# ABROAD: Spreading Warfare

Foreign affairs superseded do-mestic problems on the congression-al calendar. The senate foreign re-lations committee postponed again its consideration of a proposed arms embargo against Japan, while a sub-committee discussed the resolution of lowa's Sen. Guy Gillette to in-voke the neutrality act in Asia's war. Main reason for delayed ac-tion was the rumor that Britain and Japan were about to sign a treaty Japan were about to sign a treaty which would give Tokyo a free hand in China, provided Japan keep hands off British possessions in the Orient.

Foreign policy discussions in the house centered around Secretary of State Cordell Hull's reciprocal trade program. Up for passage was a resolution continuing the state de-partment's trade treaty power, but there was a strong G. O. P. fight to restore the senate's ratification right over such treaties.

I am not saying in this dispatch that Mr. Roosevelt is sure to be nominated. I am not even convinced nominated. I am not even convinced yet that he will run at all. The story this week deals, on the con-trary, with the gigantic, steam-roll-er type of effort that is being put forward by Mr. Roosevelt's support-ers who are with him, right or wrong. The subject is discussed again only because there is nothing quite as live here in the national capital as the Roosevelt third-term movement. movement.

Mr. Roosevelt is the only person in a position to put on the brakes of this bandwagon. He has not done so. More than that, we are in-formed from Hyde Park where he was spending a week-end at that

Some of the number, how-ever, can show a most consistent record as a result of the vote they cast 12 years ago. Tydings of Mary-land, Smith of South Carolina, Har-rison of Mississippi or King of Utah, Glass of Virginia or Wheeler of Mon-tana-each of these can properly op-pose a third term for Mr. Roose-velt because they voted against an-other term for Mr. Coolidge. Senator Pittman of Nevada, president pro tempore of the senate, the Roosevelt leader in foreign policy surely will not find it easy to explain his support of Mr. Roosevelt; that is, it will be more difficult for him to stick by the President on a third term issue than it will be for Sen. Walter George of Georgia to oppose a third term. Senator George was among those to be purged, in the 1938 elec-tions, it will be recalled. In connection with the heavy artil-

In connection with the heavy artil-lery that is blasting away to bring about a third term nomination for the President, there is much talk in Washington that links his current "peace offensive" with politics. I do not regard this as sound. It may not be denied that a strong effort towards establishment of peace in Europe, if successful, or only par-tially successful, would produce sup-port in undreamed of character for Mr. Roosevelt.

Several weeks ago the Russian freighter Kim caused a mild U. S. sensation. Docking at San Fran-cisco, Kim dumped a cargo of So-viet gold bullion, much to the conviet gold bullion, much to the con-sternation of congressmen who feared Russia was trading the gold for munitions. A couple of weeks later Kim returned to the news, prob-ably verifying congressional fears. At Mexico's Pacific port of Manzan-illo she took aboard 12,000 tons of copper which had been mined in the U. S. and sent to Mexico for transshipment to Vladivostok. From there, observers learned, it will be carted across the Trans-Siberian railroad to Germany. railroad to Germany.

Informed of this, the commerce department expressed official doubts that such Russian imports would get to Germany. Neverthe-less, the department had to admit that 90 per cent of Russia's purchases here since last Septembe have been essentials for war.

One of the problems that is con-

One of the problems that is con-fronting Democrats in the senate, particularly, has to do with votes they cast 12 or 13 years ago. It will be recalled how Senator La-Follette, the Wisconsin progressive, conducted a scourge of President Calvin Coolidge. As I remember, Mr. Coolidge had announced that "I do not choose to run," but talk of drafting him for another term was continuing at a great pace. Mr. continuing at a great pace. Mr. Coolidge stood by his decision that he regarded his tenure as having been two terms and was through.

### LaFollette's Senate Resolution On Presidential 'Third Terms'

Inder these circumstances, young ator LaFollette, who did not like Under the Mr. Coolidge any way, brought in a resolution expressing the sense of the senate as in opposition to the third term for any President. I be-lieve I will print that text. It ought to be valuable reading matter. The resolution read: "Resolved, That it is the sense of

"Resolved, That it is the sense of the Senate, that the precedent es-blished by Washington and other Presidents of the United States, in retiring from the Presidential office after their second term, has become by universal concurrence a part of the republican system of govern-ment; and that any departure from this time honored custom would be urwise, unpatriotic and fraught with peril to our institutions." The chief reason why the resolu-tion, so bitterly debated in 1928, is recalled is that there are about 20 senators who voted for the resolu-

president, as his personal represent-ative to the Vati-can. Mr. Taylor will work with the pope

Myron C. Taylor Taylor Taylor Next after that came the appoint-ment of Summer Welles, undersec-retary of state, to go a mission to England, France, Italy and Germa-ny. The nature of Mr. Welles' mis-sion has not been clarified beyond the fact that he is to gather infor-mation wherever he can find it with mation wherever he can find it with respect to methods of an approach to peace among the belligerents. If one couples the dizzy activity of the Roosevelt third-termers in a dozen states with the "peace offen-sive" and combine the two with the vast machine built up by patron-age and billions of federal expendiage and binons of rederal expendi-tures—if one thinks of the scene in that light, it is not difficult to recog-nize why some of the old timers are fearful of being hurt by the Roosevelt bandwagon.

There is against that proposition, however, the known determination of many important leaders to oppose a third term to the limit of physical a third term to the limit of physical endurance. Many times, of course, Washington is the worst place in the world from which to appraise public septiment, but when astute warhorses—fellows who have battled for votes time after time on the hustings—say that a third term for Mr. Roosevelt will destroy the Dem-ocratic party definitely and finally, you have something that approxi-mates the fervor of religious war-fare. Those fellows will not take their licking lying down.
