ISSUED EVERY THURSDAY.
J. D. KERNODLE, Editor.
 \$1.00 A YEAR, IN ADVANCE.
 The editor will not be responsible for
 views expressed by correspondents.
 Entered at the Postoffice at Graham,
 N. C., as second-class matter.
 GRAHAM, N. C., Sept. 30, 1920.

Have you registered for the coming election? If not, why not now?

Just a little more than a month till the general election. If a substantial victory is to be won for Democracy, some good work must be done in the next 33 days.

The women have not heretofore been concerned about being registered, but now they are voters and to be able to vote they must register. It is up to the men to help them out and tell them when and where to go to register.

Harding is cutting loose from his "front porch" moorings. He finds that a very small percentage of the voters will take the time to make a pilgrimage to his shrine. Cox is active, and growing in favor. He cannot hope to speak to a very large percentage of the voters, but many thousands are hearing him.

On last Wednesday, 22nd Inst., Gov. Cox's train was wrecked near Peoria, Arizona. All members of the party escaped serious injury. Yesterday, a week later, Senator Harding's car left the track near Millwood, W. Va., and he missed serious injury by a hair's breadth. On the score of railroad wrecks the two presidential candidates of the two great parties are on equal footing.

The Republican Congress.

"If adjournment is taken in June, the Republican party will have to go into the Presidential campaign confronted by the necessity of dodging or apologizing for the sorriest record ever made by Congress in recent years."—Washington Post.

The Washington Post is anti-administration and is supporting Harding.

"The Senate has reached the nadir of its popularity."—New York Times.

"Congress stands at the lowest ebb of constructive ability ever known."—Searchlight.

"The present Congress has failed us in intelligent comprehension of every great question affecting the lives and the welfare of our people. *** It has failed with completeness and abandon."—Samuel Gompers.

"That Congress had not only wasted weeks of precious time while the world has waited for such relief as only American legislators could afford, and has displayed a degree of wilfulness and selfishness which has astonished and embarrassed the nation, seems beyond question."—Christian Science Monitor.

And it is to the majority leaders of the Senate of this Congress that Harding proposes to turn the Presidency over.

 F. J. CHENEY & CO., Toledo, O.
 Sold by all Druggists, 75c.
 Hall's Family Pills for constipation.

Sowing Seed of Cabbage for Early Spring Heading.

The Progressive Farmer.

Southern North Carolina: "When is the time for sowing seed for cabbage to head in March and April? When should the plants be set? I live about 25 miles from the ocean."

Sow seed of the Early Jersey Wakefield cabbage about the last week in September, and set the plants in November in heavily fertilized soil in open furrows, running east and west, and deep enough to cover the stems. Set them 16 inches apart in rows three feet apart.

UNIVERSITY LARGEST OPENING.

Number Aggregates 1,275 - 13 New Professors - First Game Football Oct. 2nd.

Chapel Hill, N. C., Sept. 28.—The University of North Carolina has opened its 126th session with the largest number of students in its history. The first four days of registration showing a total of 1,275 students, which is larger than ever before at this time. Last year the total for the entire winter session was 1,406, but university officials say that this number will be surpassed before the year is out.

Of those at Chapel Hill now 411 are freshmen and 632 are in the sophomore, junior, and senior classes, making a total of 1,043 in the academic department. The professional schools registered as follows: law 76; pharmacy, 61; medicine, 57; and the graduate school has 35 students. The dormitories and the town of Chapel Hill are crowded to their utmost capacity. Many rooms have four students each and it has been necessary to throw open class rooms at night so that men could use them for study.

At the formal opening exercises the new men were welcomed by President Chase and by Dean Francis Bradshaw, the new dean of students. The annual celebration of "College Night", a welcome to the new men at which representative college leaders explained various student activities, was held under the auspices of the Y. M. C. A. with talks by President Chase, Prof. Frank Graham, and by W. H. Bobbitt, W. R. Berryhill, and Bailey Lippert on studies, the honor system, and athletics, respectively.

Sixty members of the football squad who have been practicing continually for three weeks under the direction of Head Coach Myron F. Fuller, former Yale player, and Assistant Coach Clay E. Hite, of last year's West Virginia team, are getting ready for their first game with Wake Forest at Chapel Hill, October 2. One week later the team will go to New Haven to play Yale. Ten veterans from last year, including Captain Harrell, are on the squad and students who have been practicing think prospects are bright for a winning team.

With opening of the new year thirteen new professors have been added to the faculty, and Professors Leavitt, Lasley, and McKie have returned from leaves of absence. Four men, Professors Day, Cobb, Walker, and Foerster are on leave of absence this year. A new school of public welfare for the training of social workers under the direction of Dean Howard W. Odum, formerly of Emory University, has been opened. The Red Cross is co-operating with the University in establishing this school, which is the first of its kind in the South.

RESULTS TELL

There Can Be No Doubt About the Results in Graham

Results tell the tale. All doubt is removed. The testimony of a Graham citizen can be easily investigated. What better proof can be had? J. N. H. Clendenin, retired farmer, S. M. in St., says: "Some years ago I was bothered a great deal by weak kidneys. I had little control over the kidney secretions and had to get up a lot of nights. My back was so sore and lame, I could hardly straighten. In the morning I was so lame I could hardly get out of bed. I read so much about Doan's Kidney Pills that I got a supply at the Graham Drug Co. and began taking them. A few doses relieved the pain in my back and one box cured me. I can now go to bed, sleep well and my back is strong."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Clendenin had. Foster Milburn Co., Mfrs., Buffalo, N. Y.

"I remind you that when the Constitution of the United States was proposed there were the doubting Thomases everywhere who thought it would fail."—Gov. Cox at Wheeling, W. Va.

First aid for Prounaine poisoning. Dr. SETH ARNOLE'S BALSAM is quick to relieve pain. Warranted by Farrell-Hayes Drug Co., Graham, N. C.

Rape For Hogs.

The Progressive Farmer. If you have hogs, have rape. Set aside a patch of your best land for it and order the seed now. Experiment stations and farmers have found this crop to be one of the best pork producers of the fall and winter grazing crops. The United States Department of Agriculture states that rape should have a place in almost every grazing system for hogs in the South. It may be planted by itself either broadcast or in drills, or seeded in a mixture with oats and rye. It can be planted in September in the upper tier of Southern States and later in the season in the lower South. Cool, moist weather is favorable to it. Three pounds of seed to the acre is sufficient if drilled in, with five pounds if seeded broadcast. Rape should be planted on fertile land and allowed to make a good growth before being pastured. An acre of good rape should furnish grazing for three months for from twelve to fifteen hogs weighing from seventy-five to one hundred pounds each.

ITCH!
 MONEY BACK
 without question if Hunt's Salve fails in the treatment of Eczema, Tetter, Ringworm, Itch, etc. Do not become discouraged because other treatments failed.
