ITEMS OF INTEREST.

FROM EVERY SECTION OF COUNTRY.

A letter was received here from Mr. P. H. Winston (the original Pat), a former citizen of Winston but now of Lewiston, Idaho, announcing that he had resigned his position as Land Agent at that place and will return to Winston to live.—Winston Daily.

Prohibition has been defeated in Michigan by between three and and five thousand votes. The vote was upon an amendment to the State constitution, prohibiting the manufacture and sale of liquors in the State.

State Engineer W G Lewis, of Raleigh is in the eastern counties looking into the matter of improvements of the public lands, in accordance with the plan of public improvements inaugurated by the last legislature.

Wilson Advance: The Young Men's Christian Association of Wilson bids fair to do a most excellent work here. The Christian people owe it to the, selves to encourage this benevolent organization and to encourage it otherwise than with lip service.

The papers appear to believe the contest for the Presidential nomination in the Democratic convention will be between President Cleveland and Gov. Hill. The contest will be virtually fought out in New York, we suppose. The contest in the Republican ranks will be between Blaine and Sherman.—Wilson Advance.

The Arkansas House, by a vote of forty-eight to thirty-eight, has passed a bill to prevent the mortgaging of unplanted crops. This is a wise bill, and although it may work a little hardship at first it will prove in the end a most beneficient measure.—Fayetville Observer. A similar measure was before our Legislature and the Caucasian urged its passage, but our wise (?) solons saw the matter in another light. It would do more to check the mad gambling in fertilizers, for that is just what it is, than anything else.—Ex.

A letter has been received from Gen. Joseph E. Johnson in which he signifies his intention of being here on the occasion of the unveiling of the confederate monument on the 10th of May. However he will not deliver the address, as his business engagements are such as does not allow him sufficient spare time to prepare a suitable address for the occasion. Senator Vance has been invited, and will doubtless deliver the address.—Smithfield Herald.

It is now officially announced that appropriations of the second session of the 49th Congress were less than for the first session by about fifteen million dollars. The figures are $268,314,613.25 and $248,568,689.84. But this would not have been the case if the River and Harbor and Deficiences bills had become a law. There is a tendency to extravigance on the part of legislators of both parties. The Republicans are much worse than the Democrats.

Washington Government clerks have started an insurance company of their own. The number of policy holders is limited to fifty. Each agrees to pay $100 when one of the number marries. This startes a fellow with $5,000. The idea might be extended. It is a doubtful experiment to marry on an uncertain and small salary. It is better to "begin business" with a paid up capital.

Col. H. C. Jones, United States District Attorney and Mr. George B. Basou, assistant, arrived home yesterday from Greensboro, where they had been attending the Federal Court. On account of the scarcity of funds Judge Dick allowed but three day's court at Greensboro, and will allow three days for the court at Statesville, week after next. Ashville will get about one week of court and the June term for Charlotte will go by default. The trouble is that no money has been provided to pay the jurors for the Spring and Summer terms of this court.—Charlotte Chronicle.

In California, the people pay State taxes and no mistake. The recent Legislature increased the rate to 70 cents on the $100 worth of property. In North Carolina we have, under Democratic rule, been paying only 25 cents and the Last Legislature decreased it to 20 cents. North Carolinians have no cause to complain of high taxes.—State Chronicle.

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a general revival of trade at Furman & Cooke's Drug Store as their giving away to their customers so many free trial bottles of Dr. Kings New Discovery for consumption. Their trade is simply enormous in this very valuable article from the fact it always cures and never disappoints. Coughs, colds, Asthma, Bronchitis, croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Eve

"Johnny, here you are at breakfast and your face unwashed," said his mother. "I know it, ma. I saw the little things that live in water through pa's microscope last evening; and I ain't agoin' to have them crawling over my face with their funny little legs."

BRAE UP.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety, nervous and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap and bad whisky, and which stimulate you for an hour, and then leave you in a worse condition than before. What you want is an alterative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Furman & Cooke's Drug Store.

"Mamma," said a little boy, "is that woman across the way very green?" "No, my child, why do you ask such a question?" "Because I heard you say she was a grass widow."

CHILDREN

Often need some safe cathartic and tonic to avert approaching sickness or to relieve colic, headache, sick headache, indigestion, dysentery and the complaints incident to childhood. Let the children take Simmons Liver Regulator and keep well. It is purely vegetable, not unpleasant to the taste and safe to take alone or in connection with other medicine. The genuine has our Trade Mark "Z" red on front of wrapper. J. H. Zeilin & Co., Philadelphia Pa.

"A DIRTY LITTLE EDITOR A DIRTY LIAR."

The dirty little editor of the New York Sun says we gave our country the name of the New South to escape the odium that attached to the old. It is almost needless to say that the dirty little editor is a dirty little liar. He is one of those vindictive fellows who knows very well that we have long since forgiven the North for whipping us, but he and others of his ilk have never forgiven us for being so "durned" hard to whip.

A Life of indolent ease and sensuality, the use of highly seasoned animal food, and alcoholic drinks are the predisposing causes of Gout. When aware of its presence in the system lose no time in procuring Salvation Oil. It kills pain. Price 25 cents a bottle.

Dost thou love life?—Then do not squander time,—for that is the stuff life is made of—but procure at once a bottle of Dr. Bull's Cough Syrup for your cough and be cured. Your druggist keeps it.

RAILROAD CELEBRATION.

It will be remembered that the celebration, which was proposed to be held here last winter, in honor of the completion of our railroad, was postponed on account of the severity of the weather, until last Monday the committee of arrangements met and selected the 20th of May as the day for the celebration and appointed Messrs. H A London, T B Womack and A H Merritt as a committee of invitation.—Pittsboro Record.

Williston Ala., Sept. 7th, 1886.
Messrs. A T Shallenberger & co.
Rochester, Pa. Gents.—I have tried the bottle of Pills, for Malaria, sent me, with the most wonderful results, one dose cured a case of two months' standing. Please send me one dozen by mail immediately, with some advertising matter. Very truly, J P Epperson, Dealer in General Merchandise.

There are some things we account for by simple rule of three. For instance, the compass has four points; yet a pair of compasses has only two. Why is a drawn tooth like a thing no longer remembered?—Because it is out of the head.

BILIOUSNESS

Is an affection of the Liver, and can be thoroughly cured by that Grand Regulator of the Liver and Biliary Organs,

SIMMONS LIVER REGULATOR

MANUFACTURED BY

J. H. ZEILIN & CO., Philadelphia, Pa.

I was afflicted for several years with disordered liver, which resulted in a severe attack of jaundice. I had no good medical attendance in my section, affords, who failed utterly to restore me to the enjoyment of my former good health. I then tried the favorite prescription of one of the most renowned physicians of Louisville, Ky., but to no purpose; whereupon I was induced to try Simmons Liver Regulator. I found immediate benefit from its use, and it ultimately restored me to the full enjoyment of health.

THE FRANKLIN TIMES.

THE TIMES is the oldest newspaper published in Franklin county, and its circulation extends all over every section of this and adjoining counties. Advertisers should make a note here.

Brief communications from all sections most earnestly solicited. News items of any nature will be thankfully received.

MONUMENTAL CHEEK.

News-Observer

Our occasional contemporary, the Raleigh Signal, is good enough to invite Hon D G Fowle by implication into the republican party. The invitation is a specimen of the impudent cheek of the republican organization in all its parts. Judge Fowle is one of the most distinguished democrats in North Carolina. He is one of the ablest and most eloquent men of his party. He is a patriot. He has always been a close student of the constitution. He is one of the heaviest pounders of that body of fundamental laws in the whole country. His regard for constitutional principles amounts to reverence, and this fact alone would deter him from entrance into the republican party even if he were disposed to go that way, which is not a supposable case.

Judge Fowle has the highest esteem of many thousands of democratic voters in North Carolina who would delight to see him honored in any way worthy of his great ability. He is not at all likely to exchange the confidence of these good men and true for the lauds fulsome held out to him by the republican organ. The effort of the Signal to make him dissatisfied as a democratic statesman is a Signal failure. It is altogether too absurd for further comment.

WHAT A HOTEL MAN KNOWS.

On coming out of the army, just at the close of the war, I suffered with indigestion, which soon developed into dispepsia which so worked on my system that I was reduced to only 135 pounds although a brawny man six feet tall. For twenty years I was a sufferer from chronic dyspepsia. Last Feburwy I commenced taking S. S. S., and after using eight bottles I had no trace of the disease left in my system, and I weighed 180 pounds.

My wife also suffered from dyspepsia. After I was cured I began treating her with S. S. S. with the happiest results. She rapidly improved, and is to-day comparatively well; but as a measure of safety she continues its use until the few bottles on hand shall be consumed.

A CURE FOR BLOOD DISEASE.

The wonderful success of Swift's Sure Specific known as the "S. S. S." remedy for diseases of the blood, is sufficient to command the attention of sufferers from blood-poisoning, particularly those who who have battled with "forms" of disease for years unsuccessfully with potash.

It is claimed that Swift's Specific is a purely vegetable compound that is entirely free from potash and mercury, mixtures and that its action on the blood is direct purifying and restoring without injury to the nervous system.

A list of certificates of the extraordinary cures effected by this medicine would fill a large volume and a report of its yearly sales in the United States alone would seem incredible. All druggist have it for sale.—New Orleans Picayune.

Treatise on Blood and Skin Diseases mailed free.
