**PLATFORM DECLARATIONS.**

It has been said that party platforms are made to ride into office on. The people will, perhaps, sometime tire of being fooled in that way. Here are some excerpts from Republican platforms. To what extent are the Republicans observing these platform declarations?

Any system of civil service under which the subordinate positions of the governments are considered rewards for mere party zeal is fatally demoralizing and we therefore favor a reform of the system by laws which shall abolish the evils of patronage and make honesty, efficiency, and fidelity the essential qualifications for public positions without practically creating a life tenure of office.—Republican National Platform 1872.

We renew our repeated declaration that the civil service law shall be thoroughly and honestly enforced and extended wherever practical. The recent action of Congress in enacting a comprehensive civil service retirement law and in working out a comprehensive employment and wage policy that will guarantee equal and just treatment to the army of government workers and in centralizing the administration of the new and progressive employment policy in the hands of the Civil Service Commission is worthy of all praise.—Republican National Platform 1920.

**Mr. Chas. A. Thompson's Smokehouse Burned.**

Monday morning Mr. Chas. A. Thompson's smokehouse, a frame building, was burned with contents. Mr. Thompson thought to smoke his meat, so put a few chips in a small heater before going down street to his place of business. A few minutes after 9 o'clock a neighbor discovered the house in flames and gave the alarm. The fire companies responded quickly and put the fire out in a gully, but not before the inside of the house and the roof were burned. Mr. Thompson had the greater part of four nice hogs, several bags of cotton seed meal and other things in the house burned. The house was one-story and had a small shed on either side. The contents of the sheds were also charred and burned. In one of the sheds two sitting hens were burned.

It is not known just how the fire started, as the little stove seemed perfectly safe for the purpose it was used for.

The smokehouse stood less than twenty feet from the dwelling and the latter narrowly escaped being burned also.

The loss, including damage to building and the burning of contents will amount to more than \$300.

**Typhoid Vaccination Campaigns This Year.**

1921 was the banner year for typhoid vaccination campaigns in North Carolina, but 1922 is bidding to be a close second. Already contracts have been signed by Anson, Beaufort, Chowan, Franklin, Hertford, Iredell, Lee, Stokes, Union and Yadkin counties, requesting campaigns to prevent, not only typhoid, but also diphtheria.

The State Board of Health is offering to direct and advertise the campaigns free of cost and the county pay to physicians eight and one third cents for each dose administered. Local physicians were used in these campaigns last year in twenty-two counties and this proved to be a better plan than to send a stranger into the county.

If your county is not among those mentioned, talk to a member of your Board of County Commissioners.

Yours very truly,  
W. R. GOLEY,  
Health Officer.

The highest communities in the world inhabited by white men are Tacleo and Aroya, in Peru. These towns, situated between 12,000 and 14,000 feet above sea level, are the centres of extensive American mining operations.

**Resolutions of Respect to the Memory of R. Lee Hall.**

Whereas, It pleased God in His infinite wisdom and mercy, on April 2nd, 1922, to call home our beloved brother, R. Lee Hall, thus relieving him of earthly sufferings and afflictions, and whereas our Jr. Order, as well as the entire community, has suffered a great loss; therefore, be it resolved:

First. That in his death Graham Council No. 36 has lost a member full of good works, and whose life was an inspiration to us all.

Second. That we offer our heartfelt sympathy to his loved ones and ask God's blessings to rest upon them all.

Third. That a copy of these resolutions be sent to his family, a copy to the Alamance Gleaner for publication and a copy be spread on the minutes of our Order.

**IF WOMEN ONLY KNEW**

What a Heap of Happiness it Would Bring to Graham Homes.

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pains often come from weak kidneys, 'Twould save much needless woe.

Doan's Kidney Pills are for weak kidneys. Ask your neighbor!

Read what a Graham citizen says: Mrs. R. C. Phillips, Guthrie St., says: "I suffered a great deal from kidney trouble for several years. I was very nervous at times, felt weak and my sight seemed blurred. I began using Doan's Kidney Pills and was soon feeling better. I have gained steadily since taking this remedy."

Over ten years later Mrs. Phillips said "Doan's Kidney Pills have no equal and I can say they have done me a world of good in relieving the pains in my back and regulating my kidneys. I would not be without a box of this remedy on hand."

One of two things must happen to a retail or wholesale merchant in a period of 30 years—his merits will be disclosed or his defects found out.

After 30 years of business we are still busy on Court House Square selling goods of such merit, that the quality is remembered long after the price is forgotten, namely, Salem Almanacs that tell you when to put on Mendenhall's Home-made Shoes and start the Oliver Chilled Plows breaking mother earth, to plant corn, cotton, tobacco, garden and field seeds, and grow them with S. Why use cheap goods when you can get the old reliable brands which have been tried out in the field and found to be the best.
