CONFEDERATE VETERANS MEET.

Ask for Increase and Pensions for All and Widows Married Before 1880—Resolution of Thanks.

More than forty Confederate veterans met in the court house at 2 o'clock Saturday afternoon to give expression in regard to pensions. It was the sense of the meeting, owing to the now very advanced age of all who saw service in the Civil War—ended nearly 56 years ago, that all, regardless of property holding or physical condition, should receive a pension; that the pensions should be increased 100 percent, making them twice what they are now, in order to assure those with insufficient income an adequate support, and that all widows who married Confederate soldiers prior to the first day of January, 1880, be included as pensioners.

The memorial or petition sent to the Legislature embodied the above provisions.

The following resolution of thanks was adopted:

We, the Veterans of Alamance county, owe our appreciation and a vote of thanks to the Daughters of the Confederacy for their noble and patriotic devotion and painstaking care of us through all these last trying years and to their mothers for house-keeping during the years of the war and reconstruction.

May God's richest blessings attend the Daughters in all their pilgrimage, and may they be able to leave their children a greater and richer heritage than they received.

The Daughters are given the ballot, and may they use it for peace, temperance and righteousness; and when the Lord shall judge among the nations and rebuke many peoples, then shall they beat their swords into plowshares and their spears into pruning hooks. Nation shall not lift up sword against nation, neither shall they learn war any more, is the prayer of the veterans that followed Lee and Jackson.

Big Liquor Seizure In Melville Township.

One of the biggest seizures of liquor in this county was made the first of the week in Melville township on the Griffith place, about three miles northwest of Mebane and about the same distance northeast of Haw River. The still place was on what is locally known as "hog island" on Back Creek. It having leaked out that booze had been flowing freely from that locality, on Monday afternoon Sheriff C. D. Story and Deputies H. J. Stockard, Boyd Trolinger and Ed. Hensley went in search of the source of supply. They found the place where the still had been in operation. The still was gone, but appearances indicated that the plant was one of considerable capacity. In searching around a 30-gallon barrel and a 10-gallon keg of whiskey were picked up. Hard by lived one John Campton, colored, whose premises were searched and a 5-gallon keg and 16 bushels of meal were found. John was arrested and brought in with the find to Graham.

Whether John is guilty or not of violating the prohibition laws of the State is not yet for us to say, but he waived examination and gave a \$1000 bond for his appearance at court.

Not satisfied that a complete cleanup had been made, Deputies H. J. Stockard and Stedman Isley went

back early Tuesday morning to further investigate and their search was not in vain, for they found a 60-gallon barrel and another 10-gallon keg which they brought in.

The Democrats in the next congress will need the services of one who can hit well in the pinches!

The conviction grows that McAdoo can detect a coming political landslide quicker than any other American politician.
