Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Linger up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years. Stop dragging kidneys! They don't cause backache, because they have no nerves, therefore can not cause pain.—Adv.

UNITED STATES AT ISSUE WITH JAPAN

INSISTENT DEMAND IS MADE THAT ISLAND IN THE PACIFIC BE INTERNATIONALIZED.

NO RIGHTS OF CONFISCATION

American Companies Contend That French and American Governments Have Seized Cables Unlawfully.

Washington.—The United States government demands freedom of cable communication across the Pacific to the far east and insists that the important way station on the small island of Yap shall not be given to Japan by the League of Nations.

The American government in its latest note, the exact text of which has not yet been made public, does not ask that Yap be given to the United States but that it will always be under the joint control of the great powers, Great Britain, the United States, France and Japan.

The United States contends, moreover, that Japan never had any right under international law to seize the trans-Pacific cable at Yap and that the status which existed before the war shall be restored.

Back of the entire question of cable communication through the island of Yap is a greater and even more involved controversy over the cutting of the German cables in the Atlantic. The American companies contend that both England and France have seized these Atlantic cables unlawfully and are today depriving the people of the United States of direct cable communication which is so important to commercial intercourse with Germany and Central Europe.

FARM LOANS CONSTITUTIONAL

Chief Justice White Said That Lever Food Control Act is as Broad as Human Imagination.

Washington.—Sections of the Lever food control act under which the Department of Justice has brought many actions for alleged profiteering in necessities were declared unconstitutional by the supreme court. Chief Justice White read the court's decision.

Conviction of the L. Cohen Grocery company of St. Louis, in having charged an unreasonable profit on sales of sugar, was set aside by the court.

Justices Brandeis and Pitney concurred in the opinion, but dissented from "the reasoning by which it was reached."

The conviction of the firm of Weeds, Inc., Binghamton, N. Y., also was set aside. Chief Justice White said the statute was "as broad as human imagination."

In the case brought by merchants of Jackson, Miss., the court reversed the decree of lower courts refusing to issue an injunction restraining the attorney general from prosecuting under the Lever act.

WILSON WILL CUT NO FIGURE

Harding May Call at White House on Evening of March Third, Merely to Pay his Respects.

St. Augustine, Fla.—While the cabinet awaits his final decision, President-elect Harding has determined upon the details of the inauguration at Washington on March 4. The customary ride of the president and president-elect will be dispensed with. Mr. Harding will go to the capital just in time to be sworn in at noon. President Wilson will have gone there some time earlier in the day to sign the bills of the dying congress and thus to make them into law.

It would seem from present indications that the outgoing President of the United States will cut less of a figure in the inauguration of his successor than ever before in the history of the United States. This is not due to any design on the part of Senator Harding but, inasmuch as virtually all of the inaugural customs are to go by the boards this year, it would seem that President Wilson, after he signs bills in the marble room of the senate, will fade completely out of the picture.

While no arrangements have been made to that end, it is the general supposition that Mr. Harding, on the afternoon of the third of March, will call at the White House and pay his respects to President Wilson.
