LOCAL NEWS.

The several High Schools of the county will open next week. This week will close a two weeks' term of Alamance Superior Court for the trial of civil cases. Graham Graded School opened Monday with all the teachers present and a large enrollment of pupils. Col. Ike Meekins, Republican candidate for Governor, will speak in Burlington next Tuesday night. Ellis Pickard, who has attended the University for the past three years, will teach in the Stony Creek High School which will open next week. Mr. James B. Duke, better known as "Buck" Duke, of New York, was a visitor to his uncle, Mr. A. K. Roney, near Haw River, the latter part of last week. Mr. and Mrs. Wilson Williamson, who have purchased the E. S. Parker, Jr., residence, N. Main St., moved in the first of the week. They have been making their home in Burlington. Elton College is reported to have had the largest number of matriculations, about 325, at its opening last week in the history of the college, and that it is expected the number will reach 400. No wonder it has been cool here for the past few days. Up in Watauga county there was a freeze Saturday morning, and it is from that direction that we get our cold weather. Mr. A. Lacy Holt has bought the interest of his partner, C. E. Howard of Greensboro, in Graham Grocery Co., and is now sole owner of the business. This is Graham's leading grocery store. Rev. T. E. White, the newly elected pastor of New Providence church, began his work last Sunday. He will move his family here soon and they will occupy the Graham-Prvidence parsonage on Albright Ave. Mebane Four-County Fair opens Tuesday of next week and closes Saturday. A great fair is in prospect. If this fair equals the former ones, and it will be bigger and better from all reports, the people will not be disappointed. The report is current the street car line from Graham to Burlington and Haw River will be junked. Sometime ago the company was placed in the hands of a receiver and the property sold. It was hoped the new owners would rehabilitate and put it in operation again. Though very much crippled by the operation of jitney busses, it was a great convenience to a large number of people.

M. C. Terrell Resigns as Supt. of Schools.

Prof. M. C. Terrell, who has been Supt. of Schools for Alamance for the past five years, has tendered his resignation to take effect not later than Nov. 1st. He has accepted a position with Linticum & Linticum, who will make a specialty of school building architecture.

We understand that Mr. Terrell has everything in readiness for the opening of the schools of the county this Fall, so that his successor may enter upon the work with as few complications as possible.

Under Mr. Terrell's administration many knotty problems have been worked out. Several High Schools have been established and splendid school buildings built, so that Alamance county is now one of the foremost counties, educationally, in the State.

Mr. Terrell has not pursued the policy of merging several school districts into one, and other progressive measures, without opposition, but in the main he has succeeded with and done much for the public schools of the county.

Many will regret his severing his connection with the school interests of the county.

County Board of Education Nominated.

The Democratic County Convention met in adjourned session at noon Tuesday to complete the nomination of the county ticket which it failed to do on Aug. 30th, having to adjourn then on account of darkness. The only nominations remaining unmade were for members of the County Board of Education. Under the existing law the full Board of five members had to be nominated.

The following were placed in nomination:

- E. J. Braxton of Newlin. J. E. Sellars of Pleasant Grove. Dr. R. G. McPherson of Newlin. A. H. King of Burlington. C. P. Albright of Graham. J. J. Lambeth of Boone Station. W. A. Harper of Boone Station. S. J. Hinsdale of Burlington. McBride Holt of Graham.

On the first ballot the following received a majority vote: J. E. Sellars, E. J. Braxton, C. P. Albright, and A. H. King.

On the second ballot, J. J. Lambeth received the highest vote and these five were declared nominated.

J. Edgar Long presented the following resolutions and moved that they be adopted, but upon motion were tabled.

- Resolved: 1. That the Board of County Commissioners be changed from five to three. 2. That the Board of Education be changed from five to three. 3. That the office of superintendent of roads be abolished and this office filled by the county manager. 4. We favor a more economical administration of our road building. Also a more economical administration of our schools. 5. We favor a law prohibiting one superior court judge from changing a sentence imposed by another superior court judge. 6. We favor a law prohibiting the governor of North Carolina from pardoning any criminal unless the petition has been signed either by every member of the county commissioners of the county from which the criminal is sent or signed by 100 members of the Church in good standing, in the county from which the criminal is sent. 7. We favor a law for the better protection of sheriffs, policemen and other officers. 8. We demand a better law for the protection of our people on the highways, and demand further that any person operating any vehicle of motion on any roads in North Carolina while under the influence of any drug or any form of whiskey shall go to the roads from one to 30 years. 9. We want to enter our everlasting protest against the amendment to our federal constitution, taking the care of our children out of the hands of our fathers and mothers. And hereby instruct our representative in the next legislature to work and vote against said amendment. 10. It is a sad reflection on the fathers and mothers of our land when we behold the very low estate to which the morals of our country have fallen. Desiring to help the fathers and mothers of our land we favor a law prohibiting any person under 21 years of age to be off of parents' premises after 10 o'clock at night, unless accompanied with father or mother or some competent person designated by father or mother. 11. We believe in the rights of humanity and fair treatment of our criminals in penal institutions, but we do oppose the present day tendency of Mrs. Kate Burr Johnson and her followers in attempting to make our penal institutions a real Pink Tea affair. We want a law so those in charge of our penal institutions can see that adequate punishment is meted out and also that the law can be so enforced that not so many prisoners can escape. 12. That our senator and representative in the next general assembly are hereby instructed to see that all of the above resolutions are enacted into law.

County Sunday School Convention Oct. 11 and 12.

Officers of Alamance County Sunday School Association announce that the annual County Sunday School Convention will be held on Saturday and Sunday, October 11 and 12, at Union Christian Church, Union Ridge, North of Graham.

In addition to two out-of-county speakers, a number of the most prominent pastors and Sunday School workers in the county will take part in the various sessions of the convention.

In charge of the arrangements for the convention are Rev. T. F. Opie and L. C. Allen, President and Secretary of the County Sunday School Association. These officers are requesting the co-operation of all pastors, superintendents and other Sunday School leaders in the effort to make the convention a success.

Following a plan, started at the county convention last year, the officers have announced that again this year a pennant will be presented to the Sunday School having present in the convention the largest number of representatives sixteen years of age and over, according to the number of miles traveled. The number of representatives from each Sunday School will be multiplied by the number of miles from that church to the Convention Church, and the Sunday School having the largest total will receive the pennant. It is expected that there will be much friendly competition for the pennant among the Sunday Schools of the county. The Sunday School with which the convention is held, and others within one mile, will not compete for the pennant.

Burlington Shrine Circus Opens Saturday

At 8 o'clock sharp Saturday night the whistle will blow in the big top of the Bob Morton Circus, erected on the Pete Sellars lot on South Main Street in Burlington, for the opening performance of the big Burlington Shrine Club Charity Circus, and without question the two mammoth tents, used for the circus exhibition, will be crowded very soon after the gates open at 6:30. Everything is in readiness to give Alamance County one of the very best circus performances ever witnessed, and it will be a performance that will be entirely different from anything seen heretofore in this vicinity.

The program will consist of the twenty professional circus acts of the Bob Morton Circus, and in its entirety it will be unique and full of sensational stunts of daring and feats of strength. This circus goes back to olden times, when a circus was a circus and not a trained animal arena, and there will be only human performers of highest standing in their profession seen during the performance in the two rings, the arena and the big stage, which will be the center of the attraction for the different ground acts.

The entire business end will be handled by members of Masonic organizations of Alamance county. They will sell and take tickets, clerk in the booths in the bazaar tent, act as ushers in the big top, will make all the noise as ballyhoo men and barkers, and they will welcome their guests with a friendly smile and a handshake. Last night the Shriners held a grand rehearsal to familiarize themselves with their different duties, and everything will run smoothly and nicely, when the doors for the first performance open Saturday night. Only one complete performance will be given every night, Saturday and all next week, and there will be no performance on Sunday.
