GRAHAM, N. C., Nov. 18, 1926.

ADVERTISING NORTH CAROLINA

Movement Attracting Attention Throughout The Country.

The movement inaugurated by North Carolinians, Incorporated, to raise a fund to impartially advertise North Carolina to the nation is attracting attention throughout the country.

"In the organization of North Carolinians, Inc., the business leaders of the State have taken a most important step. The State has vast undeveloped resources in land, mineral, in power.

"In North Carolina, as through out the South, there is a great, fundamental need for industrial development. It is often said that the towns depend directly, and the cities indirectly, upon the prosperity of the farmers.

"Occasionally we hear of instances in which individual communities have earned prosperity by diversifying or increasing their crops, or improving their selling methods, or both.

Hens pay a profit of \$2 per head according to late experiments by poultry workers of State College.

Only quality tobacco will pay next year and it is not too soon now to prepare the best possible seed bed.

Americans Ahead.

Upon returning from Europe recently, Dr. Frank Crane, in "Current Opinions" said that in neither France, Britain, Italy, Netherlands, nor Germany could he detect decent telephone service.

He pointed out that while we invented the telephone, all the leading nations have been at liberty to buy instruments and set up their own systems.

Tom Tarheel says the best permanent cure for too much cotton is to always eat and feed produce grown on the home place.

The Primary Defended

The Stanley News-Herald. To what do you attribute the increasing Democratic majorities in this county, we asked a local leader, a few days ago. This gentleman very promptly answered: "To the Democratic primaries, fairness in election managements, and the Australian ballot.

This gentleman is pretty close to the truth. The county primary has eliminated "ring rule" in the primary. Who has heard any one speak of ring rule since we introduced the Democratic primary as a means of nominating our Democratic candidates?

Save Before You Spend

Representatives of the mining, lumber, oil, automobile and other lines of business have been invited by the National Association of Manufacturers, cooperating with the National Grange, to attend a conference to declare war against mounting taxes.

Figures gathered by the National Association of Manufacturers show that to meet interest charges on local debt alone, taxpayers of cities, counties and states are now assessed \$500,000,000 a year, and that \$40,000,000 to \$50,000,000 a year has been added to these interest charges since 1922.

While the national debt is decreasing, that of political subdivisions has increased until it will surpass the national total, unless drastic action is taken.

A Business Asset

"One-third of the country's homes have telephones, and it is conservative to estimate that they buy two-thirds of the advertised commodities used," says a recent advertisement for the Literary Digest.

If the telephone was eliminated or even reduced in efficiency to the standards tolerated in other countries, it would be a physical impossibility to carry on a great portion of the business which our nation enjoys today.

Local curb markets give a satisfactory medium for disposing of surplus truck crops and foodstuffs grown on the farm.

Tom Tarheel says the best permanent cure for too much cotton is to always eat and feed produce grown on the home place.

Two hundred and twenty-three farmers sold over \$13,000 worth of products on the Hendersonville curb market during 1926.

Tom Tarheel says he is keeping a record of how each of his crops turns out this year to use in planning his work next season.

Tom Tarheel says the best wifesaver is not some highly advertised bottled concoction but is running water in the home.

Tom Tarheel says that he can use the mowing machine and reaper more easily now that he has rid one of his fields of stumps.

Field selected corn yielded exactly twice as much as crib selected in a demonstration made by a club boy of Stanley county.

Bureau Of Health Education, North Carolina State Board Of Health

SHINGLES

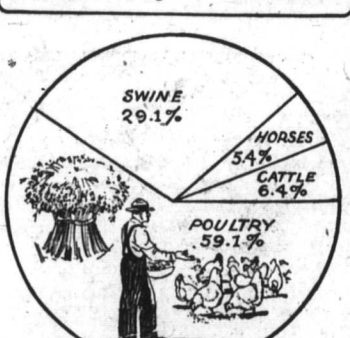

THIS is a condition about which there is much superstition. The reason for this is because there really isn't so very much known about shingles, and ignorance always causes much superstition. This is true of all diseases as well as it is true of "haunted houses" and ghosts.

So it is with the unknown in every phase of life. As people learn facts the superstitions and supernaturals disappear. In times past there were a thousand reputed "cures" for consumption because the cause was then not known and there was no cure.

Shingles is closely akin to "fever blisters" and is an irritation of the cutaneous-nerve endings following the course of an intercostal nerve. These nerves branch off on either side from the spinal cord as the ribs branch off from the spinal column.

The irritation of the nerve causes severe neuralgic pain in the region which is soon followed by the appearance of the blisters. The cause of the irritation is some toxin circulating in the blood, usually from some one of the fevers. Sometimes the continued use of drugs, like arsenic, will cause shingles.

Chickens Top Wheat Eaters

(Sears-Roebuck Agricultural Foundation)

Wheat and flour are synonymous in the minds of many. As a matter of fact, however, forty per cent of our mammoth wheat crop never leaves the farm at all, but is used for seed purposes and feeding farm animals, states the Sears-Roebuck Agricultural Foundation in a survey recently completed on wheat consumption.

Chickens are the heaviest consumers of wheat fed on the farm using 59.1% of all wheat so distributed. Swine are next, with 29.1%.

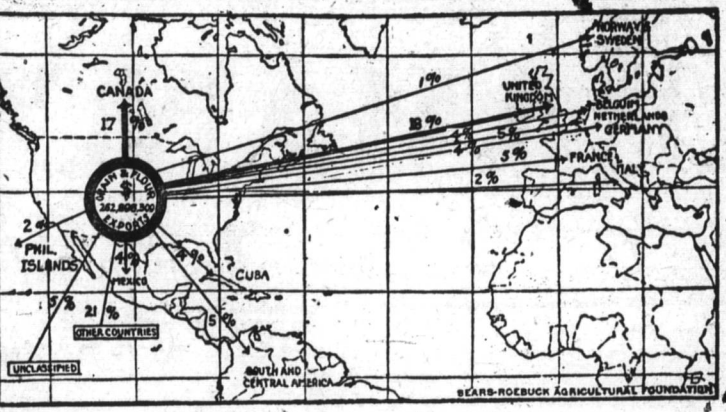

The American Red Cross is the official agency of the United States for disaster relief at home or abroad.

Red Cross Volunteer Workers Ever on Duty

Claim for the oldest volunteer knitter in the country is advanced by the Lincoln County Chapter of the American Red Cross at Wiscasset, Maine.

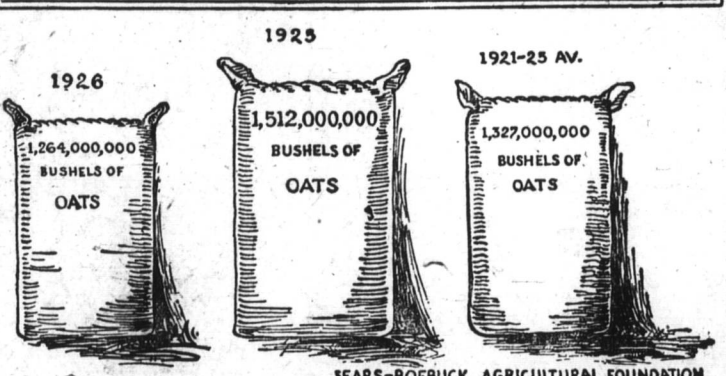

The farm population of North Carolina in 1925 was 1,446,861 persons. Of this number 937,001 were white people.

\$262,896,309 Grain Export—Wheat and Flour Top List

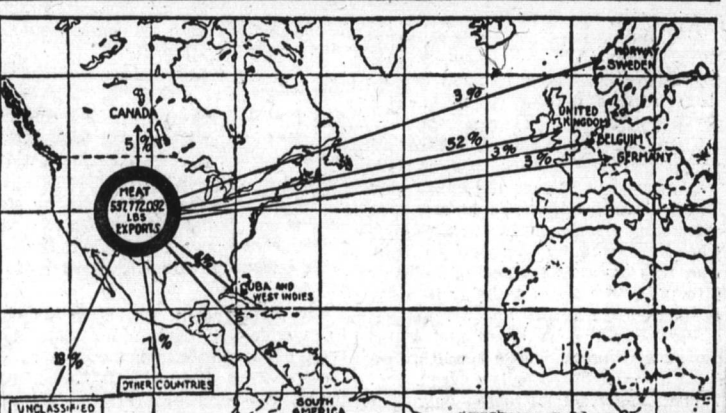

The value of grains and grain products exported from the United States in the fiscal year, ending June 30, 1926, is placed at \$262,896,309 by the Sears-Roebuck Agricultural Foundation in a survey of the situation just issued. Wheat and flour topped the list, making up nearly two-thirds of the total.

Gasoline Runs Oats Out of Gas

GASOLINE has oats on the run as a source of power on the farm, according to the Sears-Roebuck Agricultural Foundation. The increase in tractor farming and the decline in farm horses of 3,624,000 head from 1920 to 1925 has greatly reduced the demand for oats.

U. S. Exports 537,772,092 Pounds of Meat, Worth \$109,872,185

Exports of meat from the United States in the twelve months ending June 30, 1926, amounted to 537,772,092 pounds, valued at \$109,872,185, according to the Sears-Roebuck Agricultural Foundation in a survey of the 1926 meat situation.

Tenth Annual Roll Call for members, which the Red Cross will conduct from November 11 to 25.

Nearly 80,000 disabled veterans are assisted by the American Red Cross on an average every month. Care of the disabled veteran is a foremost responsibility of the Red Cross.

There were 283,482 farms in North Carolina in 1925 and 24,983 of these farms were mortgaged. The amount of the mortgages was only 36.4 percent of the value, however.

Eggs from hens on green feed or range have the highest vitamin content.

Trustee's Sale of Real Property.

To George Crawford, Emma Crawford, Arthur Crawford, Alfred Crawford, William Crawford, Leola Crawford, George Crawford, Jr., minor; Fleming Crawford, minor; Snook Crawford, minor, and Arthur Crawford, Jr., minor.

You, and each of you, will take notice that the Sheriff of Alamance County, North Carolina, sold for taxes on March 2, 1925, at public auction, at the Courthouse door in Alamance County, the following described real property known as the Martha Crawford Estate, which since said sale has been divided among each of you in a special proceeding as heirs of the said Martha Crawford, deceased:

A tract or parcel of land in Haw River Township, Alamance County, North Carolina, adjoining the lands of Lewis Tate, Madison Crawford and heirs of Moriah Crawford and others, and bounded as follows:

Beginning at a rock on N bank of McAdams Creek, corner with Madison Crawford; thence N 14 1/2 deg W 15 chs to an iron bolt in center of N. C. R. R. track in said Crawford's line, corner with said Tate; thence S 68 deg W 5.54 chs to an iron bolt, corner with said Tate in center of said railroad track; thence N 12 1/2 deg W 13.34 chs to an iron bolt, corner with said Heirs, and south side of Mebane and Haw River road in said Tate's line; thence S 53 1/2 deg W 5 chs to an iron bolt, corner with said Heirs on south side of said road; thence N 15 deg W 8 chs to a rock, corner with said Heirs; thence S 70 deg W 8.75 chs to a rock, corner with said Heirs in Madison Crawford's line; thence S 29 deg E 30.45 chs to a rock, corner with said Crawford in north bank of said creek; thence up said creek as it meanders 18.13 chs to the beginning, containing 27.26 acres, more or less, and upon it is the home place of the late Frank Crawford.

You and each of you will further take notice that the above described property was again sold for taxes by the Sheriff of Alamance county, on December 7, 1925, at public auction, at the Courthouse door in Alamance county.

The said property was listed for taxes by Martha Crawford, as the Martha Crawford Estate, and that the said sales were for 1923 and 1924 taxes respectively, and that the undersigned was the purchaser at both of said sales, and unless the same is redeemed as provided by law that he will demand deed from the Sheriff under said tax sales.

This the 30th day of November, 1926. JOHN A. TROLINGER.

Notice

NORTH CAROLINA—ALAMANCE COUNTY In the Superior Court, H. G. Freshwater, vs. Jessie Moon Freshwater.

The defendant above named will take notice that an action entitled as above has been commenced in the Superior Court of Alamance County by plaintiff to secure an absolute divorce from defendant on the grounds of five year separation from her husband, H. G. Freshwater, and the said defendant will further take notice that she is required to appear at the office of the Clerk of the Superior Court, at the court house in Graham, N. C., Alamance county on the 7th day of February, 1927, and answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded in said complaint.

This 3rd day of January, 1927 E. H. MURRAY, Clerk Superior Court Wm. I. Ward, Atty.

The cotton farmer who has his food and feedstuffs in his pantry and barns will be the one who will have a happy Christmas this year.

White Leghorns. FOR SALE.—White Leghorn Roosters. Apply to A. G. Ausley, Graham, N. C.

Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. Ask your neighbor!
