## Notice to Ex-Service Men.

Under an act of the Legislature of North Carolina, Session 1919, world-war medals are to be issued by the State to each person who served in the United States Army, Navy or Marine Corps between April 6th, 1917, and November 11th, 1918, provided such person had resided in the State for not less than three months prior to entry into service or is a prior to entry into service or is a native born North Carolinian. Members of the Regular Army, Navy or Marine Cops, or others who served therein, are entitled to a medal if they gave this State as their resi-

dence upon entering the service.

The Burlington and Graham Red
Cross Chapters have these medals on hand for distribution to ex-service men upon presentation of the proper credentials of service. A medal will be awarded you if you will call upon the Chairman of the Burlington or Graham Chapter, whichever is the most convenient, and present your certificate of dis charge or other credential papers

### Personal Credit For Farmers.

Washington, D. C., Dec. 10. -One of the national problems de manding special attention at this time is that of short-time personal credit for farmers, in the opinion of the Secretary of Agriculture, expressed in his annual report to the President made public here

"It is generally recognized," he said, "that one of the problems demanding special attention at this time is that of short-time personal credit for farmers. In the case of a man who has paid for his farm, the supply of personal credit raises, as a rule, no serious question. In the case of the renter, however, and of the young farmer who is just starting out as an owner, the question of short-time credit is a difficult one. In such cases credit car and should be based, to a consid erable extent, on character and productive ability. To deny credit to the honest, ambitious, and en-ergetic farmer because he has little tangible security to offer is to lessen the productivity of available capital and to discourage a man who, in the future, should be a land-owning farmer. While the bankers are, in many cases, showing a commendable interest, the need is for a system which will enable the man without collateral to secure funds for pro ductive agricultural enterprises. Without doubt this important problem should receive careful consideration, and every feasible effort should be made to aid the farmer in obtaining the necessary personal credit."

Mississippi Woman Had No Eggs for Four Months. Hens Now Laying Regularly.

Regularly.

"I wish to praise Dr. LeGear's Poultry Prescription to Poultry Raisers. I have 28 hens and had no eggs from them for over 4 months, After I fed them one and one-half packages of your prescription I gathered over 2 dozen eggs from them. This is a positive fact, and I advise all poultry raisers to use Dr. LeGear's Poultry Prescription, if they wish their hens to lay."—Miss Carlina Freeman, Harriston, Miss.

Dr. LeGear's advice and a few pennies wisely spent have made layers out of loafers. You can obtain the same results. Get a package of Dr. LeGear's Poultry Prescription from your dealer. Use it as directed. It is a tonic which builds up the strength and vitality of hens, without overstimulating or injuring the egg producing organs. SOUTHERN BELL TELEPHONE & TELEGRAPH COMPANY

# The Solution of the Problem

To furnish the telephone service which will be needed in the state of North Carolina during 1921, additional facilities must be

To build these facilities will cost \$1,048,-

The Company has no money with which to construct these facilities.

All new construction must be paid for out of the capital account of the Company; all of the Company's present capital is invested in the Company's business.

This money can be had in only one way; it must be invested in the Company's business.

This money can be had from only one source; from the investing public, people who have surplus money to invest.

Part of the investing public of this country live in North Carolina.

These facilities are needed to serve the people of North Carolina.

Will the investing public of North Carolina furnish this money?

Every dollar the public of North Carolina will invest in the Company will be used to construct plant facilities in the state of North Carolina for the use of the people of North Carolina.

If the investing public living in North Carolina will not invest their surplus money in the Company's business, the Company must get the money needed to serve you from the investing public in other states; from strangers. from strangers.

Can you expect strangers to invest their money in a business located in North Caro-

lina in which the people of North Carolina will not invest their money?

The facilities now used by you were paid for by money furnished by strangers. They know what they are earning in North Caro-lina while serving you just as you know.

Can you ask or expect them to furnish more money for your use in North Carolina under present conditions?

If the people of North Carolina will not supply the money needed to serve them-selves they must induce strangers to furnish
