

# THREE DEAD AND SCORE INJURED

### DAMAGE AROUND FLORIDA CITY ESTIMATED AT OVER \$100,000.

Miami, Fla.—Three are dead and twenty-three injured are in Miami hospital storm which struck the White Belt Dairy, about six miles west of Miami. Damage at the dairy is estimated at more than \$100,000.

Reports have been received at Miami that severe rain and hail storms were felt along the east coast of Florida from Homestead, 39 miles south of Miami, to Ft. Lauderdale, 25 miles to the north of here.

The storm apparently originated west of Miami about eight miles. It swept in a northeasterly direction and passed out to sea about 15 miles north of here.

Hallstones as large as baseballs were reported along the southern fringe of the center of the storm along its path. Some of these were solid ice as clear as crystals of quartz.

In the path of the storm, houses were unroofed and debris was carried to a height of several hundred feet. Arthur Pryor, bandmaster, who lives at Hialeah, west of Miami, near where the storm started, said that he saw roofs of houses raised 200 and 300 feet in the air.

The noise from the storm was fearsome, he said, similar to hundreds of cannons being fired simultaneously.

At the White Belt Dairy destruction appeared on every side. Ambulances hurried there and carried loads of injured to Miami. Twenty-two injured are at the Jackson Memorial hospital and two others are at another hospital. Thousands of automobiles choked all roads to the scene of the greatest damage. A number of accidents and collisions were reported. An ambulance was wrecked in downtown Miami when it skidded and went over the sidewalk.

The dead: John Waddin Simpson, 8 Westwood Park; Mrs. Mathilda Shultz, 70, White Belt dairy; F. E. Sullivan, Westwood Inn.

The injured: Mrs. John Simpson, seriously, Westwood Park; Nadine Simpson, 6, seriously, her daughter; Miss Lillian Matthews, seriously; L. M. Need, White Belt Dairy; William Dinton; Mrs. Christine Ellis; Mrs. Blanche Easley; Mrs. Laura Bridler; Mrs. Ruth Reece; Miss Rose Edley; Miss Marie Wegeman, Lemon City; Charles Olive; O. J. Ellis; Stanley Ellis; Henry Diamond; Sam E. Roberts; Ralph Vannetta; Mr. and Mrs. Oscar Thornhill and infant daughter.

### Women Plan Large Building.

New York.—A thousand business and professional women, members of the American Woman's association inaugurated plans whereby they expect to build here a club building for women which will be the largest in the world—a 19-story structure to cost \$3,000,000—built by women, financed by women, and run by women.

Among the officers and directors of the association are Miss Anne Morgan, Mrs. Newcomb Carlton, Mrs. W. K. Vanderbilt, Mrs. Daniel Guggenheim, Mrs. Isaac Gimbel and Mrs. Robert Low Pierpont.

The plans provide for a clubhouse containing 1,000 bedrooms, which will be rented to members for considerably less than hotel rates. The building will be on property already acquired by the association in West Twenty-third street near Seventh avenue.

### Millerand Wins Seat in Senate.

Paris.—Former President Millerand was elected senator for the department of the Seine to succeed the late Senator Mangy M. Millerand received 520 votes and M. Autrand, his chief opponent 175.

M. Millerand, as soon as it definitely was known that he had been chosen as senator for the Seine, announced that he would become a member of the republican union group, of which another former president of the republic, M. Foincare, is a member.

The vote received by M. Millerand was almost triple that of the next candidate. There were 1,014 votes cast, making 508, an absolute majority, the figure required for election on the first ballot. M. Osmia, unified socialist, ran third to M. Millerand and M. Autrand with 153 votes. Mr. Cameinat, the veteran communist who participated in the communist outbreak in Paris in 1871, was given 71 votes. Jacques DaDar, 3; M. Didelot, 1.

### One Dead; Another Hurt.

High Point.—Bonson Hill is dead and Joseph Byerly is in a critical condition in a High Point hospital with a bullet wound in his abdomen. The police have bloodhounds on the trail of a negro, Floyd Cummings, believed to have been implicated in the shooting.

Byerly told police that Hill and the negro came to his house on the edge of town and he went with them to a barn about 100 yards from the residence. He told the police that Hill shot him.

### WOMAN IS KILLED IN AUTOMOBILE.

Gastonia.—Mrs. W. N. Davis, wife of a former sheriff of Gaston county and one of the most beloved women in the city, died from internal injuries sustained in an automobile accident near Kings Mountain, when the automobile in which she was a passenger turned completely over, throwing her out. Two other passengers, Mr. and Mrs. George G. Glenn, are also injured, the former seriously. The other two occupants of the car, Evan Glenn, the driver, and Miss Elizabeth Glenn, were uninjured.

### BUYS DODGE & OTHERS CO.

### OWNERSHIP OF GREAT MOTOR COMPANY CHANGES HANDS AFTER SPIRITED STRUGGLE.

New York.—After a spirited struggle between powerful financial interests, ownership of Dodge Brothers, Inc., one of the country's largest automobile companies, passed to Dillon, Read and company, New York bankers, in a cash transaction involving slightly less than \$175,000,000. The exact purchase price was not revealed by the bankers, but it was learned authoritatively that it exceeded a combined cash and securities offer of more than \$150,000,000 submitted by the General Motors through J. P. Morgan and company.

Confirmation of the transaction, representing the largest single transaction of an industrial corporation for cash in the history of American finance, was made by Dillon, Read and company, in a brief statement, issued simultaneously by members of the firm in New York and by A. C. Schwartz, who closed the negotiations in Detroit.

Within a short time the huge motor business founded by John and Horace Dodge a little more than 10 years ago will be transformed from a closed family corporation to one of the largest publicly-owned automobile companies in the United States. Reorganization of the company's capital structure is planned by the new bankers, who will subsequently make a public offering of securities, probably exceeding \$100,000,000.

E. G. Wilmer, head of the Goodyear Tire and Rubber company, who was associated with Dillon, Read and company representatives in negotiations for the Dodge properties, is expected to become chairman of the new company. Members of the banking firm as well as other interests identified with the tire company also will be represented on the board of directors. Present executives of Dodge Brothers, however, will continue in direct charge of its manufacturing operations.

### Blast at Rum Plant Proves Fatal.

Greenville, N. C.—In Chicod township there was an explosion in which four men, three whites and one negro were injured, two of them fatally.

Raymond Cannon, Jim McLawhorn and Wesley Baker, white, and Fred Knight, negro, it is reported were engaged in the manufacture of moonshine liquor when the boiler of their steam plant blew up, scattering the outfit to the four winds. Cannon was so badly injured that he died. Fred Knight, with a crushed skull, partially blown away face and many burns, cannot live.

The explosion blew away part of the upper thighs of Jim McLawhorn and drove a brickbat with terrific force against the forehead of Wesley Baker, who, other than a temporary shock, is all right.

### Warns Against Bunion Pads.

Washington.—A warning against the use of bunion pads as a dressing to vaccination against any disease was issued by Surgeon General Cummings. He said the use of such pads "appears to be more common than would be supposed," and that as a result several fatal cases of tetanus recently have occurred.

### Father and Daughter Killed.

Florence, S. C.—Dr. Plummer Alford, of Mullins, a brother-in-law of Governor Thomas G. McLeod, and his two-year-old daughter, were killed when their automobile was struck by a Seaboard Air Line train near Darlington. Mrs. Alford was painfully but not seriously injured. The three were returning to their home after attending the funeral of Mrs. Alford's mother at Rock Hill, S. C.

### Trotzky in Flight With 2 Observers.

Berlin.—Dispatches from Riga reports that former War Minister Trotzky has fled from Suchum in the Caucasus, where he was staying for his health, together with the Communists Katz and Nikolenko, who had been stationed there to observe him.

The Soviet embassy here characterized the dispatches as "non-sense," adding: "We have just received a telegram reporting that M. Trotzky's health is greatly improved."

# WAR SECRETARY MAY QUIT POST

### ILLNESS MAY FORCE SECRETARY WEEKS TO RETIRE SOON

Washington.—Secretary Weeks has been suffering from an attack of thrombosis but specialists attending him announced after a thorough examination that his condition "was entirely satisfactory."

A partial paralysis of the left arm, which resulted from the blood clot in the secretary's brain, was said to have disappeared except below the elbow, and the patient was recovering use of his fingers.

Other favorable symptoms noted by the military and civilian specialists who made the examination included a blood pressure close to normal. Mr. Weeks, who is 65 years old, has been in poor health some time, and the physicians privately expressed surprise over the rapid progress toward recovery.

President Coolidge was informed of the secretary's illness and is very hopeful that Mr. Weeks will be able to return to his desk in the war department within a few days. A formal statement issued by Mr. Weeks' personal physician, Dr. B. L. Hardin, was the first public disclosure of the nature of his illness. Dr. Hardin expressed the opinion that in view of the rapid improvement shown in the last 48 hours, the secretary "should be out in a short time."

### Flames Ravage Chair Factory

Thomasville.—The Thomasville Chair company came near having a serious conflagration at Plant C, when a spark from the motor in the finishing room flew into the various combustibles which filled the floors and space of the second floor of the building, and ignited.

It is said that the flare was instantaneous and the rush of flame and gaseous smoke throughout the room was both frightful and stifling to the men, some of whom were able to reach doors of exit, while others ran to windows through which they leaped to the ground. All the men engaged in that department got out safely, but some of them were made very sick by the smoke and had to be carried to their homes.

With the appliances at hand the force was able to make only slight impression upon the flames, but within five minutes the city fire company arrived, and soon completely flooded the floor, which was fully ablaze. The roof at one place was punctured by the flames, which were reaching far above the building.

It is said that nearly 1,000 chairs were practically destroyed, 300 of these being of the highest grade that is made at the factory. Large quantities of paints, varnishes and oils were also lost.

### Rob Kentucky Bank.

Louisville, Ky.—Four unmasked men entered the Portland bank, shot and slightly wounded Fred Clinton, the cashier, and escaped with \$4,000 in cash and securities.

### Kill White Rhinoceros.

New York.—Mr. and Mrs. Philip McFadden, of New York and Philadelphia, returned on the steamship Aquitania from a four months' game hunt in East Africa, during which they bagged 150 trophies, including a white rhinoceros.

### Students Draw Fines.

Paris.—Six students were arraigned for violence against the police during Saturday's royalist republican rioting. One got 15 days in prison with a suspended sentence, while others were fined 50 to 100 francs. Dr. Berthelmy, the suspended law dean who testified, absolved the students of all blame.

### Wellesley Physician Dies.

Wellesley, Mass.—Dr. Katherine Platt Raymond, resident physician at Wellesley college since 1907, died here. She contracted diphtheria a month ago. Dr. Raymond was born in Kentucky October 5, 1868, graduated from the University of Cincinnati in 1898, and received her doctor's degree from the University of Michigan in 1905.

### Held For Big Loss.

Los Angeles.—Andrew Pophall, former official of the provincial government of Ontario, Canada, was held for removal by the United States commissioner to stand trial at Toronto, on charges of embezzlement alleged to involve approximately \$600,000.

### Poison Found in Easter Eggs

Liverpool.—Thousands of Liverpool youngsters have had a narrow escape from Easter illness or worse, it was disclosed when the authorities condemned more than 9,000 candy Easter eggs shipped here for the holiday business.

According to officials an analysis of the chocolate in the eggs disclosed particles of quartz, minute fragments of glass and also traces of lead, copper and zinc and a woody material resembling saw dust.

### TWO CHILDREN PERISH AS MOTHER STARTS FIRE.

Norfolk, Va.—Two children were burned to death and the mother was seriously injured here when she tried to start a fire in a stove with kerosene. The children, Elsie Trush, six years of age, and Josephine Trush, 10 months, were asleep in a bed near the stove when the can of oil exploded and the burning liquid was thrown about the room. The mother, Mrs. S. Trush, was severely burned when she attempted to save the children. The fire was extinguished after it had done considerable damage to the house.

### BOARD SELLS STEAMERS

### DOLLAR LINE BUYS SAN FRANCISCO ORIENT SERVICE

Washington.—Over a protest of three commissioners and by a majority of one, the shipping board voted to sell its five ships in the San Francisco-Orient service to the Dollar Steamship Line for \$5,625,000.

Chairman O'Connor and Commissioners Lisner, Haney and Hill voted for the sale, while Vice Chairman Plummer and Commissioners Thompson and Benson voted against it and incorporated in the board's minutes a protest that the ships were being sold for \$25,000,000 less than their original cost and \$15,000,000 less than it would cost to build them at this time.

The sale came as the climax to a long fight and a hearing punctuated with sensational charges. There were intimations that the Pacific Mail Steamship Company, which has been operating the ships for the board as the California-Orient line and which had bid for their purchase, might take steps opposing consummation of the deal and possibly bring the matter before Congress.

Through the sale, which disposes of the complete California-Orient Line service, the Pacific Mail would find itself restricted on the Pacific coast to Central American and Atlantic business, but it was indicated that it would not rest content to abandon the Orient line, in which it has served continuously since 1867, without an effort to restore its service there.

Statements of Pacific Mail representatives on this possibility, however, were withheld here while Gale H. Carter, president of the company, also declined to discuss the question in New York before he left for Washington to go over the situation here.

The vote on accepting the Dollar bid, which was made in the name of R. Stanley Dollar, vice president of the Dollar line, was preceded by a vote on a motion by Commissioner Benson to reject both the Dollar and Pacific Mail bids. This was seconded by Commissioner Thompson and was rejected 3 to 4.

### National Guard Will Draw Pay.

Washington.—President Coolidge partially removed the ban he imposed last week in employment of deficiency appropriations not included in budget recommendations for payment of the national guardsmen for attendance at armory drills authorized by federal law.

At the President's direction, Secretary Weeks and his military advisers took steps at once to make funds available for a total of 48 drills for each guard unit during the current fiscal year. The original war department plan, upset by rejection in the budget bureau of a request for \$5,000,000, called for 52 drills, on the average.

The President's action was taken after he had gone over with Mr. Weeks a carefully prepared estimate of what the denial of the entire deficiency appropriation to the guard would mean. It disclosed that because of the increase in personnel in the guard during the year and the greater interest in their work manifested by unexpectedly large drill turn-outs in many states, it would not be possible for the guard units to do the minimum amount of armory drill required by law under the approved appropriation. Mr. Coolidge therefore directed that such part of the deficiency fund be made available as was needed to permit all guard units to attain this required drill status minimum and insure continued federal recognition and support, but that no more be expended. The law involved requires a minimum of 48 drills but authorizes a maximum of 60 during each year.

### 58,000 Acres Devoted to Cotton.

Chester, S. C.—The office of agricultural statistician of South Carolina announces that 58,000 acres were devoted to the raising of cotton during 1924. The average yield per acre being 172 pounds, which placed Chester county ahead of its neighboring counties of Lancaster, Union, Fairfield and York in this respect. The statistics show that Chester county's yield of 21,700 bales, figured on the basis of the price for December, last, amounted to \$2,311,527.

# FOREST FIRES SWEEP PISGAH

### FLAMES BROUGHT UNDER CONTROL AFTER 2,500 ACRES BURNED

Asheville, N. C.—More than 2,500 acres of forest land in the Bent Creek section of the Pisgah national forest preserve were burned over.

The fire was brought under control shortly after dark when additional volunteers arrived on the scene to assist the government rangers.

It will be several days before the actual damage can be computed, it was announced, but it will total many thousands of dollars. It is the largest fire in the history of western North Carolina since the disastrous fire on Mount Mitchell in 1916.

For a time the fire threatened to reach Camp Powhatan, Y. M. C. A. and Boy Scout summer camp. Land all around the camp was burned over but the fire fighters were able to check the flames before they reached the buildings.

Nearly a hundred men worked frantically all day in checking the fire. Slowing up of the winds helped the volunteers in their task.

This is the second big fire in the Bent Creek section of the forest in the past month, and forest officials declare that both were maliciously set by marauders hunting deer on the camp preserve. The fire broke out in seven different places, which indicates incendiary origin, according to the forest patrol.

### Indict Seven Revenue Agents

New York.—Federal grand jury indictments were returned against seven deputy collectors of internal revenue on charges of "hush" money from business men of Westchester and Bronx counties.

The specific charge was that the deputies solicited and accepted bribes from citizens under threat of obtaining against their firm's income tax assessments, fines and criminal prosecution.

The indictments named Charles H. Green, Albert O. Neilson, William Snowden, Paul C. Stainhaul, Henry Mayer, David Benjamin and Charles Tremolin.

### Agricultural Building Destroyed

Clemson College, S. C.—The main agricultural building at Clemson College was destroyed by fire. The fire started at about 3 o'clock and the agricultural hall was a complete loss, estimated at between \$200,000 and \$250,000 this loss including the equipment, laboratories, several libraries and research records.

The exact cause of the fire is not known, though it is supposed to have started from a short circuit in certain electrical equipment in the left wing of the building. All students of the college worked to put out the flames, but their efforts were not sufficient to overcome the headway made by the conflagration.

The fire was extinguished at about 6 o'clock. No other buildings on the college campus were damaged. The burned building was erected several years ago at a cost of \$50,000.

### Fire Destroys Fifty Automobiles.

Charlotte, N. C.—Fifty used automobiles were destroyed in a fire which burned the Rust Motor company's warehouse on the Dowd road to the ground. The loss of contents was placed at \$10,000 by J. S. Rust, and it was said that there was \$8,000 of insurance.

The building, owned by the Sanitary Engineering company, was built for the war department and was a part of the Camp Greene property. It stood just across the railroad from the Southern Auto and Wagon company and had been used as a remount station during the war. The agent for the owner of the building was out of town.

The building, which occupies a ground space of 150 by 300 feet, was in a light blaze when firemen arrived in response to an alarm telephone.

### Named Rail Treasurer.

New York.—Harry G. Snelling, assistant general treasurer of the New York Central lines, was appointed general treasurer of the system to fill the vacancy created March 5 by the death of Milton S. Barger. Rush N. Harry, of Cincinnati, O., treasurer of the Big Four railway system since 1909, was appointed to succeed Mr. Snelling, and A. P. Burke, of Cincinnati, was given the Big Four treasuryship.

### Pilot Dies as Airplane Falls.

Pensacola, Fla.—Lieutenant Guy B. Hall, U. S. marine corps, was instantly killed when a de Havilland plane in which he was flying fell from an altitude of 100 feet on Corry field, three miles north of the city. Aviation Mechanist Mate Mangum was injured in the crash but will recover.

The cause of the crash is unknown. An investigation is being conducted. Lieutenant Hall was stationed at the naval air station here.

# DOINGS IN THE TAR HEEL STATE

### NEWS OF NORTH CAROLINA TOLD IN SHORT PARAGRAPHS FOR BUSY PEOPLE

Durham.—More than 2,000 North Carolina high school seniors will be urged to enter college next fall by R. E. Thigpen, alumni secretary of Duke University, who is now on a tour that will carry him to almost every county in the state.

Greensboro.—Earl Thalkill, thirteen-year-old boy, of this city, was instantly killed in the Southern Railway yards here when he was struck by a switch engine.

Wadesboro.—The foundation is being prepared for the erection on Rutherford street of a modern theatre building. The building is being erected by the Ansonia Amusement Company, a local organization of business men, J. S. Webb being the president.

Durham.—Herman Jernigan, for several years principal of the East Durham school, was found guilty in Recorder's court here, of assault and battery, as a result of a whipping administered to Theodore Lewis, one of the pupils of the school.

Gastonia.—Mrs. W. N. Davis, wife of a former sheriff of Gaston county, and one of the most beloved women in the city died from internal injuries sustained in an automobile accident near Kings Mountain when the automobile in which she was a passenger turned completely over, throwing her out.

Southern Pines.—Mrs. Anna P. Milliken, of Garden City, N. Y., was killed by a Seaboard train here. She was a guest at the Park View hotel and had gone to the station to mail a letter. Her hearing was not good and while waiting for the train to come in from the South she did not hear the approach of the one due at about the same time from the north on the parallel track.

Kinston.—The American Association for the Study of Feeble-mindedness, comprised of this country and Canada, will hold its annual convention in the Sir Walter Hotel at Raleigh May 8 to 12, according to an announcement by Dr. Banks McNairy, of Kinston, a former president of the body.

Raleigh.—Many North Carolina women are planning to attend the annual convention of the League of Women Voters, which will be held in Richmond, Va., this month. Women of this state will also have prominent places on the program. This will be the first national convention of this character ever to be held in the south.

Winston-Salem.—Allen Pope, aged twenty years, is in a serious condition at a local hospital as a result of injuries received when an airplane in which he was riding fell to the ground from a distance of about one hundred feet. He is reported to have suffered a broken leg, fractured skull and broken jaw.

Charlotte.—Postmaster J. D. Albright's prediction that Charlotte's postal business this year will pass the three-quarter million mark is backed up by the March total of \$60,120.69. This makes the total for the first quarter of this year \$178,738.72, against \$158,479.22 for the same period last year.

Hickory.—Prizes amounting to \$100 are being offered by the Brookford Mills Company to its employees for the best kept and most sanitary premises in the village this summer. For several years past the company has been offering \$50 in prizes on the same basis but owing to the unusual amount of interest shown last year, it was decided to double the amount this year.

Wilmington.—Asserting that he fears a commutation of the death sentence imposed by him on C. W. Stewart and his son, Elmer, for the murder of Sergeant Leon George and Marshal Sam Lilly last July would "work a re-assurance to the criminal classes, and might add to the growing conviction that no man can be punished for his crimes if he is able to pay," Judge H. A. Grady has written Governor A. W. McLean, strongly opposing any executive clemency toward the defendants.

Mount Airy.—Jeff Hawks, an aged vendor of blockade liquor, was again caught with the goods while out under \$3,000 bond, having been allowed his freedom at the February term of Surry Superior court, owing to a death in his family and bond given for his appearance at the April term of court when sentence would be pronounced upon him. He pleaded guilty before Judge Schenck in February after appealing to Dobson court from the local Recorder's court, where he received a road sentence.

Winston-Salem.—Captain R. R. Crawford, distinguished Confederate veteran and one of Winston-Salem's oldest and most highly respected citizens, died at a local hospital following declining health for the last few months. He was 85 years old.

Siler City.—Mrs. John Cheek was severely bruised up when an automobile in which she was riding was smashed up, four miles northwest of this place. Mrs. Cheek was one of a party that had been to Winston-Salem to attend a missionary conference, and they were returning home in a five-passenger automobile.

# Get Back Your Health!

Are you dragging around day after day with a dull backache? Are you tired and lame mornings—subject to headaches, dizzy spells and sharp, stabbing pains? Then there's surely something wrong. Probably it's kidney weakness! Don't wait for more serious kidney trouble. Get back your health and keep it. For quick relief get Doan's Pills, a stimulant diuretic to the kidneys. They have helped thousands and should help you. Ask your neighbor!

### A North Carolina Case

H. C. Mabee, Box 170, Spray, N. C. says: "I suffered from an attack of backache, caused by the disorderly condition of my kidneys. I was much distressed by the sharp pain through my back. I had headaches, too, and my kidneys didn't act right at all, being sluggish. I used Doan's Pills and a couple boxes cured me of the attack."

### DOAN'S PILLS

60c  
STIMULANT DIURETIC TO THE KIDNEYS  
Foster-Milburn Co., Mfg. Chem., Buffalo, N. Y.

# Grandmother Knew

There Was Nothing So Good for Congestion and Colds as Mustard. But the old-fashioned mustard plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders. Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears. Try Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, jars and tubes; hospital size, \$3.00.

Teacher—Is the earth round or square, Mary?  
Mary—Neither. It's crooked.

# Cuticura Comforts Baby's Skin

When red, rough and itching, by hot baths of Cuticura Soap and touches of Cuticura Ointment. Also make use now and then of that exquisitely scented dusting powder, Cuticura Talcum, one of the indispensable Cuticura Toilet Trio.—Advertisement.

A Canadian Pacific liner is equipped with an "orchestra repeater," which enables travelers to hear music in all parts of the ship.

# CHILD'S BEST LAXATIVE IS CALIFORNIA FIG SYRUP

MOTHER! Even if cross, feverish, bilious, constipated or full of cold, children love the pleasant taste of "California Fig Syrup." A teaspoonful never fails to clean the liver and bowels. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

# CORNS

### Lift Off—No Pain!

Doesn't hurt one bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.
