### Announcement.

It will be seen that the police control of THE BEACON has passed into the hands of Col. J. K. Winston, a gentleman of ability and integrity, and too well known in this State to require any commendation at our hands.

The local and business management will still remain in charge of the publisher.

We have added four columns to our paper, yet the price remains the same, only \$1.25 per year, and even less to clubs. If you want a cheap paper, filled with good reading—miscellaneous, agricultural, political, markets, local and news items, THE BEACON is the paper. And, for the amount of reading furnished, is the cheapest paper in the State.

Something has affected the usefulness of our white graded school. The well reliable says it is the ordinary disease of children. We never knew the town so free from epidemic diseases. Upon enquiry we find the falling of it attributable to the dissatisfaction with the school among the parents and tax-payers. The complaint is not want of ability on the part of the teachers, but want of rigid discipline, which is so essential to success in mixed schools. This is easily remedied and justice to the tax-payers demands it.
