As to the Condensery.

It looks like the condensery is on the way. Elsewhere we are printing a list of speakings and speakers for next week. Let no one come to the conclusion that its location at Mebane puts it out of reach. Almost anything and anywhere is reachable, in short time at that, by motor vehicle in North Carolina. With the good roads and a motor driven conveyance one can cover the distance between many towns in almost the same time it would take the pedestrian to walk a block.

If the condensery shall be established, we are informed scheduled milk routes will be established. Under such arrangement, producers would only have to put the milk at the front gate and go back later and fetch in the empty containers. This would apply to a majority of the producers, while others might have to carry theirs a few hundred yards to a definite point.

We are not informed as to the profit end of the business. But there must be a definite profit, or such plants would and could not be established and maintained.

We will suppose the margin between cost of production and selling price is close. This is compensated for in several ways: Constant employment; a daily turn-over of capital, comparatively; improvement of milk cattle; the production of more feed, with a home market; and last, but not least, the return of the manure from the home-grown and home-fed feed to the farm to increase productivity and assure greater milk returns.

Two Wrecks—Two Deaths.

About noon Saturday at Burlington a car attempted to cross the railroad track in front of a moving train. Robert Askew and his two boys, Robert and Howard, were in the car. All suffered serious injuries. Robert, Jr., died a few hours later.

Early Tuesday morning a big west-bound Hudson car was wrecked on Rock Creek bridge west of Gibsonville and William Smith was killed and Leonard and Joe Barco injured. Almost at the same time a 2-ton truck rolled in from the west and was wrecked on the wreckage. J. D. Roberts and Paul Key, on the truck, were also painfully hurt.

DEATH

Mrs. Mary June Sharpe of Patterson township, widow of Emmanuel R. Sharpe who died in the early part of the year, died last Friday afternoon, aged 86 years, 9 months and 28 days. The burial was at Mt. Hermon at 3 o'clock Saturday afternoon, services by Rev. H. S. Ialey. She is survived by two sons, I. E. and Ed. Ialey, Snow Camp, Route 1. She is also survived by two brothers, Alson and Henry Green Sharpe, the former older and the latter younger than herself.

MRS. M. T. HALL.

Mrs. M. T. Hall, who, before her marriage, was Miss Bessie Roach, died in Shackleford Hospital, Va., Tuesday, Oct. 18. She made her home here with her aunt, Mrs. J. M. Buckner, and in Burlington for the past 12 years. She was thirty-eight years old. She was a good christian girl, had a loving disposition, was liked by all who knew her, and was ever ready to help those in need. She leaves to mourn her death, one brother, W. M. Roach of Greensboro; two aunts, Mrs. J. M. Buckner of Graham and Mrs. J. C. Griffin of Snow Camp, and a host of friends. She was buried near Fieldale, Va. A large crowd attended the funeral from Snow Camp and Burlington and Mrs. Buckner from here. The floral designs were large and beautiful.

Farmers of Anson county ordered 300 bushels of Abruzzi rye and a car of lime recently.

Tom Tarheel says it is no use to spread lime and expensive fertilizer over a field and then let the rains wash it away during the winter. He has begun terracing and planting winter crops.

George Barnhardt of Rowan county planted three acres of alfalfa last year and reports that it is the most profitable crop that he ever planted. He harvested four tons of cured hay per acre and his cows grazed over the fall which increased their milk

Ernest Drury, Manager of the Hotel Whitcomb, San Francisco, says:

That the building of steam railroads a hundred years ago sounded the death knell of many picturesque taverns along the famous post roads of that day.

Today, because of automobile travel, the wayside tavern in modern form is again one of the outstanding features of present day life. The word "tavern," once almost obsolete is now a very smart term.

Metropolitan hotels forced to abolish their bars, with the coming of prohibition, have turned that space most remuneratively into popular priced restaurants, designated the past few years as "coffee shops."

Even more up-to-date in conception is now to be San Francisco's first coffee tavern, a feature of the Hotel Whitcomb growing out of the demand for increased seating capacity to meet which the floor space of the former bar was entirely inadequate.

The flag which flows from the Hotel Whitcomb flagstaff looks out over San Francisco's new twenty million dollar civic center, where only twenty years ago lay a smoldering mass of ruins following the great fire of 1906.

Sale of Land Under Deed of Trust.

Under and by virtue of the power of sale contained in a deed of trust executed in favor of the undersigned trustee by J. B. Gerring and wife, E. V. Gerring, dated September 27, 1921, and recorded in the office of the Register of Deeds for Alamance county in Book No. 88 of deeds of trust, pages 306-311, default having been made in the payment of the indebtedness thereby secured, the undersigned trustee will, on

MONDAY, NOV. 28th, 1927, at 12 o'clock noon at the courthouse door in Graham, N. C., offer for sale to the highest bidder for cash the following described property:

A certain tract or parcel of land in Boon Station Township, Alamance county, State of North Carolina, adjoining the lands of P. J. Kernodle, George Simpson, J. J. Lambeth and Rev. H. P. Fleming and others, bounded as follows:

Beginning at an iron bolt, center of Haggard Avenue, corner with said Kernodle in said Fleming's line; running thence south 1 deg W 3 chains and 15 links to an iron bolt, corner with said Simpson; thence N 89 1/2 deg W 6 chains and 30 links to an iron bolt, corner with said Lambeth in center of Lee Avenue; thence N 1/4 deg E 3 chains and 15 links to an iron bolt at the intersection of center of said Haggard and Lee Avenues in said Fleming's line; thence S 89 1/2 deg E 6 chains and 30 links to the beginning, containing 1.98 acres more or less.

This 25th day of October, 1927.

W. S. COULTER, Trustee.

Notice!

Notice is hereby given that application will be made to The Delaware and Hudson Company for the issuance of a new certificate of stock of said company in place of certificate No. 128, 936, dated Aug. 17, 1927, in the name of "R. W. Scott, E. C. Turner, J. P. Kerr and others, Trustees, Hawfields Presbyterian Church," for thirteen (13) shares, said certificate having been lost.

SIGNED: R. W. SCOTT, E. C. TURNER, J. P. KERR.

Beaufort county farmers are getting a share of the cheap government explosive by ordering 18,300 pounds of pyrotol last week.

Camel

The cigarette preferred by experienced smokers

In the remarkable growing popularity of the cigarette many brands have bid for favor, but Camel continues to lead by billions. Quality put it there; quality keeps it there.

If all cigarettes were as good as Camel you wouldn't hear anything about special treatments to make cigarettes good for the throat. Nothing takes the place of choice tobaccos.

MONEY AND TIME WITH OUR BIG FALL CATALOG

THE season of cooler weather is at hand, and with it comes the need for many new things. Not only clothes for every member of the family, but many things in the home for your winter's comfort.

Our Big Fall and Winter catalog will make the amount of money you have to spend go farther—allow you to buy many things that perhaps you thought you could not afford this year—and save you a great deal of time and worry.

Make this experiment—Jot down the things you need—Clothes for the children for school—winter underwear—sweaters—shoes—warm coats—gloves—stockings. The things the grown-ups of your family need to wear now and the things you need in your household—an added easy chair or piece of furniture. A new carpet or rug here or there. Something to make the work in the home easier—a washing machine—a vacuum cleaner—new kitchen utensils. Is your home properly heated? See our warm air circulator stoves (pages 444 to 446) that will heat every room in the average small home evenly and economically and whose handsome mahogany finish makes it an attractive addition to any room you place it in. Or if you want a heating plant, you will be astonished at the amount of money you can save at our prices.

And then when you have written down everything, take our Big Fall and Winter catalog. If you haven't it, borrow your neighbor's, but write for it at once. Now turn to each item and write down the price. You will be surprised how little money it costs to have all the things you need now—which you may have regarded as luxuries, but at our prices are really within your means. Why not order today everything you need?

If You Haven't This Big Fall Catalog Write for it Today
