GRAHAM, N. C., June 15, 1922.

DAIRY FARMING.

It was on Monday of last week that Mr. H. S. Mobley, pratical and successful dairyman, begun his speaking tour in Alamance on dairy farming. He spoke at the court house Monday afternoon and at four or five other points later in the week.

In his address, H. S. Mobley, of the Extension Department of the International Harvester Company, said: "The verdict of a jury, based ou evidence, is the method human wisdom has tried and proven to be the best in administering justice. Civilization, without trial by jury, would fail and injustice and wrong would prevail among men. The theory is that the truth is shown by the evidence, so that the worthy are justified and the unworthy are condemned.

"The vital thing here is the evidence and whether or not it is true and impartial. We are trying the The Babcock test, the milk scales, the daily records, are the jurors. What is the evidence in per cent of butter fat, milk production and profits ?

"To harness a cow and a hen and a hog to furnish farm power would be a huge joke to møst of us,"sald Mr. Mobley. "That was the way it appeared to a school boy at one of my meetings. When he saw the chart, he laughed aloud and said, 'That kind of a team isn't worth much.'

"Thousands of us have the same idea, but it is a mistaken idea. The patient cow, the industrious hen, the fast-growing hog, produce results farms, it would give each farm more

than \$700 a year. "From the standpoint of production this is the most powerful team a farmer can use. I have never known a farmer who used this kind of a team who did not make a good living and a reasonable amount of money besides.

Great Democratic Leadership on Tariff.

The old Spanish proverb, "It's a waste of lather to shave an ass, would seem to apply to the effort expended in criticising the pending Republican Tariff bill, because it is absolutely certain that the bill with its multiplication of iniquities, taxing everything from speakers cannot wipe out or the safety-pin in the new-born in-materially change these figures. fant's abdominal bandage to the tombstone in the cemetery, will be passed.

The Democratic analysis of the various schedules, however, is cratic administration and what it justified by the fact that the people are entitled to know and to have a reactionary Republican understand the size of the moun- administration. tain of taxation and the indefenpolicy under which

Actual Work on Two-Contracts for Two Others Soon-Two of Them High Schools and Two Consolidated Schools-To be Modernly Equipped.

FOUR SCHOOL BUILDINGS

A modern school building of brick is being built in Elmira school district, west of Burling ton. It will contain six c.a.s rooms and an auditorium and will be furnished with lights, water and heat. This building is to cosabout \$20,000. At the "Hub" the consolida et

Altamahaw-Ossipee school build ing is under construction and wat cost about \$60,000. It will comtain 12 class rooms, two admini tration rooms or offices, a community hall, and a large auditorium with gymnasium and stage

baths. This is a brick building. The contract for Hawfields High School will be let on 23rd inst,

This is to be, a brick building. A twenty-acre tract of land between we come is extended to all, Swepsonville and Hawfields church has been purchased for a MRS. TURNER STUDYING site. It will contain 8 or 10 class rooms and auditorium. Agriculture will be taught in this school, hence it has need of sufficient land to conduct its farm department. It will also be modernly

equipped. Pleasant Grove High School will build a wooden structure of one story, with four class rooms, auditorium and modern conveniences. The contract is to be let soon and building ready for fall opening. This school will accommodate all o the High School pupils of Pleasan: Grove township and McCray dis- 11. trict in Faucette. The building is planned so that any needed ad dition can be made at any time Supt. Terrell informs us that no

increase in taxes will be necessary to do the building above mentioned.

Democratic Prosperity

Versus Republican Disaster.

When Woodrow Wilson went into office as President in 1913, Len

levied.

No other tariff bill has been so thoroughly analyzed, dissected and vivisected so far as the debate has proceeded as this indefensible measure and the indefensible policy of protection re-sponsible for it. The Democratic Senators who have been most prom inent in exposing the weaknesses, inconsistencies, fraud and downright robbery in this profiteers' tariff bill are perhaps the best equipped and most experienced men to deal with this subject that have ever sat in either House of Congress -- Underwood, Simmons, Pomerene, Jones of New Mexico, Robinson, Pitman, Hitchcock, King, . Fletcher-one might include a large majority of the sitting Democratic Senators.

On the other side of the Chamber there seems to be but one man, Smoot (Rep., Utah)-veterab stand-patter, reactionary advocate of the theory of special pri vilege-whose theories of government in the matter of taxation years of age. seem to include the benevolent despotism of Frederick the Great and the policy of levying tribute prachowever, is much faster. ticed by the feudal barons before Magna Charta.
