How Spellings Differ

Some of the principal differences in English and United States' spelling are the inclusion of the letter "u" in the English form in such words as labour and honour, the substitution of "que" or "k" in such words as check (cheque), the use of the letter "s" instead of "z" in such words as organization (organisation), the substitution of "re" for "er" in such words as theatre (theatre), the use of the letter "y" instead of "i" in such words as tyre (tire).

How Leaves Affect Trees

The leaves of a tree correspond to the lungs or other breathing apparatus of an animal, since a large part of the tree's respiration is done through the leaves. A tree stripped of all its leaves would die if unable to replace them, although under ordinary circumstances at least part of the leaves would grow back. A plant may be said to die from lack of moisture during a dry spell, which is equivalent to the drying of thirst of an animal.

How to Apply Varnish

Varnish can be applied much more easily and evenly if it is heated in a warm oven before being used. Not only does it look more professional, but less varnish is required if this is done.

How Earth is Slowing Down

The rate of rotation of the earth on its axis is not constant, but it gradually decreasing with a consequent lengthening of the sidereal day, amounting to about 1/1000 of a second per century.

C. R. Love For House of Representatives.

Burlington, N. C. May 24th, 1932.

To the Editor of The Alamance Gleaner, Graham N. C.

It has been suggested that all candidates for the General Assembly state through the press some of their ideas with reference to the important matter of taxes.

If I am nominated in the Democratic primary, June 4th, and elected in the general election this fall, I shall stand for the Democratic platform and ideas as will be written at Raleigh June 16th.

I will work as best I can to serve the entire citizenship of the County and State, keeping in mind primarily the needs of Alamance County. I am opposed to adding any taxes to the now overburdened taxpayers. Instead of more new taxes, I believe that a reduction in spending of the public money should be made.

While I do favor the reduction of public expenditures where not absolutely necessary, yet I am in favor of keeping up to the highest possible standard our public schools.

With reference to a general sales tax, I am opposed to this, or any kind of a sales tax, if the necessary money can be raised to operate the various Departments of the County and State Governments.

With further reference to my candidacy, I want to say that in asking the Democratic voters for their support in the June primary, I was born and raised on the farm, and had several years experience in a retail store, and also managed a small roller mill for several years, and am now operating a small hosiery mill.

I have never held an elective office. I have been working continuously for the Democratic party since I became twenty-one years of age. I was Chairman of the Democratic Executive Committee from 1918 until 1928, of Alamance County. I will appreciate your active support in the coming primary.

Only the NEW NuGRAPE Has Their Delicious Flavor

You'll admit there is a goodness in the flavor of grapes—and that's why the New NuGrape is different from all artificial flavors—different as gold and brass. In a certain valley, made rich and productive by reason of the moisture, in season, from surrounding hills—a famous brand of grapes is raised. The vineyards are renowned for the rich, wine-like flavor of the great purple clusters of fruit. And it has been our obligation to YOU, to transport that natural delicacy of flavor—to your home—to places where soft drinks are sold.

The New NuGrape — made exclusively with Welch's Grape Juice — costs no more than any artificial grape substitute. It's now on sale everywhere for 5c.
