**Graham Kiwanians Sponsor Victory Garden for Graham School**

At the meeting of the Graham Kiwanis club Monday night action was taken to sponsor a community garden for the benefit of the Graham public school.

Joe Jarosz introduced the suggestion and stated that land for the garden had been offered. The Victory garden, he said, would be worked by school children during the spring and summer months. These children, he said, could be paid for their work with meal tickets on the school cafeteria, issued at the beginning of next term.

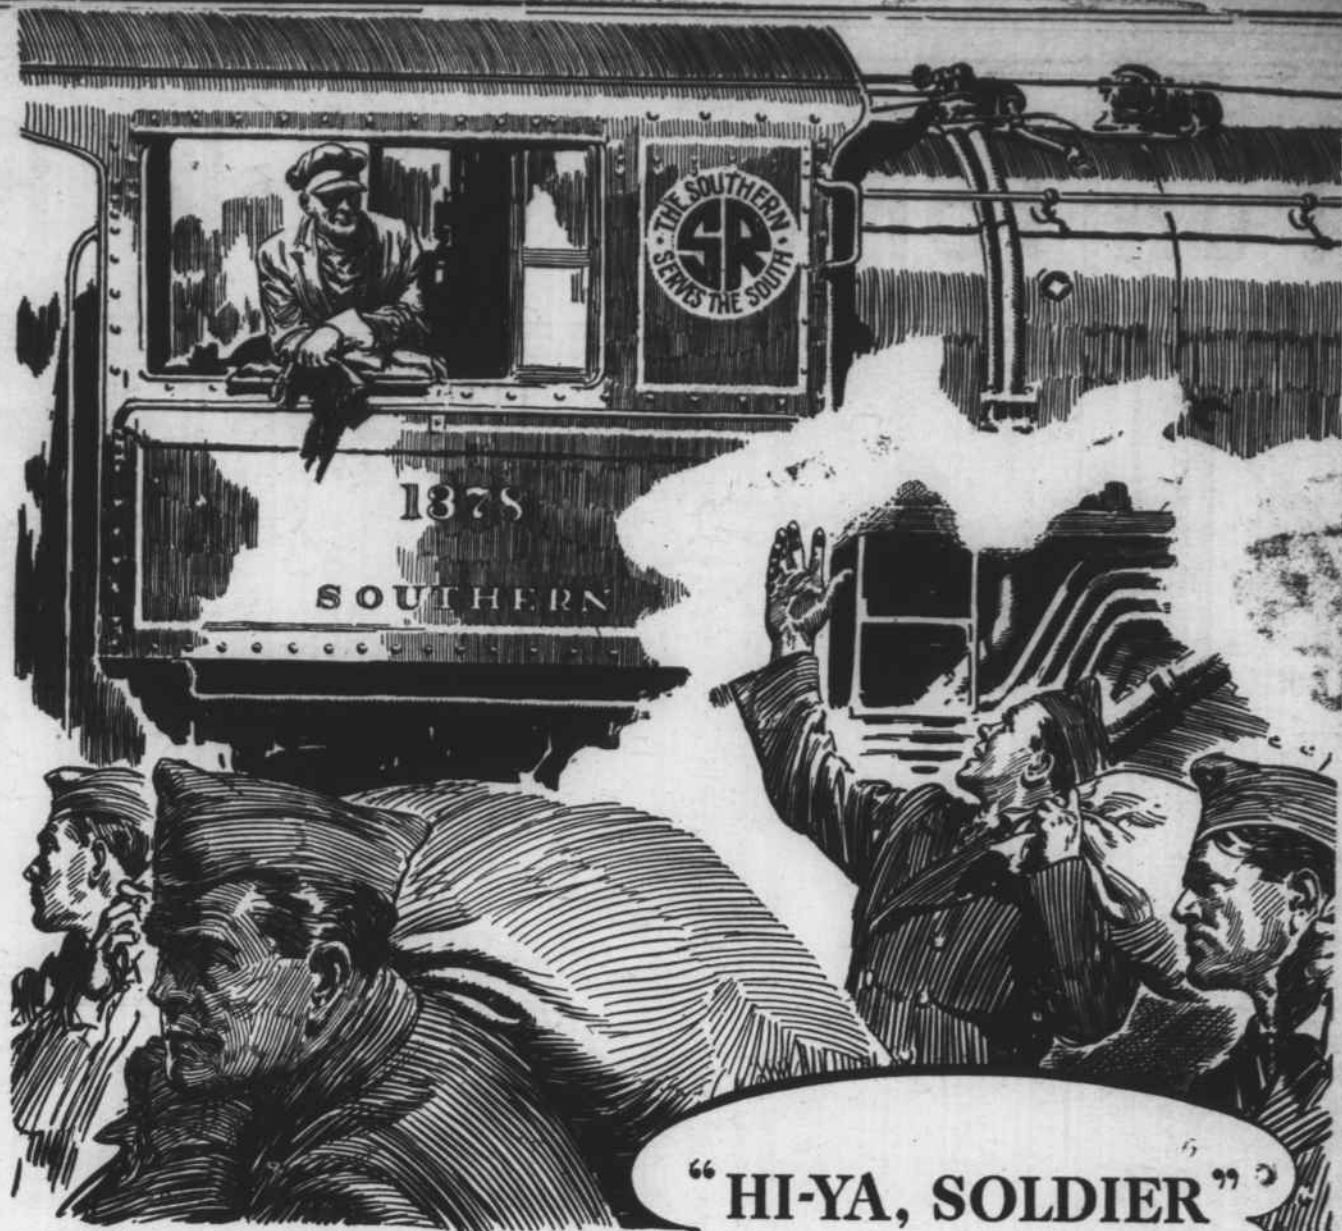

The following were appointed on a committee to work out plans for the community school garden: H. G. McElroy, Ernest Thompson, Joe Jarosz, Bill Horne, Austin Garriss, Luther Nash, Jim Scott and Bill Young.

The garden proposition is fine. Properly planned and supervised it can be made profitable and worthwhile to both the school and the children. Other schools should be advised of the plan. No doubt many would be glad to follow suit.

**Farmer, Dynamite Victim**

D. J. Grantham, 45, prominent farmer of near Goldsboro, was killed instantly by the explosion of dynamite near his home Saturday morning. He was blowing up stumps and the dynamite went off prematurely. His body was badly mangled. The blast set off a bucketful of dynamite that Mr. Grantham had carried to the field and not one part of the bucket could be found later. He was alone at the time. Mr. Grantham operated a large farm and ran a general store.

He was alone at the time. Mr. Grantham operated a large farm and ran a general store.

It made Jim feel mighty proud when that youngster looked up at the cab window and called out, "Hi-Ya, Soldier!"

You see, Jim fought in France in the last war... before many of the boys who are fighting this war were born.

Today, Jim's a locomotive engineer... been with the Southern Railway System ever since he came back home in 1919.

Then Pearl Harbor... and Jim began to feel uneasy. Wondered if he shouldn't get back in uniform again. But he doesn't feel that way now. That comradely "Hi-Ya, Soldier!" cleared up a lot of things that were troubling Jim. For it made him realize that he is a soldier! In this war, too!

He remembers that tanks and ships can't be built

or guns and planes roll off the production line... without railroad transportation.

He knows that fighting men would be hungry and cold and helpless... without railroad transportation.

He knows that there would never be enough of anything, where it was wanted, when it is needed... without railroad transportation.

So Jim, and all the other men and women of the Southern Railway System, are "good soldiers"... doing their bit by keeping the wheels rolling under the heaviest transportation load in history.

Their fight is the vital Battle of Transportation... and they're keeping the tracks clear for Victory!

**WANTED**

You to come out tonight and every night for the next ten days and hear "The Mountain Preacher". He has been preaching in the Blue Ridge mountains for the last 25 years. If you like to hear the old time Religion preached in the old time way, hear this man of God. He preaches, laughs, cries, and spreads old time Religion.

Hear him tonight and every night at 7:45 o'clock, at the Peoples' Gospel Tabernacle, in West Burlington, N. C.

**Farm Agent's Report.**

To encourage greater food production, a local leader from the Elon 4-H club has interested 15 boys in growing sequoia potatoes, furnishing the seed free of charge. A prize was offered for each boy who produces more potatoes than the leader and in this way a good supply of sequoia seed stock will be introduced in the territory.

A great deal of time has been spent in working up the occupational units of farm boys and general farm labor seeking draft deferment from the army for food production.
