

THE GLEANER

GRAHAM, N. C., NOV. 12, 1931.

LOCAL NEWS

The weather continues mild and dry.

Only two weeks till Thanksgiving Day—four weeks later, Christmas.

James A. Wingham, near Saxapahaw, was in town yesterday and called on The Gleaner.

A two weeks term of Alamance Superior court will begin next Monday for the trial of civil cases.

Graham School Parent-Teacher Association regular monthly meeting at school auditorium tonight.

Two trucks, southbound, passed through last night loaded with 39,000 pounds of cranberries. They will make sauce for lots of Thanksgiving turkeys.

An interesting Armistice Day program was given by the Children's Chapter of Graham Chapter U. D. C. at the Public School auditorium at 10 o'clock yesterday morning.

Drop in and get a sample copy of The Pathfinder—you will enjoy reading it. The Gleaner and The Pathfinder will be sent to you a whole year for only \$1.00 for both—less than a cent a copy.

For \$1.00, by special arrangement, we will send you The Alamance Gleaner and The Pathfinder for one year—only the price of one for both. The Pathfinder is a national weekly, published at Washington, and gives you the cream of the world's news every week. It touches every phase of endeavor, and is full of interest from cover to cover. Send a dollar—you won't regret it.

While Mr. R. B. Newlin and his daughter, near Saxapahaw, were in town Saturday, he passed some random remarks with his friends on sundry matters. Among other things, he mentioned that he had gathered 920 pounds of lint cotton from less than one and a half acres, and he spent about \$3.50 for fertilizer. That means a nice margin over a bale per acre. That's fine for Alamance which is not classed as a cotton-growing county; nor is Mr. Newlin a cotton farmer. Cotton is only a side-line with him, and if the staple were bringing a fair price, it would be profitable.

Among the Sick.

Mrs. Jas. P. Smith is confined to her home by sickness.

Miss Dora Jones, who has been quite sick, is reported to be improving.

Dr. W. R. Goley is quite sick from pneumonia. He attended the M. P. Conference in High Point last week and returned home Friday. His illness began with a chill Saturday morning.

Worth Jeffries' Home Burned Monday Night.

The home of Worth Jeffries, colored, was burned in Pleasant Grove township Monday night. The fire was discovered about 1 o'clock and had progressed too far to undertake to save it. The family barely had time to get out and nothing was saved.

It was with difficulty that an old man, a relative of Worth, very feeble, was rescued.

Worth had left Monday for Danville with a load of tobacco, leaving his wife and children and the old man at home.

Worth had a good home that was built only a year or so ago. He had \$1,500 insurance in the Farmer's Mutual Fire Ins. Co., and Mr. Edgar Long, agent of the company, went over yesterday to investigate and report on the loss.

Carteret County farmers are planting 200 acres of Broccoli as a test of this new green crop for the early market.

Under and pursuant to the power of sale vested in the undersigned Trustee, in that certain deed of trust from W. H. Foushee, Trustee, and Anne Bam (Barham), dated the first day of February, 1928, and recorded

You needn't tell me—I know Camel is the fresh cigarette!

Never parched, never toasted CAMELS are FRESH in nature's own mild way!

EVERYONE knows now that Camels are the fresh cigarette.

If inquiry went deeper, it would reveal that Camels are the natural moisture cigarette.

That's important, because in handling fine tobaccos, when you process out natural moisture, you sacrifice freshness and flavor too.

Camel smokers needn't worry about that, because Camels are blended of fine Turkish and mild Domestic tobaccos that are never subjected to violent process-

ing. They need no parching or toasting to make them smooth, palatable, cool.

That's why the Camel Humidor Pack is such a boon to Camel smokers—it preserves the freshness, flavor, natural moisture, fragrance that are in this fine cigarette to start with.

Camels are fresh in nature's own mild way, and if you want to see what that means in unalloyed smoke-enjoyment, switch to them for just one day—then leave them, if you can!

CAMELS Made FRESH - Kept FRESH

Don't remove the moisture-proof wrapping from your package of Camels after you open it. The Camel Humidor Pack is protection against perfume and powder odors, dust and germs. In offices and homes, even in the dry atmosphere of artificial heat, the Camel Humidor Pack delivers fresh Camels and keeps them right until the last one has been smoked
