Power Company and Mills Threshing Rates Over Again This Week—Insurance Com'r Wade Hits "Blue Sky" Stock Operations.

STATE S. S. THIS WEEK IN RALEIGH.

"Jim" Jones, Body-Guard of President Davis, Dies in Washington and Buried in Raleigh.

(By Maxwell Gorman.)

Raleigh, April 13.—The annual meeting of the North Carolina State Sunday School Association has been in session in Raleigh the last three days, and there is a large attendance, including some forty expert Sunday School workers representing all the evangelical churches. Gilbert T. Stephenson of Winston-Salem is president, and D. W. Sims of Raleigh secretary of the association.

Among the prominent men engaged in the work is Lieutenant Governor W. B. Cooper, member of the executive committee of the North Carolina Sunday School Association and teacher in Grace M. E. Church Sunday School, Wilmington. Governor Cooper presided at the session of the adult division of the meeting today.

Other distinguished workers from a distance include Dr. Gilbert Glasb, Richmond; Prof. H. H. Harris, Emory University, Ga.; Mrs. Maud Junkin Baldwin, Chicago, Ill., superintendent, children's division, International Sunday School Association; Dr. Joseph Broughton, Atlanta, Ga., superintendent, Tabernacle Baptist Sunday School; Mr. J. A. Brown, Chadbourne, of the Presbyterian Sunday School, and member of executive committee; Dr. William A. Brown, Chicago, Ill., a member of the staff of the International Sunday School Association.

The organization stands for those interested in common to all Sunday School workers. It is a systematic effort of workers from the various denominations to create public sentiment in favor of more and better denominational Sunday Schools. It strives to help by way of suggestion not by authority; therefore, it helps many, it hinders none.

It seeks helpful co-operation, not union. Its conventions and institutes discuss methods of work, not church doctrine. These conventions and institutes are really free schools of methods on Sunday School work, open to all who will attend. Leaders in thought in the various denominations help in this work.

In its work the North Carolina Sunday School Association is interdenominational, for in its various conventions and institutes leaders from various denominations take part. But in results it is denominational, for if a worker puts into use the methods he hears discussed in these meetings, he increases the efficiency of his own denominational Sunday School.

Farm-Labor Conference Today.

It is announced that farm and labor officials of North Carolina will take an active part at the farm-labor conference to be held in Washington, D. C., April 14th and 15th, by the People's Reconstruction League. Benjamin C.

Marsh, secretary of the league, said that R. W. H. Stone, of Greensboro, president of the North Carolina Farmers' Union; Dr. J. M. Templeton of Cary, vice-president, and W. L. Bagwell of Raleigh, secretary-treasurer, will represent their organization at the conference.

The State Federation of Labor is expected to send several representatives.

According to Secretary Marsh other farm and labor organizations to be represented at the conference include the Farmers' National Council, the American Federation of Labor, the International Association of Machinists, the United Farmers of America, the Railway Brotherhoods, and a number of State farmers bodies and federations of labor.

Plan Legislative Campaign.

The conference is to plan a campaign for the enactment of legislation favorable to the farmer, labor and the general public. Issues to be discussed at the conference include the railway crisis, the need for short time credit for farmers, packer control legislation and annual taxation policy.

Senator Borah, Senator Ladd and Representative Frear are among the members of Congress who will address the conference.

"Jim" Jones Buried in Raleigh.

James H. Jones, who was the body-guard of President Jefferson Davis of the Southern Confederacy, when the latter was captured by Federal troops, was buried here this week, following his death in Washington, D. C. "Jim" had a State-wide acquaintance with prominent public men of North Carolina and was personally known to many men of national reputation. His service to President Davis was the proudest spot in his heart and he never ceased to boast of it.

Jones was born in Warren county, North Carolina. After the war he headed a negro fire department in Raleigh and became a minor city official. He turned Republican in politics, but always voted for Representative William Rufin Cox of North Carolina, who represented the State in the House in the forty-eighth and forty-ninth Congresses. Later when Gen. Cox became Secretary of the United States Senate he took Jones to Washington with him and gave him a messenger's job in the Senate. That was in 1893. Since that time he has had several jobs about the capitol and was a messenger in the Senate stationery room until a short time before his death.

Beware of "Get-Rich-Quick" Stocks.

There is considerable comment and some feeling concerning the statement sent out by State Insurance Commissioner Wade concerning the alleged "blue sky" stock operations of the International Petroleum Company, of San Antonio, Texas, and involving the business character of Roland F. Beasley, until recently State Commissioner of Public Welfare, and whose reputation among the people here who have known him has been unquestioned. Com-

missioner Wade stated that the concern had no State license and that its efforts to sell blue sky oil stock to citizens of North Carolina is illegal; that the company's advertisements presume too much on the argument that one of its officers, Mr. Beasley, till recently was a State officer and now represents the oil corporation, after having thoroughly examined into the affairs of the company and becoming satisfied that it is doing a perfectly legitimate business, etc.

Mr. Beasley has sent word from Texas that his company has not a single solicitor for business acting personally as such in North Carolina, that all its advertising in this State has been done through the United States mails, and that if the company was not straight the United States authorities would have barred it from the use of the mail long ago. He adds that the reason the company has not yet taken out license in North Carolina is because the tax is prohibitive. As it has no agents working personally in the State it is not necessary for the oil company to pay the high license and that what he and his company are doing is both legal and legitimate.

Be that as it may, the warning of the insurance commissioner against all blue sky stocks, the purchase of some of which the last few years has played the dickens with many North Carolina investors, especially among the farmers, is timely and should serve as a caution in future transactions of the sort, no matter whose names are connected with the oil and other "get-rich-quick" concerns offering stock for sale.

They Hope To Get the Money.

Governor Morrison and Treasurer Lacy have been to New York in quest of investors who would buy State bonds, and the confidence displayed by the Governor on the eve of his departure seems to be borne out by developments. The understanding is that the money will be available as needed for both road building, construction work provided for at the State institutions, and other purposes. The special session of the Legislature, which some of the critics of the administration have been predicting will probably not become necessary in the opinion of Governor Morrison, Chairman Doughton, of the House Finance Committee, and others, during the last few days on State business, and who are much better qualified to pass judgment on the subject than the critics.

Power Company Rates to Mills Up Again.

The State Corporation Commission this week is again considering and hearing argument in the cases brought by a number of cotton mills of the State against the Southern Power Company, the big corporation which supplies electrically transmitted power to a large number of industrial plants of the State—the object being to hold the big octopus to the contracts which would compel it to furnish power for some years yet to the little octopuses for less than the power company can transmit, the latter claims.

Publication of a story indicating failure of the Southern Power Company to furnish the Corporation Commission with evidence of its tax valuation on property in South Carolina, draw from members of the commission the statement that no such information had been demanded of the petitioning power company or its attorneys.

Members of the commission made plain the distinction between tax values and reproduction values of the company's property, pointing out that the tax values are fixed by the State's taxation authorities and not by the company's. The values of the Southern Power Company in South Carolina are contrasted, in the publication this morning, with the figures submitted by the commission.

Attorneys for the cotton mills resisting the rate increase have received the tax figures from the South Carolina authorities. On the question of demand for them, the commission pointed out today that Vice-President Lee told attorneys for the mills that his company had no objection to these figures going into record.

Methodist Protestant College For Alamance County.

The Methodist Protestant Church of North Carolina is going to build a college. It has not been located, but it will be inside of six weeks.

Alamance wants the college and a supreme effort is going to be made to secure it.

Burlington has taken the initiative, and Graham and Haw River have joined hands with Burlington to get the college for Alamance.

A fine site of 30 acres a few hundred yards north of Graham station and on the street car line is offered, and in addition it is proposed to give \$200,000.00. This is the goal aimed at.

To raise the fund will require a united effort on the part of everyone—work, real work, but it will be worth it.

Burlington, Graham and Haw River have organized teams with captains and workers to make a thorough canvass for subscriptions. No effort will be spared.

All the churches feel that this college will be a good thing for the community and a general church rally will be held at all the churches Sunday.

Now, for a united effort!

CHAMPIONSHIP CONTESTS AT UNIV. THIS WEEK.

In Debating Contests 52 Schools Represented—Some 25 Tennis Players and 75 Track Men In Contest.

AYCOCK CUP CONTEST FRIDAY NIGHT.

Cor. of The Gleaner.

Chapel Hill, N. C., April 12.—Nearly 500 high school debaters and athletes, their superintendents, principals, teachers, chaperones, and well-wishers will pour into Chapel Hill April 13, 14 and 15 for High School Week at the University of North Carolina when championship contests will be settled in debating, in tennis, and in track. It will be the largest number of high school students that has ever been in Chapel Hill at any one time.

Fifty-two schools, the survivors of the State-wide contest in which more than 200 schools all the way from the mountains to the sea fought out the question of collective bargaining through labor unions, will send their winning teams to Chapel Hill for the further eliminating rounds. This means 104 debating teams or 208 debaters, nearly one-half of whom will be girls.

Added to these will be the largest entry list that has ever been received for the tennis tournament and the track meet, approximately 25 tennis players and 75 track men.

The debating cohorts will arrive Wednesday night and Thursday morning. A preliminary meeting will be held in Peabody Auditorium at noon Thursday where lots will be drawn for the sections in which the debaters will fight. There will be 13 different sections with 4 complete debates in each section.

The first elimination round, Thursday night, April 14, will be in these 13 sections. From each section one team on each side of the question will be chosen. The second elimination round will bring together all the 13 surviving affirmative and the 13 surviving negative teams Friday morning. From these two groups one affirmative and one negative team will be selected.

Friday night these two teams will meet for the final contest, the St. to championship, and the Aycock Memorial Cup, awarded by former intercollegiate debaters at the University. President Chase will preside, E. R. Rankin

will be secretary, and Professors H. M. Wagstaff, L. P. McGehee, W. S. Bernard, L. R. Wilson, and George Howe will be judges. Professor Horace Williams will present the Aycock cup.

The interscholastic track meet will be held on Emerson Field Friday afternoon, April 15, and the tennis tournament will continue through Thursday and Friday. University athletics officials and members of the track and tennis teams will handle these contests. Professor M. C. S. Noble will present the medals and prizes.

Entertainments of various kinds have been arranged for the high school visitors. The Carolina-Trinity baseball game Thursday afternoon will be a stellar athletic event and the county clubs of university students will look after visitors from their own counties.

Catarrrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.
