EDUCATION WILL RULE—

be it never soever it may, or of what ever race belong, whether a Caucasian of lofty virtue and antecedents above reproach, or a sable descendant of Ethiopia, with morals as lax as an average ape and facial aspect as hideous as sin, an EDUCATED INTELLIGENT MUSC AND WILL CONTROLLED. And those who attempt to compete therewith with no other stock in trade but a sooth white skin and auburn hair will find when perhaps too late their effort a sad mistake.

As with a vision of prophecy "E" portrays the future that is to be

in the schools of the world, we don't wish to be understood as being an opponent to the principle, therefore, but rather that we favor it, but its practical workings we do oppose, and unless it can be materially bettered we say abolish the whole concern. For we are unable to see any benefit accruing therefrom unless it be to the teachers and colored patrons, and it was not intended by its founders and best friends for the especial benefit of the former, and the latter (thanks to Yankees free love and sectional animosity) a four-

and twenty thousand dollars loss in the schools of the South.

For we are unable to see any benefit accruing therefrom unless it be to the teachers and colored patrons, and it was not intended by its founders and best friends for the especial benefit of the former, and the latter (thanks to Yankees free love and sectional animosity) a four-
