The band was out serenading one night this week. There are several base ball clubs in the county.

Read the valuable land sales, advertised in this paper.

Warren court this week. Our professional men are in attendance.

Over a column of reading matter set up for this issue is crowded out.

The health of Louisburg has been remarkably good for the past 12 months.

Sells' big show will exhibit at Henderson on the 25th. See advertisement.

The new double column advertisement of Barrow & Sons will be found elsewhere. Read it.

The 4th and last quarterly meeting, for this year, of the Methodist church in Louisburg will take place next sabbath.

Our neighbor, Franklinton, received its first bale of new cotton last Friday the 31st. Baised by Mr. Henry Pearce and sold to Mr. W. L. McThee for 94 cents.

Henderson is to have a cotton seed oil mill. Louisburg is no doubt one of the best locations in this section of country for one of these mills. There's millions in it.

The fruit crop was not very abundant in this section, it seems. A wagon full of peaches stands but little showing on our streets, everybody being so anxious to get them.

Dudes who chew the heads of their canes are desired to have the same made of soft rubber instead of silver. It makes less wear and tear on the gums, and helps the teeth to come through just as well.

We have been requested to state that the next Skewauky Union Meeting of the Primitive Baptist church, will be held at Hickory Rock, this county, commencing on Friday before the fifth Sunday in September.

The case of Ruffin against Jones a suit for damages, and known as the mill suit, which was moved from this place to Nash county, was tried at the recent term of Nash court. It was decided in favor of the defendant Jones.

In one chapter Boy-melon-shady spot-secluded nook-yumf yum! all gone-boy sighs-colic comes-boy howls-mother scapes-father jaws-doctor comes-colic goes-boy well-wants more-(notice of funeral hereafter).

In looking over the proceedings of the last annual meeting of the State Association of County Superintendents, which was held at Chapel Hill, July 4th and 5th, we notice that Mr. E. G. Conyers, of this county, was elected as one of the Vice-Presidents.

What would society do if a man should enter a ball room with his arms bare to the shoulder and his shirt open from where his suspenders or as on his back to the third button on his vest in front? Will some woman's rights society lady please answer and oblige?

Our subscribers will please bear in mind that they can help the editor by purchasing goods from those merchants who advertise in the TIMES. Please say to such that you saw their advertisements (provided you do see them) in this paper. It will cost you nothing and will do us much good.

The Musical and Literary Club met at the Eagle Hotel last Monday night. A large crowd, as usual, was present. The club was entertained by reading by Dr. J. E. Malone and Mrs. E. C. Jones; music by Miss Lizzie Mangum and others. Next meeting will be held at the residence of Mr. Geo. S. Baker.

We have failed to note the death of Mr. Joseph Fowler, one of the most honorable and highly respected citizens of this county, which occurred at his home near Poplar Springs, August 24th. He was about 80 years of age, and was a member of the Baptist church. He was the father of Dr. J. C. Fowler, who is a very prominent physician of this county.

LOUISBURG, N. C., SEPTEMBER 7, 1883.

NO. 33

The entertainments given in the Court house last week, by our colored friends of the Presbyterian church, were very interesting.

The case of James Perdue vs. P. B. Hawkins, Wiley Person and others, which was up before Justice J. A. Mty on last Saturday, was dismissed at cost of the prosecutor. The charge was for giving away whiskey at the election in Hayesville township.

This is the season to do your advertising for the fall trade. A man who thinks he can sit back in his store these days, and get trade without advertising his goods, is behind the times. It has become almost universal for the people to look through the newspapers, in order to find out what merchant sells any needed article, and it is not treating customers right, when a merchant fails to advertise his goods. When a man sees an article advertised he doesn't have to walk all over town to find it, but goes directly to the man whose advertisement he saw in the paper the day before. Further comment is unnecessary.

New Comer.

Mr. J. A. Faulkner, a young man of energy and perseverance, has located among us, and opened a jewelry and watch-making establishment, at the stand formerly occupied by Haywood Thomas. Read his advertisement in this issue, and give him your work. He guarantees satisfaction.

Now is the Time.

Below, we give a few words of good advice (clipped from an Exchange) to our road overseers.

Overseers work your roads and put them in good condition before winter. Work them in such a way as will be a permanent improvement, it is cheaper in the long run, and will save you being indicted and run to the cost of paying a lawyer to defend you and probably pay a fine and cost. Our people throughout the country are determined to have better roads, and this is the time to do it. A few days of judicious work will place each road out of the reach of the Grand Juries. It is the interest of every citizen to have good roads. It is financially speaking beneficial to every one. Work your roads at once and put them in good condition.

County Commissioners.

The board met on the 3rd and 4th. L. S. Jeffreys was allowed \$103.00 for building bridge across canal at head of Dr. Green's pond. The petition for a new road in Dunns from or near Jack Griffins to or near Burwell Bakers was granted. Ben Jones was allowed to go to the poor house. J. L. Bryant was allowed \$26 for building a bridge. License to retail liquor was granted to J. C. Aycocke and J. C. Davis. It was ordered that W. T. Dean, Executor, appear before the board at its meeting on the 10th, and show cause why the solvent credits returned to C. S. C. as property of Thos. Dean, dec'd shall not be listed. It was ordered that the Register of Deeds list the R & G R franchise in this county for 1882 and 1883, and charge double tax against same. It was ordered that lands of W. B. Uzzle be reduced from \$10 to \$8 per acre. The jury box was revised. Several accounts were allowed. Board adjourned to meet next Monday.

The "Postal Notes."

Last Monday the new postal notes were issued from every money order office in the United States. The notes are sent to the various postmasters in packages of one or more books. The new notes are not meant to take the place of money orders. It is optional with a person to use the postal notes or the money orders. The uniform fee for the postal notes is three cents. It may be drawn on any office specified or on the office where it is received, but after the expiration of three months the note is not paid and a certain form has to be made out and the notes are redeemed at the post-office department. Sums from one cent to \$4.99 may be sent, but no fractional part of a cent. The note may also be received and passed as currency for three months. The note is printed on brown paper and is about two thirds the size of a greenback. The design is intricate. In a few weeks it will become common as currency.

Successful.

From a private letter we learn that Mr. W. T. Wilder the cadet appointed from this place by Judge Bennett passed his examination at West Point last week. There also passed at this examination Messrs Davis from Statesville N. C. and Smith from Charlotte N. C. There were 54 candidates, of whom 32 passed.
