Case Against Cooper A. Hall Dismissed

The arrest of Cooper A. Hall, Democrat, for alleged irregularities in the conduct of the late election was procured by an over-zealous partisan in that Mr. Hall was called upon to assist a voter in marking his ticket and the voter, later, by some means, arrived at the conclusion that he had not voted for some on the ticket that he intended to vote for.

Mr. Hall stated that he marked a straight Democratic ticket for the said voter as requested.

The hearing was held before T. H. Williams, J. P., in the courtroom Monday afternoon. After hearing the evidence, Squire Williams decided that there was not probable cause and dismissed the case.

Mr. Hall is believed to be an honorable gentleman, and it is not believed he would take advantage of one who appealed to him under the circumstances recited.

After December 1st, when the newly elected county officers go into office, it is presumed there will be an audit of the records in certain of the offices. However, it is hoped there will be as little need for it as was the fancied necessity for an extensive audit two years ago.

The congress which convenes the first of December will be urged to appropriate and distribute \$125,000,000 for highway construction among the states to help relieve the unemployment situation. With nearly three and a half millions idle that sum will not go far, but it will help. The severities of winter just ahead present a gloomy picture for those who have been idle for months and have no store laid by.

The American Bar association meeting in Chicago this week, composed of more than 2,000 members, went on record as favoring the repeal of the Eighteenth amendment by a vote of more than two to one. At the same time prohibition enforcement officials are asking for more money for enforcement of the law. A total of approximately \$17,400,000 is requested, which is an increase of \$2,400,000. Verily, prohibition is coming high.

From the big business centers the cheerful news comes out that there is a slight improvement in business. It behooves every industry and every individual to lend a helping hand to relieve the depression that has gripped the country for the past year.

Recovery cannot be expected all at once, but gradually the situation can be improved. To do it the government must not be depended upon solely for the performance. Universal individual effort must play the bigger part.

The people of Alamance county by their vote on November 4th, expressed their confidence in Democrats to manage the county's affairs. The county commissioners is the branch of the county government that will have more to do with the management of county matters than all others combined. They will choose agents to various posts of duty. Here it behoves them to be exceedingly careful, so that none but fit persons be named for any of the posts. Nor should there be any unnecessary appointments made—no handing out of "jobs," for people who perform public service should earn their pay just the same as other people do. Let not the confidence of the people be abused or violated in any way.

One hundred 4-H club members of Caldwell county have planted 2,500 black walnut trees so far this winter.

THE DAY OF THANKSGIVING

By Henry Ward Beecher

Thanksgiving Day is the one national festival which turns on home life. It is not a day of ecclesiastical saints. It is not a national anniversary. It is not a day of celebrating a religious event. It is a day of Nature. It is a day of thanksgiving for the year's history. And it must pivot on the household. It is the one great festival of our American life that pivots on the household. A typical Thanksgiving dinner represents everything that has grown in all the summer, fit to make glad the heart of man. It is not a riotous feast. It is a table piled high, among the group of rollicking young and the sober joy of the old, with the treasures of the growing year, accepted with rejoicings and interchange of many festivities as a token of gratitude to Almighty God.

Remember God's bounty in the year. String the pearls of His favor. Hide the dark spots, except so far as they are breaking out in light! Give this one day to thanks, to joy, to gratitude.

**Thanksgiving Proclamation
By President Hoover**

President Hoover has called upon the people of the United States to observe Thanksgiving day by extending aid to those who are in need and suffering from causes beyond their control.

In his annual Thanksgiving day proclamation, the chief executive said this country has many causes for thanksgiving. He added that as a nation, "we have suffered far less than other peoples from the present world difficulties."

His proclamation follows:

"By the President of the United States, a proclamation.

"Notwithstanding that our forefathers endured the hardships and privations of a primitive life, surrounded by dangers and solaced only with meagre comforts, they nevertheless bequeathed to us a custom of devoting one day of every year to universal thanksgiving to Almighty God for the blessing of life itself and the means to sustain it, for the sanctuary of home and the joys that pervade it, and for the mercies of his protection from accident, sickness, or death.

"Our country has many causes for thanksgiving. We have been blest with distinctive evidence of Divine favor. As a nation we have suffered far less than other peoples from the present world difficulties. We have been free from civil and industrial discord. The outlook for peace between nations has been strengthened. In a large view we have made progress upon the enduring structure of our institutions. The arts and sciences that enrich our lives and enlarge our control of nature have made notable advances. Education has been rather extended. We have made gains in the prevention of disease and in the protection of childhood.

"Now, therefore, I, Herbert Hoover, President of the United States of America, do hereby designate Thursday, November 27, 1930, as a national day of Thanksgiving, and do enjoin the people of the United States as to observe it, calling upon them to remember that many of our people are in need and suffering from causes beyond their control, and suggesting that a proper celebration of the day should include that we made sure that every person in the community, young and old, shall have cause to give thanks for our institutions and for the neighborly sentiments of our people.

"In witness whereof, I have hereunto set my hand and caused to be affixed the seal of the United States.

"Done at the city of Washington, this sixth day of November, in the year of our Lord 1930, and of the Independence of the United States of America, the 155th.

(Signed),

"HERBERT HOOVER,"

By the President;

(Signed),

HENRY L. STIMSON,

Secretary of State.

**ALAMANCE COUNTY
4-H CLUB WORK**

Do the people of the county realize what the 4-H club means to the boys and girls of the county. We are going to give a short review of this year's work. First, will be the Calf club work. On September 9, the boys and girls living in the Alamatah community brought out fourteen nice Jerseys to the schoolhouse and held their annual community show. For this show the prize money was furnished by the Burlington Kiwanis club. The boys and girls were well pleased with the show. The following day, September 10, at the Sylvan school, the Sylvan club boys and girls brought out twenty-one Jerseys of superior quality. These boys and girls went home well pleased with their prizes.

Next on the program came the Mebane fair. Since club work was started years ago in the county there has not been a better show held at this fair. Forty-three head of nice Jerseys, a pretty picture. The calves were of fine quality and in excellent condition. These calves not only won the club prizes, but won in the open classes.

Not satisfied with three shows, the club members decided to send some of their calves to the State fair in Raleigh. Eighteen picked animals were sent to Raleigh. On Tuesday, October 14, these animals

competed with several other county herds. The competition was strong, but Alamance animals could not be thrown out. Not a single animal failed to win a prize. Out of the six blue ribbons for first places Alamance won two and several second and third places. The blue ribbons were won by calves owned by Reid Aldridge, Haw River, and Seth Beale, Snow Camp.

We are well pleased with the Calf club work this year but hope to do better next year.

We also have a 4-H Corn club in the county. The home of this club happens to be in the Pleasant Grove and Union Ridge communities. The boys of this club put on the best Corn club exhibit ever shown at the Mebane fair. This has been a severe year on corn due to the dry weather, but several of the boys have made between fifty and eighty bushels of corn per acre. James Rascoe, a member of the club, made 80.2 bushels on his acre. Can we do better? Yes, and next year we are going to try to make the 4-H club of Alamance lead the state.

There is general complaint that with all the road work throughout Guilford county that the roads in Rock Creek township, especially in South Rock Creek township, over which the school trucks have to travel daily are in such poor condition; they are not even moderately good sand clay, and this, despite the fact that Rock Creek is one of the heavy taxpayers among the townships. The taxpayers are becoming outspoken in their complaints.

STATE SUPPORT OF FAIR

Pointing out that Ohio and New York spend as much as \$200,000 for the support of their state fairs and that "South Carolina, Tennessee and Kentucky cheerfully spend from one to four times the North Carolina deficit this year," the Progressive Farmer and Southern Ruralist waxed eloquent against those who threaten to destroy this state institution. "Yet because the state lacked about \$6,000 of collecting as much as it spent on this great North Carolina agency of agricultural and industrial progress, some gentlemen would have it discontinued. They don't ask the State university or any other college to pay its way; they don't ask any other educational agency of state governor to pay its way; but this educational agency for the plain dirt farmers of North Carolina (many of whom got mighty little education from the state in their boyhood days) must be sacrificed."
