

**THE GLEANER**

GRAHAM, N. C., AUG. 22, 1929.

ISSUED EVERY THURSDAY.

**J. D. KERNODLE, Editor.**

**\$1.00 A YEAR, IN ADVANCE.**

Entered at the Postoffice at Graham, N. C., as second-class matter.

Capt. G. H. McKinney, 87, Confederate veteran, for 28 years treasurer of Guilford county, died early Tuesday morning in a hospital in Greensboro after ten days' illness. Only last year he resigned office on account of failing health. He entered the Confederate service in March, 1862, and ended it with the surrender at Appomattox. He was a Democrat and as such was his tenure of office; and, too, he was a much esteemed citizen whose friendships were not bounded by party lines and one of the best known men of his county.

The giant dirigible, Graf Zeppelin, that hopped over from Germany, and back home the first of the month on a round-the-world flight, landed in Japan Tuesday, having flown over 6,800 miles in a little less than 100 hours. It is now on its way from Tokyo to Los Angeles, a distance of around 5,000 miles. From Los Angeles it will hop to Lakehurst, N. J., the starting. If no serious trouble develops, it will be back at Lakehurst the latter part of next week, having circled the globe during the month of August. Marvelous! What next?

The trial of Dr. Snook for the murder of his co-ed sweetheart, Theora Hix, in Ohio with all its nauseous and unprintable detail is over. The jury returned a verdict of guilty promptly. The Judge who heard the case has denied motion for new trial and sentenced Snook to die on Nov. 29th. Whether other attempts will be made to delay the judgment of the court, as yet there has been no statement. Snook had a wife and child at the same time he was lavishing his caresses upon another woman. If his confession is to be believed, and the jury believed it, he is a murderer and his conviction and sentence are altogether as they should be.

The strikers at Clinchfield Mill, Marion, engaged in a riot Monday when it was attempted to start the mill with non-union labor. Troops were called to the scene. The mill started Tuesday. An agreement has been reached between the mill owners and the striking operatives. What was it all about? Is the communistic spirit gaining a foothold in the South? If it is a matter of wages, it should be remembered that many textile plants are now and have for months been running on short time, for want of buyers of their products. Manufacturers cannot run on and on without making sales—they can compel no one to buy their manufactured goods. There is a middle ground somewhere—a "give and take place," for both operative and mill owner.

**Have Fall Garden**  
By August Planting

Lettuce, cabbage and root crops planted in August will make excellent crops for the fall garden before killing frost. Lettuce is now a necessary part of food diet and by all means is needed in the fall garden. It grows best in cool weather but the seed must be planted in August if sound heads are to be secured before frost. The seed may be planted in a partially shaded bed and transplanted to the open rows during the first cool weather of September. The crop does best on a rich, moist soil. Plenty of fertility is needed for the best heads.

Seed of early maturing cabbage may also be planted in the central and eastern parts of the State, says E. B. Morrow, extension horticulturist at State college. Seed for his crop is also planted in partially shaded beds. Such varieties as the Copenhagen Market and Jersey Wakefield will produce good heads before killing frosts if planted immediately. Other crops belonging to the cabbage family are kale, collards and Italian sprouting broccoli. These might be started in August, says

Mr. Morrow. Beet and carrot seed should go into the ground as soon as favorable planting weather occurs. Thorough soil preparation is needed at this time of the year if a good stand is to be secured. Use plenty of seed and firm and soil well after covering advises Mr. Morrow.

He says too, that seed for early crop of fall turnips should be planted immediately. For the main crop the seed may be planted the latter part of August or early in September.

**Four-H Club Members Elect New Officers**

Mary Emma Powell of Turkey in Sampson county was elected president of the North Carolina 4-H club organization at its final business session closing the annual short course held at State college this month. Associated with Miss Powell in the administration of club affairs for the coming year will be Boyce Brooks of Calypso, Duplin county, vice-president; Vernon James, of Weeksville, Pasquotank county, secretary and treasurer, and Lottie Hardison of Plymouth, Washington county, historian.

These four young people have been leaders in 4-H club work in their home communities and counties for the past several years. Each one was also prominent in some way at the recent short course. Miss Powell has been especially successful in her work in Sampson county. Recently when the county commissioners of that county decided to discontinue the work of the home agent, Miss Powell was among those prominently engaged in the effort to retain the work. She not only appeared before the commissioners but also aided in the movement to have hens donated by farm women and sold to defray the county's share of the home agent's salary. She is an excellent presiding officer and a good speaker.

Boyce Brooks, with Ruth Coleman of Alamance county, was one of the State health champions at the recent short course. He is a perfect specimen of physical manhood, making a score of 99.1 percent out of a possible 100. He is the son of Rev. and Mrs. C. V. Brooks of Calypso, is 17 years of age, 67 inches tall and weighs 134 pounds. He is active in the garden club of his home community.

Vernon James scored 96.6 percent cent in the health contest. He is the son of Mr. and Mrs. J. C. James and president of the Weeksville club.

Miss Hardison was one of the most popular girls at the short course, attracting all those about her by her sweet disposition.

**Good Wool Sales At County Pools**

Holding county pools as a successful means of selling wool at prices is growing in favor among the sheep growers of western North Carolina.

"One of our most successful pools is held each summer at Sylvia in Jackson county," says John W. Goodman, district agent in charge of the mountain section. "Last year 75 percent of the Jackson county growers, 50 percent of the Macon county growers pooled their wool and sold it at Sylvia for 52 cents a pound for clear wool and 2 to 5 cents a pound less for burry wool. This year, 95 percent of the Jackson growers, 75 percent of the Macon growers and 40 percent of the Haywood growers sold their wool in the Sylvia pool. County agent C. W. Tilson, cooperating with the county agents of the other counties and the growers, sold 14,870 pounds for 40 cents a pound at the pool. The burry wool brought from 2 to 5 cents less. There were eleven buyers to make bids and the wool sold as high as any in North Carolina or adjoining states. Some of the Tennessee pools where 50 and 75 thousand pounds are sold at one place brought no better prices."

Mr. Goodman says that the mountain farmers shear the wool cleanly and manage it carefully. This is necessary to successful pooling. Buyers are notified as to the amounts to be sold and are asked to make bids. The successful buyer must have the funds deposited in a local bank so that the wool may be paid for when delivered.

This movement began in 1923 when R. W. Gray was county agent in Jackson county. There has been a gradual increase in the amounts sold at the pool each year, though much if it has gone to local hucksters. At present, however, it looks as if the sheep growers will rely on the central pool from now on and the Jackson County Farmers' Mutual Exchange will handle all sales in the future, says Mr. Goodman.

**News of Whitsett**

Whitsett, N. C., Aug. 19.—Mrs. Walter H. McLean who has been seriously sick for some days has improved, and her friends are hoping for her early recovery.

Prof. J. H. Joyner was the speaker before the Whitsett Christian Endeavor society for the Sunday evening meeting.

The reunion of the Hall families, their kindred and friends will be held this year at "Maple Grove," the home of W. A. Hall, three miles north of Burlington. A program of interest is being prepared. The date is September 1st.

The revival services for Springwood Presbyterian church will begin next Sunday, August 25th at 7:30 p. m. The pastor, Rev. Wm. R. Turner will be assisted by Rev. L. J. Phipps throughout the week.

Dr. and Mrs. W. T. Whitsett, Mrs. Mary L. Whitsett, W. T. Whitsett, Jr., and Gordon Whitsett went from here to the Osborne reunion at Center Friends church yesterday morning, and in the afternoon attended the Wheeler gathering which was held at Deep River Friends church.

Quite a crowd went from here to Deep River yesterday to be present for the Wheeler family reunion, among them—Mr. and Mrs. E. B. Wheeler, Mr. and Mrs. J. A. Taylor, H. C. Perrett, Mr. and Mrs. E. F. Perrett, Mr. and Mrs. J. M. Summers, Rev. W. R. Turner, Mr. and Mrs. E. T. Wheeler, A. B. Hinshaw, Mrs. Holt Hunter and son, Mr. and Mrs. Glenn Wheeler, and others. All report a delightful occasion.

The Cheek-Stinson reunion exercises will be held on August 25th beginning at 11 a. m. at the home of T. Carl Cheek in Gibsonville.

Rev. Wm. R. Turner preached a special sermon before the Wheeler family gathering at Deep River yesterday, taking for his topic "Beyond the Mists." It is being highly complimented by those who heard it.

Whitsett, Aug. 21.—R. R. Fillers of Durham was here yesterday and today looking after some matters of business.

Announcement cards have been received from Mr. and Mrs. James Cyrus Watts telling of the marriage of their daughter, Miss Sue Ella Watts, to George D. Colclough, assistant manager of Elon college, on August 12th. They will make their home at Elon College.

The fifth annual reunion of the Webster families and friends will be held September 1st at the home of E. P. Webster, one mile south of Graham.

Mrs. J. A. Hardin and Mrs. R. A. Day of Greensboro spent the afternoon here yesterday in consultation with Dr. W. T. Whitsett about some historical matters.

Claude K. Fitzgerald and W. T. Whitsett, Jr., left this morning for Chapel Hill, Durham, and Goldsboro where they will visit for two or three days.

W. D. McLean of Asheville and Boyd McLean of Lakeland, Fla., have been here for some days on account of the sickness of their mother, Mrs. W. H. McLean, who is now greatly improved.

The regular meeting of the Whitsett Christian Endeavor society which was scheduled for next Sunday evening will be suspended, and the members will attend the services instead at Springwood church. A week's revival service will begin at Springwood on Sunday.

An unusually interesting meeting of the Gibsonville Rotary Club was held Tuesday evening the chief features being an address by J. Boyd McLean of Lakeland, Fla., long interested in Rotary work, who gave a very interesting account of the conditions in Florida at this time. He told of his experiences during the past five years in that state, embracing the boom period, the scare caused by the appearance of the Medeterranean fly in the citrus crops, the bank failures, and present conditions in real estate, tourist travel, winter residents, etc. He was followed by Dr. Joseph A. McLean of Philadelphia who spoke briefly of the education of men for the medical profession, why they left the State for larger hospital experience, the outlook for building up medical centers in North Carolina, etc. H. F. Huffines gave some interesting notes of a recent trip to Detroit, Canada, and other points. Altogether, it was one of the most interesting meetings held in some time. Dr. Wm. A. Harper of the Burlington club was present as a visitor. The Gibsonville club has just added a new piano to its club equipment.

The heavy rain, wind, and lightning storm which passed over this place on Monday afternoon from five to six o'clock did not do any serious damage, although several trees were struck by lightning. Supt. R. C. Fitzgerald and family have returned to Greenville, after a visit here with relatives.

Much regret is expressed by his many friends here over the passing of Capt. G. H. McKinney who died in a Greensboro hospital on Monday. His fine, sturdy qualities, and his unfailing friendship had endeared him to a wide circle throughout the county. In every particular, he was a fine type of citizen, and few office-holders have ever been more popular. Plans are under way to greatly

improve the interior of the historic Brick church located on the Whitsett-Julian road south of this place. Some time ago the outside of the building was renovated, and a new roof put on; now the remaining work will receive attention.

Only 2.5 percent of the dairy cows in North Carolina are pure bred, registered animals.

**Home Canning Made Easy**  
By GRACE VIALI GRAY  
Household Science Institute.

**GOOD YEAR FOR CANNING**  
This is the year to can, according to all reports coming from the berry, fruit and vegetable sections of the country.

There is a big crop of high quality of practically all fruits and vegetables. There are going to be hundreds of carloads of luscious pears, peaches, plums, cherries, beans, tomatoes and corn to can, and best of all, they are going to be offered at reasonable prices in bushel lots for canning, says one authority.

Cherries are being shipped from Idaho, where there is a bumper crop, 240 carloads, compared with 200 last year. Cherries are also plentiful in Michigan and Oregon.

The plums that are coming from California are of good size and excellent quality.

Alberta peaches that women want for canning are going to be plentiful and cheap.

So 1929 seems to be a "lucky" year for all good homemakers who believe that it is "smart to be thrifty," and who therefore like to put away jars of preserved food at reasonable prices for future winter use.

The United States Department of Agriculture advocates the use of the pressure cooker for canning all non-acid vegetables such as corn, peas, and beans as well as meats, fish and poultry. The high pressure made possible in the pressure cooker kills all spores, thus making canning safe.

**HOW TO SELECT STALK FOR NATIONAL COTTON SHOW**

**ABILITY**, or at least indications of ability, to produce large amounts of a quality product, is the basis of award at all agricultural fairs. This is true whether the entries are dairy cows, swine, chickens or field crops. Heavy production of quality cotton should be the ambition of all cotton growers. The One-Stalk Cotton Show to be held under the auspices of the Sears-Roebuck Agricultural Foundation, and The National Fertilizer Association, in connection with the Mid-South Fair at Memphis, the Southeastern Fair at Atlanta, and the State Fair of Texas at Dallas, was inaugurated to stimulate interest in economic production of better cotton. Prizes totalling several thousand dollars are being offered.

In judging the single stalks at the show, a score-card which has been prepared by some of the leading cotton authorities in the South will be used. This score-card has been carefully prepared in order to give proper weight to the various plant characters. Actual judging will be done by competent authorities from each section.

According to the score-card, a perfect plant would secure 100 points total score. Since productivity of the cotton stalk is probably of greatest single importance, production, as measured by the amount of seed cotton on the plant, is given a possible 25 points. Thus heavily fruited stalks would secure a high rating under production.

A possible 25 points has been allotted to lint. Percentage of lint in seed cotton, length, character and uniformity, strength and color, are all factors that will be considered in studying the lint. The plant, as a whole, has been given a possible 20 points. Symmetry of form, amount of wood in proportion to fruit, character of branches, and maturity, are considered in studying the plant unit.

Character of bolls has been allotted a possible 12 points. Size of bolls will be considered and well opened bolls are desirable, although a cer-

tain amount of storm resistance is also to be desired.

Seed has been allotted a possible 5 points. Plump, heavy seed, uniform in size and color, are desired. Freedom from disease has been given a possible 3 points, making a total of 100 points.

Any farmer, whether landlord or tenant, white or colored, or any one member of his family, will be allowed to enter a single stalk for competition. Only one stalk may be shown from each farm unit.

The stalks exhibited must be grown in 1929. Stalks must come from a field where at least one acre of cotton was grown in 1929. However, any spacing, fertilization, protection or cultural practice may be used.

Stalks shown must contain the cotton that grew on the stalk. Picking and refilling will not be permitted. Branches must not be cut from stalks exhibited. All leaves must be removed.

The name of the variety must be shown on the stalk. Exhibitors need not necessarily accompany exhibits, but may ship same, charges prepaid, to the National One-Stalk Cotton Show, in care of the fair in their districts. Entrants living in Virginia, North Carolina, South Carolina, Georgia, Alabama and Florida should enroll by sending their names and address to The National Cotton Show, Atlanta, Ga.; those in Oklahoma and Texas to The National Cotton Show, Dallas, Texas; and those in Tennessee, Mississippi, Arkansas, Louisiana, Missouri and Kentucky to The National Cotton Show, Memphis, Tenn.

The premiums for the best single cotton stalks include \$1,000 as total prize, including sectional award, for the best stalk of cotton in the South. Premiums at the three sectional fairs at Atlanta, Memphis and Dallas follow: first \$500 at each fair, second \$300 each, third \$200 each, fourth \$100 each, fifth \$50 each, sixth to tenth inclusive \$25 each, eleventh to twentieth \$10 each.

**NOTICE!**  
**Public Sale Of Land.**

Under and pursuant to the power and authority vested in the undersigned Commissioners of the Superior Court of Alamance County, under the judgment, orders and decrees of the said Court made in the case of Bethenia Thompson and husband, W. J. Thompson vs O. F. Crowson, Jr., and others, and Atlantic Joint Stock Land Bank of Raleigh, and the case of Atlantic Joint Stock Land Bank of Raleigh vs E. L. Henderson and wife, Annie Henderson, which said case was consolidated with the case of said Bethenia Thompson and others vs O. F. Crowson and others, the undersigned Commissioners will offer for sale, at public auction, at the courthouse door in Graham, Alamance County, North Carolina, on

MONDAY, SEPT. 2, 1929, at 12:00 o'clock, noon, all of the following described real property, to-wit:

All that certain piece or parcel of land situate, lying and being in Graham Township, County of Alamance, State of N. C., bought by J. C. McAdams from Temperance A. Curtis, W. C. Curtis and Daisy B. Curtis, May 30, 1895, and the deed conveying same is recorded in Book 17, page 330.

Beginning at a post oak on East side of Graham road and Pittsboro road, corner with G. A. Curtis; running thence N 28 1/2 deg E 25.50 chs to a rock on the Swepsonville road; thence N 28 1/2 deg W 11.23 chs to a point on said road; thence N 33 1/2 deg W 5.15 chs to a rock on said road; thence S 66 1/2 deg W 4.50 chs to a rock on Graham and Pittsboro road; thence along said road as it runs (S 8 1/2 deg E 12 chs S 15 1/2 deg W 10 chs and 83 lks S 20 deg E 9 chs and 50 lks.) to the beginning, containing 31 acres, but be it the same be there more or less.

Also all that certain tract or parcel of land bought by J. C. McAdams from W. C. Neese and wife, Callie Neese May 20, 1902, the deed conveying same recorded in Book 64, page 311.

Beginning at a post oak tree on the East side of the Graham road, corner with C. A. Albright and J. C. McAdams; thence S 86 deg E 4 chs 56 lks to a white oak tree, corner with said Albright; thence S 70 1/2 deg E 6 chs 47 lks to a rock, corner with John Enoch and said Albright; thence N 23 1/2 deg E 19 chs 80 lks to a rock or iron bolt in public road to Swepsonville and Graham, corner with said Enoch; thence with said road N 52 1/2 deg W 6 chs 87 lks N 30 1/2 deg W 3 chs to a rock, corner with said McAdams in said road thence S 28 1/2 deg W 25 chs and 50 lks to the beginning, containing 22 acres, but be it the same be there more or less.

The above described real property has been sub-divided and will be offered for sale by said Commissioners in accordance with the sub-division of the same as shown by the map and plat of the said real property, as made by B. A. Waldenmaier, C. E., as follows, to-wit:

FIRST—A. Lots No's 22 and 24, fronting on the hard surface road to Swepsonville 191.53 ft., and containing 2.22 acres.

FIRST. Lots No's 31, 33, 35, 36, 37 and 38, which said lots front 579 ft. on the hard surface road to Saxapahaw, and containing 19.18 acres, more or less.

SECOND. Lots No's 11, 12, 13, 14, 15, 16, 17 and 18, which said lots front 452.2 ft. on the hard surface road to Saxapahaw, and 400 ft. on the hard surface road to Swepsonville, and containing 5.53 acres, more or less.

THIRD. Lots No's 5, 6, 7, 8, 9 and 10, which said lots front 312 ft. on hard surface road to Saxapahaw and 300 ft. on hard surface road to Swepsonville, and containing 3.03 acres, more or less.

FOURTH. Lots No's 26, 28, 30, 32 and 34, which front 464.8 ft. on the hard surface road to Swepsonville, and containing 6.94 acres, more or less.

FIFTH. Lots No's 19, 20, 21, 23, 25, 27 and 29 and fronting 200 ft on the hard surface

road to Swepsonville, and 839.72 ft. on the hard surface road to Saxapahaw, and containing 10.59 acres, more or less.

The said lots as indicated above will be sold in the order named, and in the groups as named, and upon the following terms and conditions:

Said sales will be made subject to advance bids, and to remain open for such bids for ten days from date of sale, and subject to confirmation by the Court, and each bidder will be required to deposit at least ten percent of the amount bid, and to pay the balance in cash upon confirmation of the sale by the Court, and the purchase price to bear interest at six percent from date of confirmation until paid, and title will be reserved until the purchase price is fully paid.

These sales are being made to satisfy the judgment of said Atlantic Joint Stock Land Bank of Raleigh against said E. L. Henderson and others, which constitutes a lien on the above described real property prior to all other liens, on account of the said debt having been secured by a mortgage deed from said H. L. Henderson and wife, Annie Henderson, to Atlantic Joint Stock Land Bank of Raleigh, which is recorded office Register of Deeds, Alamance county, in Deed of Trust Book No. 76, page 45; and for the other purposes set out and prescribed in the judgment and orders of the Court in said cause.

This the 29th day of July 1929.  
J. CLYDE RAY,  
CLARENCE ROSS,  
Commissioners.

**Receiver's Re-sale of Real Estate!**

Under and by virtue of the power of sale contained in a certain mortgage deed of trust duly executed by E. H. Thompson and wife, Sarah C. Thompson, in favor of Piedmont Trust Company, Trustee, on the 30th day of September, 1916, and securing the payment of certain bonds numbered from one six, both inclusive, bearing even date with said mortgage deed of trust and payable to bearer, each in the sum of Two Hundred Dollars (\$200.00), default having been made in the payment of said indebtedness as in said mortgage deed of trust provided, and by the further authority of an order of the Superior Court of Alamance County, in an action therein pending, and being No. 3682 upon the Civil Issue Docket, the undersigned Receiver of Piedmont Trust Company will, on the fourth Monday in August, 1929, at 10 o'clock a. m., the same being

THE 26th DAY OF AUG., 1929, at the courthouse door in Alamance County, offer for sale at public auction to the highest bidder for cash, the following described real property, to-wit:

A certain lot or parcel of land in Alamance County, North Carolina, adjoining the lands of John McPherson, William Williams and others, located on the old Burlington-Elon College road, and described and defined as follows:

Beginning at a stone, John McPherson's corner, and on Wm. Williams' line; thence with Williams' line N 88 deg W 16.50 chs to a gum on said line; thence N 94 deg W 3 chs to a stone; thence N 2 1/2 deg E 37.68 chs to a stone on Lynch's line; thence his line S 80 deg E 4 7/8 chs to a stone; thence S 2 1/2 deg W 37.68 chs to a stone; thence S 72 deg E 8.47 chs to a stone; thence S 87 deg E 5.15 chs to a stone; thence S 2 1/2 deg W 3.43 chs to the beginning, containing Twenty-six and Seven-tenths (26.7) acres, more or less.

The terms of the sale will be cash upon the date of the sale and the purchaser will be furnished with a certificate by said Receiver certifying the amount of his bid and receipt of the purchase price, and the sale will be left open ten days thereafter for the placing of advanced bids as required by law.

Said mortgage deed of trust is recorded in the office of the Register of Deeds of Alamance County in Book No. 71 D. of T., at page 138.

This is a re-sale and bidding will begin at \$20.00.  
This the 10th day of Aug., 1929.  
THOMAS D. COOPER,  
Receiver Piedmont Trust Co.  
J. Dolph Long, Atty.
