruction"; by Prof. Paul J. Weaver, on "Community Songs"; by Miss Henrietta Hasseling of the Atlanta schools, on "Story-telling, Plays, and Games"; and by Professors E. C. Branson and Howard Odum of the University.

Director Crosby of the State bureau is in charge. A special feature will be an exhibition of country home comforts and conveniences by Professor P. H. Daggett of the University, and R. K. White of the Delco Lights Sale School of Dayton, Ohio. A number of recreational events have been planned, including many moving pictures furnished by the bureau itself.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, Ohio. Sold by all Druggists.

WANTED—Man with team or auto who can give bond to sell 137 Watkins home and farm products. Biggest concern of kind in the world. \$1,500 to \$5,000 yearly income. Territory in this county open. Write today to J. R. WATKINS Co., Dept. 116, Winona, Minn. 5au5t

Western Republicans do not seem inclined to think Harding will be a success as a porch-climber.

President Harrison of Southern Will Make Effort to Reduce Rates.

Speaking of the increase in railroad rates in Washington on Monday, Fairfax Harrison, President of the Southern Railway System, said:

"The tremendous increase of railroad rates authorized by the Interstate Commerce Commission seems to complete the circle of Government management of the railroad industry. It was necessary to carry the scale of expenses set up by the railroad administration but it must cause grave concern as to its economic consequences. It now remains for private management to resume the practice of competitive efficiency and self-reliant initiative which distinguished the American railroads during so many years and to justify the preference of the American people for that form of administration by making possible not only the success of individual companies and the prosperity of their loyal employees but a constant and progressive reduction of rates accomplished by an enlargement of service to the public such as may be traced through the old fashion railroad statistics. No one can expect this to be accomplished over night, considering the practical conditions, but a start can be made at once. Relying on the co-operation and support of the employees, the management of Southern Railway System will make the effort."

Publication of "Southern Field" is Resumed.

Publication of the "Southern Field," the magazine devoted to the upbuilding of the South, which was discontinued when the railroads were taken under federal control, has been resumed by the Development Service of the Southern Railway System and the Mobile & Ohio Railroad. The first issue of the Southern Field, which has just come from the press, deals with industrial development and will be given a wide distribution among business people. It is handsomely gotten up and profusely illustrated. Future issues will deal with other phases of development, but it is stated that the two main purposes of the magazine will be to encourage in the South the manufacture of finished products and a larger participation in trade with foreign countries. At the same time the Southern Field will continue to encourage aggressively the agricultural and live stock development of the South, and to aid in the attraction of the best class of farm settlers.

DODSON WOULD STOP SALE OF CALOMEL

Says Calomel is Mercury and Acts Like Dynamite on Your Liver.

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

DEMOCRATIC COUNTY CONVENTION! AT COURT HOUSE IN GRAHAM ON SATURDAY, AUG. 21st, 1 O'CLOCK P. M.

At one o'clock p. m. the Democrats of Alamance County are called to meet to nominate candidates for county offices and a member of the General Assembly.

Every Democrat is urged to be present to help in the selection of a strong ticket.

HON. CAMERON MORRISON, DEMOCRATIC NOMINEE FOR GOVERNOR,

will be present to address the Convention upon the issues. He is a strong and earnest speaker and everybody is urged to come out and hear him.

By order of the Executive Committee.

C. R. LOVE, Chairman.

Many to go to Women's Convention.

More women are expected to attend the Farm Convention, West Raleigh, August 24, 25 and 26, this year than ever before, according to reports reaching Miss Inez Ward, home demonstration agent in Alamance county. Preliminary announcements about the women's convention tell of a program of demonstrations including: baking cake in a fireless cooker; making of a zingham hat; how to fit a waist pattern; and the use of washing machines.

Among out of State speakers, Dr. Ruby Green Smith, leader of the successful home bureaus in New York State, will tell of the way home bureaus are helping solve community problems and brighten farm homes in that State, and of how they are organized. Discussions will be held on the question of merging county councils into a State federation at this convention.

The problem of household budgets, a live one in these days of h. e. l., will be covered in talks and discussions by Miss Mulligan of Converse, S. C.

"Plan now to go for the three days, and you can look forward to a real treat," says Miss Inez Ward, who would like to see Alamance county well represented at this convention in view of the plans that will be developed for a live State-wide organization of farm women.

Atlantic Coast Inventors.

The following patents were just issued to Atlantic Coast inventors, reported by D. Swift & Co., Patent Lawyers, Washington, D. C., who will furnish copies of any patent for ten cents apiece to our readers:

Virginia—John B. Boyle, Crozet, attachment for rocking chairs; Howard A. Johnson, Norfolk, shaft coupling; Howard A. Johnson, Norfolk, rolling door; Thomas L. Robertson, Danville, inks-and; Frederick C. Witt, Roanoke, link chain.

North Carolina—Gilbert E. Alphin, Norwood, curtain and shade roller support; John L. Burton, Hamlet, switch lock; Blount T. Nobles, Winterville, fertilizer distributor; James Smithwock, Manson, collapsible sling-shot.

Governor Coolidge wears a "frock" on the farm, according to a recent dispatch. An insidious bid for the woman vote.

There are seven letters in Harding and seven in Lincoln and there the resemblance ceases.

Which Party Will Win?

We take pleasure in announcing that any of our readers can secure a valuable vest pocket book of political information free by sending the postage therefor, two cents in stamps, to D. Swift & Co., Patent Attorneys, Washington, D. C. It gives the popular vote cast by each State for Wilson and Hughes in 1916, and also for Wilson, Roosevelt and Taft in 1912. It also shows which party carried each of the States in each of the last 10 presidential elections. It also shows which Presidents belonged to the Federalist party, the Whig party, the Democratic party, and the Republican party. It also contains much other useful information, such as business laws, parcel post charts, etc., and it would cost you 25c. at a book store.

Miss Spencer, Grand-daughter of Capt. and Mrs. Jas. N. Williamson, to Wed Mr. Whittle.

Mrs. James Harrison Spencer of Martinsville, Va., announces the engagement of her daughter, Mary Holt, to Mr. Kennon Cathness Whittle, the wedding to take place in October.

Miss Spencer is widely known throughout the Southern States. She attended school for a number of years at Stuart Hall, Staunton, Va., and Gunston Hall, Washington, D. C. She is the daughter of the late James Harrison Spencer, a noted tobaccoist of Martinsville. Her mother, before marriage, was Miss Blanche Williamson, daughter of Capt. and Mrs. James N. Williamson of Graham.

Mr. Whittle is the son of Judge and Mrs. Stafford Gordon Whittle of Martinsville. He is a prominent lawyer in Virginia and a graduate of Washington and Lee University. During the war he served with the coast artillery.

"I don't understand," said Miss Cayenne, "why a girl who is perfectly willing to be photographed in a bathing suit should be so annoyed when she discovers that there is a little hole in the back of her stocking."

"Prohibition," remarked uncle Bill Bottlestop, "is goin' to do a lot for poetry if it keeps on the way it has started. No old-fashioned bartender ever thought up any fancy language to equal the names of the special mixtures at a soda fountain."

The Harding front porch is already pretty well riddled with ridicule.

Week's Short Course at West Raleigh for Club Boys.

The State Boys' Club short course is to be held at West Raleigh, August 30 to September 4. Only club members fourteen years or older may attend the week's sessions which include daily instruction with time out for sight-seeing, games, singing and moving pictures.

This year the announcement says that boys are expected to bring along a pair of overalls as instruction will be given in farm mechanics, including gas engines, tractors, lighting plants, water works, farm machinery and labor-saving devices.

Each morning is given over to class work and the afternoon to recreation and a general good time under the supervision of club leaders.

Boys expecting to attend may secure more information about the club short course from their county farm agent or by writing to the Tar Heel Club News, Raleigh, N. C.

Standing of Clubs.

	Won.	Lost.	Pr. Ct.

Town Taxes

I have been appointed Tax Collector for the town of Graham and the books have been placed in my hands.

I have been directed to collect all delinquent taxes without delay.

See me and save costs.
You can see me at the Sheriff's office in the court house.

This April 27, 1920.
BOYD R. TROLINGER,
Tax Collector.

That Georgia woman who set fire to a house to scare her husband and "the other woman" was highly successful.

In his last address Bolshevick Lenin shows himself to be at one with H. I. Johnson, Warren G. Harding and the Republican platform, by declaring the League of Nations to be a failure.

That new party must be very raw indeed if LaFollette cannot swallow it.

JUDGE MAN BY HIS DESK

Point Which the Professional "Character Sharpe" Appears to Have Rather Overlooked.

The professional character sharpe, who can detect a wife-beater from the way he crosses his "t's," and who sees a predisposition for cornbeef hash in one who parts his hair up the back of his neck, have overlooked one curious human trait which should reveal many new ins and outs of the great human complex. What kind of a desk do you wear?

What sort of man is it who prefers a huge glass-topped desk like a pool table?

What manner of man is it who hankers for a desk with a sliding top, into which he can burrow his head at the sight of the unwelcome guest?

What sort of mind is indicated in one who covers his desk with myriad baskets, outgoing, incoming, side-stepping and dictated but not written?

Why do certain captains of industry regale their idle moments in playing tunes on their push-button keyboards?

These are matters for deep reflection. Perhaps man in the future will know these things and will marvel because we never thought about it. Oh, well—who cares?—New York Post.

ENOUGH SAID

"My husband gives me his pay envelope. But—"

"Never mind listing his shortcomings, woman."

"Huh?"

"You got a prize."

COMPULSORY ARBITRATION.

A French mission which lately visited Australia reported that "one can say in favor of the Australian system of compulsory arbitration that it has been effective in securing for the workman a decent minimum wage. There are no really low wages in Australia. Nevertheless, a large number of French workers receive higher wages proportionately."

Yet, although the French visitors recognized the commonwealth as "a land of real social equality, where conditions of life are easy," they found that, as a rule, "the wages in Australia have not risen to an equal degree with the cost of living."

MINTING FOREIGN COINS.

In 1919 the Philadelphia mint made for Peru 7,000,000 bronze pieces, 13,750,000 nickel pieces and 29,195 gold one-pound blanks; for Argentina it made a large order of bronze pieces and 47,595,000 nickel pieces; and for Siam, 13,175,000 bronze pieces. In the same year the San Francisco mint made for the Philippine islands, which use American gold coins, but which have all their other coins made according to their own designs, 2,000,000 nickel pieces and 11,115,000 silver pieces.—Youth's Companion.

FOILED AGAIN.

Some wise student of human nature, hailing from down in Texas, has given the world the confidential tip that it is always possible to tell if a "peach" is painted by comparing her complexion with her ears. Now will another wise student of human nature tell us how it is possible to find her ears?—Pennysylvania Grit

NO GRAY HAIRS NOW

You need not have a bit of gray hair now. You can do just as thousands of our best people have, and bring a natural, uniform, dark shade to your gray or faded tresses in a simple and healthful manner by applying Q-ban Hair Color Restorer at once. Have handsome, soft, luxuriant hair. Apply Q-ban ready to use; guaranteed harmless—only 50c a large bottle at Hayes Drug Co.'s and all other good drug stores. Money back if not satisfied. Try Q-ban Hair Tonic, Soap, Q-ban Liquid Shampoo.

KEEP SETTING HENS FREE FROM LICE

Enormous Baby Chick Loss Caused Annually by Lice and Vermin.

"I would not try to keep Poultry without Dr. LeGear's Poultry Remedies," says Mrs. L. V. Ross, of Cuero, Texas. "We have never had any of them fail to do even more than you claim for them." Every year, millions of Baby Chicks are lost because setting hens are not kept clean and free of lice. Dr. LeGear's Lice Killer quickly rids your flock of lice and vermin.

Through his advice and remedies, Dr. LeGear has helped thousands of Poultry Raisers during his 27 years' experience as an Expert Poultry Specialist. It will pay you also to take advantage of Dr. LeGear's advice just as Mrs. Ross did and increase your poultry profits. Get a can of Dr. LeGear's Lice Killer from your dealer, use it according to directions. If you are not entirely satisfied with results return the empty can to your dealer and he will cheerfully refund your money.—Dr. L. D. LeGear Med. Co., St. Louis, Mo.

Summons by Publication

NORTH CAROLINA—ALAMANCE COUNTY. In the Superior Court.

Lottie E. Southard against Walter E. Brooks Southard.

The defendant above named will take notice that an action entitled as above has been commenced in the Superior Court of Alamance County for the dissolution of the bonds of matrimony between the plaintiff and defendant; and that defendant will further take notice that he is required to appear before the Clerk of the Superior Court at his office in Graham in said county on Monday, the 23rd day of August, 1920, and answer the complaint, which will be docketed in the office of said clerk on or before said day of August, 1920. And let the defendant take notice that if he fails to answer said complaint within the time prescribed by law the plaintiff will apply to the court for the relief demanded in the complaint.

This the 22nd day of July, 1920.
D. J. WALKER, C. S. C.
LONG & LONG, Attys.

EXECUTOR'S NOTICE.

Having qualified as Executor of the will of Laura Malone, deceased, the undersigned hereby notifies all persons holding claims against said estate to present the same, duly authenticated, on or before the 26th day of July, 1921, or in a notice will be pleaded in bar of their recovery. All persons indebted to said estate are requested to make immediate settlement.

This June 25th, 1920.
J. D. WHITTED, Ex'r.
of Laura Malone, dec'd.
Burlington, N. C.

Germany has been told how much she must pay. She seems to be aware, however, that the Allies employ no collector.
