\$1.00 A YEAR, IN ADVANCE.

Entered at the Postoffice at Graham, N. C., as second-class matter.

MILLIONS GOLD COMING

Gold is pouring into the United States by the millions.

An item of news sent out from New York Tuesday states that on that day "the liner Majestic docked with about \$45,000,000 in gold consigned to New York banking institutions. Cargoes of approximately \$45,000,000 on the Olympic and \$10,000,000 on the Champlain, due next week, as well as smaller shipments via the Manhattan and Hamburg will bring the total gold received since February 1 to about \$400,000,000."

Who knows anything about money?

When the United States was on the gold standard and the dollar was high gold was slipping away to Europe by the cargo. It was frightful—looked like America stood to lose all her gold.

Presto! The content of the dollar has been fixed, for the present at least, at little less than sixty cents (59.06) and gold is pouring in, faster, it has been hinted, than America wants it.

Money-minded men have offered a number of explanations for the situation. They do not agree, nor are they sure themselves of the reasons proposed.

One outstanding reason is that Europe is fearing another war. Europe has been busy arming and training almost ever since the World War.

It takes money, lots of it, to prosecute war. Instance the 20 billions that America frittered away to help win the bloodiest war in all history and make the "world safe for democracy."

If no money to pay for it, not much fighting. If no spoils, not much incentive.

All that aside, if the present policy of this government abides as now the gold that comes to our shores will stay.

SNOW BOUND

Another bitter cold spell, the third in succession in three weeks. The last was not so cold as its immediate predecessor.

But as to the snow. From Virginia north, through Maryland, Pennsylvania, New Jersey, New York and New England States with the zero weather came snow, and snow that halted traffic. On Tuesday not a train made it from Boston to New York. The greater part of New England was about in the same plight.

In New York city 35,000 men shoveled snow, clearing the streets to help business move and aid workers to get to their jobs.

Mixed with the blizzard there was tragedy. A number of lives were lost, due to the extreme cold, exposure, and the lack of ordinary comforts.

Former Postmaster Walter F. Brown voluntarily appeared before the Senate investigating committee to defend himself against the charge of collusion in awarding air mail contracts. His appearance is to his credit, and he contends he did nothing wrong. Whether he did or not, the millions paid out for that service during his administration can hardly be defended.

War clouds are lowering over Europe and there are numerous reports of alliances. Whatever the outcome, let Uncle Sam not forget his World War experience and the injunction in Washington's farewell address about foreign entanglements.

Thousands all over the country are being dropped from CWA jobs. This will work a hardship on many. The Government has been generous, and now, that conditions are vastly improved, it is up to those being dropped from the roll to rely on themselves in securing and making jobs for themselves.

Saxapahaw News Items

February 20, 1934.

Mrs. John Davis is indisposed with a severe cold.

Mr. Ralph Smith, who was injured in one of the Swepsonville mills and had his hand amputated above the wrist at Rainey hospital is home again.

Mr. Ben Thompson of Cedar Cliff is confined to the house with a very hard cold.

Rev. H. C. Smith, presiding elder of the Durham district of the M. E. Church, South preached a challenging and inspiring sermon at the Saxapahaw Union Church Sunday.

The school attendance is being affected by cold weather, poor bus service, and colds.

Mrs. Luther Holt visited friends in Greensboro last week.

Rev. G. H. Enfield occupied the pulpit of the First Presbyterian church, Sunday, and preached to an appreciative audience.

Mr. and Mrs. G. H. Enfield were guests of Mr. and Mrs. Garland Newlin, Burlington, Sunday.

A daughter was born to Mr. and Mrs. C. D. Weaver Friday February 16.

A meeting of the Saxapahaw Scout Tribe, Professor Henry J. Overman Scoutmaster, was held in the cabin of Professor Twiman Andrews on Wednesday night.

At a previous meeting of the Scouts the following boys passed the tenderfoot test, Albert Cheek Elwood Cheek, and Ernest P. Lowe.

The PTA birthday party which was held at the school house, Tuesday night of last week, proved a grand success. Old fashioned games, in charge of Professor Henry J. Overman, were played and enjoyed. Mrs. G. H. Enfield and Mrs. Luther Holt baked the cakes and the patrons furnished the ingredients. One was a pound cake, the other a 23 pound devil-food cake. Both were beautifully decorated for the occasion. This was also a farewell party for the retiring president, Mrs. Frank Woody, who left the following morning to join her husband who had recently moved to Roseboro. The vice-president has taken over the duties of the president for the remainder of the year.

Use Fulghum Oats For Spring Hay.

Recent freezes having played havoc with small grain and hay crops planted last fall, many dairymen and others have been seeking information about crops that may be planted now and will produce an early crop of hay this spring.

John A. Arey, dairy extension specialist at State College, recommends Fulghum oats for this purpose. However, the oats must be heavily seeded where the crop is to be cut for hay. At least three bushels of seed must be used per acre.

"If Fulghum oats are planted as soon as the soil will permit, they will make a larger yield of spring hay than any other crop that may be planted at this time," says Mr. Arey. "In tests made at the upper coastal plain branch station near Rocky Mount, this variety of oats produced 2,400 pounds of hay per acre."

Mr. Arey also points out that where the crops planted last fall were well fertilized, it may not be necessary to add further fertilizer under the oats at planting. However, an application of about 100 pounds of nitrate of soda or some other quickly available nitrogen material will be highly beneficial. Apply the nitrate when the oats are from four to six inches high.

Perquimans county cotton growers received over \$6,000 last week as loans on their option cotton.

Press The Button

By G. H. Enfield

A nervous wreck; Jello. Is there a progressive tax on the road hog? Evening skirts are full. Just how private is a home nowadays!

The family tree seems to bear just the kind of fruit that some communities like.

Dates are the hardest things to remember and the easiest things to make.

How much wiser is a hen than a person! She scratches where it pays.

"Did you see Miss Sally home last night?"

"Say not, but her father did."

"Henry, why did you never marry?"

"There's a Miss, understanding."

Two Neighbor Women

First: My specialty is doing the impossible.

Second: Then, hold your tongue!

Starting Right.

New Husband: Darling, do you know where my pants are?

New Wife: Yes, dear, I'm wearing them.

A Mother Censuring Her Son: "Honey, you've broken the Ten Commandments."

"Yes, mother, more than that. I've broken yours, too."

A wit remarked of some members of the NRA: "We do our part and take your part."

The cheapest people are the dearest.

Just be yourself, if you don't want to be a hypocrite.

Which ship are you sitting on, battleship, hardship, or courtship?

Hope looks at the future and closes its eyes to the present.

Select Club Members For National Camp.

Four 4-H club members, two girls and two boys, will be selected shortly by the Agricultural Extension service of State College to attend the National 4-H club camp at Washington to be held June 14 to 20, inclusive.

"The national camp is held annually, and is regarded by extension workers both in Washington and the 48 states as the leading club event of the year," says L. R. Harrill, state club leader. "To be selected as a delegate to this camp is generally considered as the greatest honor that can come to a 4-H club member. The four delegates from N. C., together with four others from each of the remaining 47 states of the union are selected from a membership of about one million club members. In N. C., the four delegates will represent about 30,000 club members. 3 To be selected as a delegate to the national camp, a club member must be at least 15 years of age, must have completed three or more years of club work being active in 1933, and must be able to furnish complete records on his club projects for the three years. Selection of the delegate will be based upon the club members' report, the part he has taken in

community activities and the written story of his experiences and results as a club member.

Mr. Harrill says speakers of national prominence will be on the program of the Washington camp. In addition, there will be trips made to all the interesting and historical points about the National Capital. All of the principal governmental departments will be visited and studied.

This January 26th, 1934.

E. H. MURRAY, Clerk of the Superior Court of Long & Ross, Attys.

TOBACCO GROWERS

Here's why you should use Field Tested Fertilizer

GOOD quality tobacco is hard to grow. It takes hard work, experience, favorable weather, proper soil, and the right kind of fertilizer. It means a real investment in money and plenty of worry. Yet all this means nothing if the fertilizer is not right. Why run this risk? Why not play safe? Protect your investment. Trust your tobacco crop to Royster—the fertilizer that has been tested out right in the tobacco field.

Remember this: Royster is made in one quality only—the best. You can pay more or you can pay less, but you cannot buy better fertilizer for growing tobacco.

Royster experts are continually studying tobacco, learning all there is to know about fertilizing it. They never stop experimenting and improving. They test every fertilizer in the laboratory, then field-test it in the tobacco field. Only refined materials are used to make sure that the purest obtainable go into Royster sacks. As a result, we know that Royster Tobacco Fertilizer will give you the results you want.

See your Royster dealer today and let him know how many tons you need.
