COMMERCIAL AND FARMERS BANK AT MEBANE CLOSED

The Commercial and Farmers Bank at Mebane failed to open for business Monday. This course was taken to prevent a "run." It is now in the hands of the Corporation Commission. It is understood the trouble was brought on by too liberal lending and being unable to collect loans. There is no suggestion of shortage on the part of any official connected with the institution. Mr. S. G. Morgan is the cashier of the bank and the capital stock is \$25,000. The opinion is expressed that the depositors will be paid in full.

THE LUNCH BOX

"Early to bed, and early to rise, Makes a boy healthy, wealthy and wise."

All very well, as far as it goes. But what the boy eats before he's "early to bed," what he eats when he's "early to rise," and what he has in his school lunch box—that's what "makes a boy healthy, wealthy and wise."

Wise mother knows her boy's nutritive needs at home and at school. She knows his need for calcium and phosphorus, as well as for proteins and vitamins of meat and eggs and vegetables. She knows that if she bakes her boy's foods at home, with self-rising flour, that she is giving her boy the benefit of the millers' combination of important minerals for growth—all the essentials of a well-balanced diet.

So wise mother makes the lunch box sandwiches of quick breads made with self-rising flour, butters them well, and fills them to capacity with chicken or other lean meat, or with sliced hard-cooked egg. A raw vegetable, carrots preferred, and a little fresh fruit, she adds to the sandwiches for balance.

And then comes the schoolboy's delight, and the object of all his sweet-toothed anticipation—cake, cookies, popcorn ball—any of the tasties made with self-rising flour.

Standing out as the better cigarette

THE SINGLE IDEA of superlative quality was the inspiration for Camel Cigarettes.

From the time when the first Camel Cigarette was made that one idea has set Camel apart.

A policy of better tobaccos, combined in an incomparable blend, manufactured with the most exacting care—all to assure the utmost pleasure in smoking.

That is the ideal and the practice back of every package of Camel Cigarettes.

It has made Camel the most popular cigarette ever known. More millions have chosen Camels for smoking pleasure than ever accorded their patronage to any other cigarette.
