GRAHAM, N. C., Sept. 18, 1924.

GENERAL DAWES LETS CAT OUT OF BAG.

(Washington Special.)

In a recent speech, Chas. G. Dawes, the running mate with Coolidge, denounced those men in Congress who claim the farmer ought to get better prices for cattle on the hoof...

Last year when wheat was selling at such a distressingly low price a committee of wheat growers called on President Coolidge and set forth their grievances.

Under Woodrow Wilson, the farmers of this country enjoyed the greatest prosperity they have ever enjoyed in our history.

John W. Davis, who framed the farmers' credit bill, has promised, if elected, he will give the farmers help from the national government whenever they need it.

A dairy farmer of Randolph county is saving from \$12 to \$15 per ton by mixing his grain feed at home.

The largest pecan groves in North Carolina are those of Pasquotank county, says H. M. Curran, Forester.

GENERAL DEPRESSION; INCREASING UNEMPLOYMENT.

Higher Living Costs Answer Coolidge Boast of Prosperity.

Special Correspondence.

Washington, Sept. 16.—In his speech of acceptance, delivered August 14, President Coolidge said:

"A great revival of industry [during the Republican administration] took place, which is now spreading to agriculture. Complaint of unemployment has ceased, wages have increased."

Subsequently, Chairman W. M. Butler of the Republican National Committee, uttered a boast that the Republican administration had put an army of more than four million unemployed to work.

At the time these boasts were made, the tonnage orders on the books of the United States Steel Corporation had decreased 50 per cent since January 1.

The Illinois Department of Labor, in its July statement of the industrial situation in that State, showed that in three months, Illinois factories had laid off more than 7 per cent of their employees, and these declines, combined with earlier cuts, had reduced employment to a point 11.5 per cent below the level of June, 1924.

"The number of unemployed people in this State at this time is large. Other factors raise the number out of work far beyond the 89,000 who have been laid off by the factories. Closing mines have released large numbers."

The report of the U. S. Department of Labor, covering a survey of 8,627 industrial plants, issued about the same time, showed that they employed fewer workers in June than in May by more than 100,000, and that the June payrolls of these plants fell nearly \$5,000,000 under those of May.

The Commercial and Financial Chronicle, New York, an authority on industrial, commercial and financial matters, in its issue of August 23, had almost an entire page devoted to brief notices of plant shut-downs, due to industrial depression and wage cuts.

Ten per cent wage cut by Globe Cotton Mill's, in Rhode Island.

General wage reduction by Joseph F. Corcoran Shoe Co., South Hanover, Mass.

Strike of employees of Selis Shoe Co., Stoughton, Mass., against a 10 per cent wage cut.

Strike of employees of Waltham Watch Co., against wage cuts running as high as 40 per cent.

Complete shutdown of plant of Smith & Wesson Co., for indefinite period "because of the continued quiet business."

Closing down of mines of Rochester and Pittsburgh, Coal & Iron Co., in Pennsylvania because of "impossible wage scale."

Near Forest City, Pa., 12,000 anthracite miners laid off because of "slack demand."

Several cotton mills in South Carolina resumed operations on four-day-a-week basis, with a 15 per cent wage cut.

Ten per cent cut in wages of employees of Riverside and Dan River mills at Danville, Va., employing 5,500 operatives.

Shut down at Lancaster Mills, Clinton, Mass., because of "poor business conditions."

In August, the New York State Industrial Commissioner reported wage cuts in knitting and carpet mills and shoe factories of from 10 to 20 per cent, and payroll decreases ranging up to 30 per cent.

In the meantime, although workers were getting less wages

OLD BELT CO-OPS GET \$2,300,000.

Tenor More Warehouses to Open in Central Carolina Tuesday, Sept. 23.

The sum of \$2,300,000 was distributed by the Tobacco Growers Cooperative Association to its members of the Old Belt of Virginia and North Carolina Monday, September 15. Every member of the association who delivered bright tobacco of the 1923 crop has now received 75 per cent of the bankers' valuation on his last season's offerings, those in South Carolina having received 87 1/2 per cent.

The association will open ten more warehouses in Central North Carolina on Tuesday, September 23, at Burlington, Mebane, Durham, Creedmoor, Oxford, Henderson, Norlina, Townsville, Louisburg and Roxboro.

A flood of deliveries is reaching the cooperative warehouses in Eastern North Carolina and members of the association there have already delivered over a million and a half pounds of this year's crop since the season opened on September 2nd.

Satisfaction is reported as very general among the associated farmers of Eastern Carolina, owing to the fact that the association is paying the highest cash advances in its history. These have increased the value of a large majority of the grades and apply particularly to cutters, lugs and primings and most of the leaf grades.

This statement of the Journal of Commerce, based, as the paper claims it is, on first-hand information, would indicate that the Republican managers are publicly promising a continuance of the present high protection while they privately pledge themselves to a downward revision.

Catarrhal Deafness

Is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh.

Make plans at once for exhibiting at the community, county and state fairs, urge specialists of the State College extension division.

and fewer work days, living costs were mounting. The Department of Labor reported an increase of 1 per cent in the price of foodstuffs in June and another increase of 1/2 per cent in July.

Commercial Journal Declares Tariff is Menacing Prosperity.

Attacks on the Republican tariff are to be found with increasing frequency in the editorial columns of the New York Journal of Commerce, a newspaper which concerns itself primarily and almost wholly with finance and business.

"It takes only moderate inquiry among wholesalers and manufacturers to discover at the present moment that there is a strong movement in favor of early revision of the tariff," says the Journal of Commerce.

"It can be stated with authority and with confidence on the basis of first-hand information that influential enterprises in a large way of business are already making preparations with a view to such a development.

"The law in question hurt the farmer, damaged the manufacturer, and was like a knife in the vitals of the consumer."

"Do Rats Talk to Each Other?" Asks Mr. M. Batty, R. I.

"I got five cakes of Rat-Snap and threw pieces around feed store. Got about half a dozen dead rats a day for two solid weeks. Suddenly, they got fewer. Now we haven't any. Who told them about Rat-Snap? Rats dry up and leave no smell."

Two hundred tons of lime have been ordered cooperatively by farmers of Anson County to use with legumes this fall.

How to Make Tasty Grape Dishes.

Raleigh, N. C. Sept. 15.—Home demonstration workers of the State College Extension Division are receiving many inquiries at this time of the year as to how to use grapes to the best advantage.

The recipe followed by these growers is one prepared and recommended by Mrs. Cornelia C. Morris, district home demonstration agent. Mrs. Morris has also prepared two other recipes for grape products that may be used to advantage by the housekeeper having a good vineyard.

Crush grapes (do not cook) strain through cheese cloth and let stand one hour. Strain or filter through a flannel bag, being careful to keep back the sediment. Pour juice into quart jars that have been sterilized, adjust new rubbers that have been washed in hot soda water (1 teaspoonful soda to 1 quart water) place tops on jars and adjust clamp, but do not seal tight.

The following well-known varieties of muscadines are especially good for this cold-pressed juice: Scuppernon, Thomas, Mish, Eden, Memory, Smith, Flowers, James, and Luola.

After grapes have been crushed for cold pressed grape juice the remaining pulp can be made into a delicious confection. Pick out the hulls and cook the pulp until the seeds separate.

"The rich can take care of the selves," says Coolidge. That's not all they can take. A G. O. P. tariff, they have found is a big help to taking.

Jim Ferguson, ex-governor of Texas, has his politics in his wife's name.

Old Hickory Chips

The dries don't care whether the wets are convinced of the value of Prohibition or not. Their effort is no longer to convince them but to convict them.

Cultivating the ins "I suppose you are familiar with the ins and outs of political life?" "Only the ins," answered Senator Petroleum. "The outs haven't enough influence to make familiarity worth while."

An opportunist is a man who finds the wolf at the door, and appears down-town next day in a new fur coat.

A fan abroad, "Ah herds something interesting," said the near-sighted American tourist in Holland. "Let's wait and see the game." "Game?" "I don't see any game." "What's that ahead of us?" "A windmill." "My mistake! I thought it was a strenuous baseball pitcher going through the motions preliminary to sending a hot one over the plate."

Top Long. A farmer came to town to insert a death announcement. "How much do you charge?" he asked. "Ten shillings an inch," was the reply. "Heavens! He was over six feet high!"

Corn may be king, but Iowa, Illinois, Missouri, and Nebraska act like the chancellor of the exchequer.

If the newspaper photographs mean anything, the greatest achievements of this world are performed by people who are not as dumb as they look.

Notice Of Summons And Warrant of Attachment. North Carolina—Alamance County In the Superior Court. H. G. Kime, Plaintiff, vs. Carl Powell, Defendant.

Notice of Summons and Warrant of Attachment. NORTH CAROLINA, Alamance County. In the Superior Court. G. Erlebacher, trading as Erlebacher vs Mrs. Dona Heritage, Defendant.

UNCLE WIGGLY'S TRICKS

GARDOL The Woman's Tonic. A large advertisement with a decorative border. It includes the text 'GARDOL The Woman's Tonic' and '666 is a prescription for Malaria, Chills and Fever, Dengue or Bilious Fever. It kills the germs.'
