USING WITNESSING POWER

LESSON TEXT-Acts 2:1-4; 4:8-20. GOLDEN TEXT-They were all filled with the Holy Ghost, and they spake the word of God with boldness.-Acts 4:31.

In the right place at the right time and in the right attitude— these are unfailing conditions of divine blessing. Note also how fitting it was that on that Sunday morning—evidently in the upper room—the disciples were "with one accord in one place," ready for the great gift of power and grace for life and minis-try which God had for them, and through them for the world. One wonders what might happen today if Christian people would be in if Christian people would be in God's house on the Lord's day, in complete accord and unity, expect-ant, looking for His blessing.

(2:1-4). We are not to imagine that at this Pentecost He first came into the world. In all ages He had been imparting life and guidance and strength and holiness to the people of God; but He was now to work with a new instrument, namely, the truth concerning a crucified, risen, ascended, divine Saviour. For the ascended, divine Saviour. For the proclamation of this truth the Church was the appointed agent. The story of Pentecost, therefore, is the first chapter in the history of the Church as it witnesses for Christ, and it embodies the impressive les-son that in all successful witnessing the power is that of the Spirit and the instrument is the message of the general."

gospel." The outpouring of the Spirit on the day of Pentecost was accompanied by signs of great power, and a spe-cial endugment which enabled all the strangers in Jerusalem to hear "This ability to speak in foreign lan-guages not previously learned was merely a temporary endowment granted for a special purpose. It was one of those miraculous spiritu-al gifts which marked the age of the apostles. In modern times the claim to possess this power has never been established on credible evidence, nor is the dominance of the Spirit in the life of a believer to be tested by the presence of any special gift" (Charles R. Erdman).

II. Mighty Works Performed (4: Reference is made here to the healing of the Iame man-a miracle which resulted in the imprisonment

of Peter and John. It was a work of power, but only the first of many which the disciples were to perform. An even greater work was that of the Spirit-filled preaching of the gospel which brought 3,000 souls into the church (2:41). As we marvel at the church (2:41). As we marvel at that event, we need also to keep be-fore us the recurring day-by-day miracle of the regeneration of in-dividuals (2:47). This was, and is, accomplished through the teaching of the Word (2:42).

III. True Witness Presented (4:

8-12). The rulers and leaders (especially the skeptical aristocrats of that day -the Sadduces) were angered by the proclamation of the resurrection of the One they had crucified. They also feared that their rich revenues from the temple might be cut off it the people were to follow Christ (4:4), so they took the disciples into custody and brought them before the Sanhedrin.
