

INDEX TO NEW ADVERTISEMENTS. F. N. Egerton - Do You Know A...

TAR DROPS

Give your local schools a hearty support. They say that Crenshaw can wipe the eyes of all the glue dealers on prices.

At all times and under all circumstances - patronize home first, last and all the time.

The rice crop is very promising in the East. In Lenoir county it is especially fine.

Make it a rule to always support local enterprises of every description, if they be honorable.

The fall session of the Lenoir Female College will open on the 19th. Remember this, and have your children to start that very day.

It is the moneyed men that very often, kill towns by the "hard fast" policy which is good many of them adopt.

A sporting gun club will be organized in Lenoir. Members of each sport as glass ball and target shooting should join.

Messrs. B. F. Clifton & Co. (Geo. W. Ford being the Co.) has purchased the Yarborough gin property.

The following are some of the kind words received recently from some of our subscribers.

Mr. Thomas - You are certainly giving us a good County paper. I would like to be able to take several copies and send them to my friends.

Editor Times - Allow me to congratulate you upon the improvement in your paper. I consider it one of the best weekly papers.

Mr. Editor - Your "dun" was received some time since, but the stringency of the times prevented me from remitting sooner.

A number of our "good shots" will have a shooting match on Monday evening in the field just this side of the Swamp.

A MISTAKE. New York, August 29. Southern newspapers have recently stated that a new regulation of the Cotton Exchange of this city gave notice that after September 1st cotton buyers in all interior towns would deduct from bales weighing under 400 pounds one-fourth a cent per pound.

Correction. In the table of statistics, &c., in our last issue there were a few inaccuracies which we propose to correct.

Mr. Rice Accepts. A letter has been received by Dr. O. L. Ellis, from Mr. Henry W. Rice, who was, last week, elected principal of the Lenoir Male Academy.

Largest Merchants. Merchants are required, by law, to make a return to the Register of Deeds of their purchases, every six months. According to the returns the following is a list of the merchants in Franklin County who gave in over \$2,500 for the six months ending June 30, 1887.

Personal. Prof. W. H. Michael, of Wake Forest College, spent a few days in Lenoir this week. He has many friends here who were glad to meet him.

Marriages. During the month of August licenses were issued to the following couples in this county.

Deaths. Geo. Carter and Mary Prater; M. M. Criswell and Julia Criswell; W. H. Bell and Virginia Harrison; Calvin Bell and Elizabeth Perry.

List of Letters. Remaining in the post-office at Lenoir, unclaimed for: Charlie Dunston, Miss Patsie Debnan, Mrs. Fannie Davis, H. W. Gill, J. M. Hare, Jackson Hawkins, Mrs. Maranda Johnson, William Morgan, A. G. Petree, C. C. Perry, W. H. King, Miss Lina Lewis, M. E. Newsome.

Necessary Qualities. An exchange in discussing the qualities essential to town building in these days of speculative enterprise and competition booms, describes in following the kind of men who build up good towns.

What then a substantial town needs is substantial men. The character of the creation must always partake somewhat of the nature of the creator.

There is always to be found in a community a weaving and vacillating class, who is willing to join any popular move without a due consideration into the propriety or wisdom of the step they are taking.

The man who will let the wind change his course, or runs as soon as he sees smoke will never be a soldier in any victorious battle.

There are other things necessary to make a success of gigantic enterprise, such as building cities. Men must work in a measure for common good.

They must have in view the elevation of the community and mutual advancement, and not be absorbed entirely with themselves in schemes wholly selfish, that will be likely to prove shallow in the end to be pretensions, hypocrisies or traitors, and finally, when their own cherished petty little schemes fall to pieces, place them in the ranks of dead beats, the victims of universal and well merited contempt.

NEWS ITEMS. On and after September 1st Charlotte will have free mail delivery.

Durham Recorder: Efforts are being made to rent the Primitive Baptist church for the colored graded school.

Winston Republican: Col. P. H. Winston disposed of his personal property last Saturday with a view of returning to Idaho at an early day.

Four negro convicts made a break for liberty between German town and Dalton last week. They were engaged in hoisting telegraph poles.

The Richmond State says the extension of the Richmond and Mocklenburg railroad to Oxford, N. C., will be completed by the first of January, and in all probability the road will be extended to Durham by next summer.

It is very much to be regretted that our Democratic co-workers should have occasion to differ with each other, as to the degree of support they give the President, or as to the motives that prompt such support.

We had thought that in most cases political affiliations and party ties were formed from tastes, convictions and local surroundings.

The Board of Education will meet next Monday, when committee-men for the various School districts will be appointed.

R. Tyler, the painter, advertises elsewhere in this paper. A number of residences in town would be much improved by painting, and the above named gentleman is the one to do it.

The first new bale of Franklin county cotton was sold at Youngsville, on the 27th. It was raised by a Mr. Holden and bought by the enterprising firm of Ferry & Patterson at 91 cents.

Read F. N. Egerton's new advertisement. He goes North next week to buy his fall and winter stock, and our readers may look for a tremendous fall announcement when he returns.

80 bags shot at New York prices, 50 of quinine, also applies to put in Philadelphia presses at Crenshaw, Hicks & Allen.

100 snags salt had found at Crenshaw, Hicks & Allen.

50 snags salt had found at Crenshaw, Hicks & Allen.
