

INDEX TO NEW ADVERTISEMENTS. A Big Offer.—The Times. Wanted—Fernando B. Smith. Wanted—Crenshaw, Hicks & Allen. Tax Notice—R. D. Pinnell.

A BIG OFFER.

TWO PAPERS AND A DOZEN PAPERS OF 'GARDEN SEED FOR \$2.25.

We have made arrangements by which we can send the Times and the N. C. Farmer, for one year, and throw in a dozen papers of assorted garden seed, for only \$2.25.

Just think of it! \$3.10 for \$2.25. Send in your cash and take advantage of this offer. The garden seed will be sent in time to plant this season. Address, THE TIMES, LOUISBURG, N. C.

TAR DROPS.

Wm. Hicks, a prominent farmer of Nash, died a few days ago.

The oldest inhabitant never saw the roads in a worse condition.

Mr. Terrell and Mr. Wilder, of this place, each lost a mule this week.

Oxford has organized a stock company for the purpose of erecting a \$25,000 hotel in that town.

Julius Lewis & Co., of Raleigh, are among the most reliable hardware dealers in the south. Read their advertisement in this issue.

An exchange asks: Does it pay to be good, when a minister gets \$2 for marrying a couple and a lawyer gets \$2.00 for unmarried them?

We are glad to note that Prof. W. O. Dunn has a flourishing school at Cedar Rock. The people of that section feel proud of their school, and are giving it a liberal patronage.

Mrs. Upchurch, aged 80 years, widow of the late Richmond Upchurch, died at her home in this county, on Friday last. She was very highly esteemed by all who knew her. The funeral services took place on Sunday last, Rev. G. M. Duke officiating.

Mr. P. A. Davis, ex-Register of Deeds of Franklin, spent a day or two in town this week. By the way, we hear his name very frequently mentioned in connection with the nomination for that office this year. He is one of the strongest men before the people in the county.

Although the election is some nine months off, we already hear talk as to who will be the candidates in the county. This paper holds itself in readiness to support, heartily, the nominees of the Democratic party. Every Democrat will be expected to stand by his post this year.

In making the nominations this year the Democrats must, if they desire to win, lay aside kinship and friendship, and put up the strongest men for all the offices. Let's have no differences in our own ranks, but view well the field, pick out the strongest and best men, and then elect them.

If our citizens allow another year to pass by without doing something in a substantial way, to establish a tobacco market in Louisburg, they cannot say they never have been reminded of the importance thereof, as we propose to keep the subject before them, from time to time, until the next crop of tobacco is ready for market. Thousands of dollars go to other places that ought to be kept in this county, and with the proper efforts, nearly every dollar would be spent in the county.

The Supreme Court turned out thirty new lawyers one day this week, one of the number being colored, and hailing from Greene County. His name is Simeon A. Smith. And by the way, J. H. Williamson of this place, informs us that he is now reading law under one of the leading lawyers of this county, and that he proposes to quit politics and go at something that will put money in his pocket. We have always said that John was one of the sharpest of his race in the State; and if he is earnest about entering the practice of law, he will take in a large number of clients, especially from his own race.

Items Crowded out Last Week.

It was our pleasure to meet in town last week, Capt. B. H. Bunn, of Nash. He was looking unusually well.

Ex-Sheriff Arrington of Nash, was in town last week.

A number of young ladies gave a "Leap Year candy stew" at the Male Academy, a few nights ago, and we learn that they and the young gentlemen had quite a pleasant time.

N. G. Whitfield, of the firm of Julius Lewis & Co., of Raleigh, was here last week. He is a clever fellow, and represents a clever firm.

Misdirected.

Our subscribers at Cedar Rock and Appleville were delayed in getting the paper last week, on account of the fact that the packages for those two offices were, through mistake, directed to Justice. This, of course, was a very great injustice to our subscribers, and our mailing man promises that he will not do so any more.

County Commissioners.

The board met on the 6th and 7th and transacted the following business.

Abram Massenburg and Mrs. Rufin Littlejohn were stricken from pauper list (both dead.) Nancy Harris was stricken from pauper list.

Upon motion of S. J. Gendup it was ordered that the pay of jurors hereafter be \$1.50 per day, with the usual amount of mileage. Jenny Perry, Sylla Johnson and Van Dinton were allowed to go to poor house. H. M. Richardson and G. Tant were released of poll tax. Polly Harper and Britton Medlin were placed on the outside pauper list (\$1.50 per month each.) A. H. Moore was continued to keep rafts from Simms bridge, at \$10 a year. Report of keeper of poor house was received and filed.

The order passed at August meeting changing Simms bridge road from Jones Avenue by Mr. Gill's place to John Davis was rescinded. John C. Stallings was re-appointed to keep rafts from Ferrill's bridge at \$10 per year. Messrs C. A. Nash and R. S. Foster were appointed to examine C. S. C.'s reports for January term. C. A. Nash was allowed to take Roman Allen (prisoner) at \$1 per month until his sentence is out. In addition to the usual amount to outside paupers, claims for the amount of \$665.67 were allowed, and the board adjourned to next regular meeting.

A Nice Affair. The Rainbow party given by the ladies of the Methodist church, at the Eagle Hotel, on last Friday night, was a very pleasant affair, and every one, without a single exception, whose pleasure it was to attend, pronounced it as such. The ladies are highly pleased with the splendid success with which they met, and desire us to return their thanks to all those who patronized the party, and especially to Mr. C. Harris, for his kindness in allowing them the use of the hotel, free of charge, and to the household for various courtesies extended. The proceeds were over \$50.

Sending Money On. The following, which appears in the Hickory Clipper, applies with much force to every locality. What it says is the truth. Let us all, rich and poor alike, stop sending our money away from home, and spend it where it will tend to build up our own town and benefit us in the future. The habit is altogether bad, and should be abandoned at once.

The habit of sending money off for goods is becoming a great evil. It is a common thing for people to buy all they can from their merchants at home on account, while they send their cash off to some Cheap John concern of the North for articles which are really dearer in the end than the goods bought at home. Now, there is no doubt about it, in our minds, if you will pay the cash, your merchants will sell you a better article for the same amount that you pay this Northern house, and it is not fair to ask him to indulge you for sugar, coffee and other standard goods upon which there is a very short margin, and then send your cash away. The truth is, if we are going to have a town, we must encourage and support each other.

We must give homefolks our patronage. We must pass the money around among ourselves as a family and try to keep it in the family as long as possible. We can't all afford to go North to buy goods, or learn to be expert buyers, no more than we all can be learned in the law, or in physics, or in mechanical arts, or in any other business, hence the importance of our supporting each other, brothers of the family as make any of these professions their business. If you are dependent upon this community for a living you owe it to the community to patronize the business men here, as well as the doctors, lawyers, merchants, &c.

It is a great mistake in the first place to think you are getting the goods cheaper North than you do at home, for the values are pretty well fixed, and if a man tells you he can sell you goods for less than their value you may rest assured it is not true, but then if you are going to the North way to build up and improve our section. Let us all pull together and work together in whatever sphere or business we may be in, if we would prosper as a town and section.

Where the "Baby Jumper" is used you will see no "cross bones" no bow-legged ones, no "bone-bus" healthy ones. P. A. DAVIS.

As we go to press, the weather over head is beautiful, but we expect to see more cold weather before very long.

Since our report in regard to merchant's purchases, the returns of W. J. Neal & Co., of Centreville, have come in, which amounted to \$6,976.89. They are go-ahead men, and are doing a very nice business.

The Times will, as heretofore, exert every effort to elect the entire Democratic ticket this year, and its editor is very anxious to have it in every household in Franklin County. He asks every one of his present subscribers to get one subscriber, and thereby help his party as well as his party paper.

Died. Mrs. Pearce, wife of Mr. Sylvanus Pearce, died at her husband's residence about four miles from Louisburg on Monday evening last. She leaves a husband and a sweet little girl to mourn her death. The funeral services were held at the residence on Wednesday, conducted by Rev. A. McCullen.

Personal.

Mr. G. H. Smith, of Wilmington, proprietor of the Acme Fertilizer Co., was in Louisburg this week, guest of Mr. E. W. Timberlake.

Mr. H. M. Barrow is spending a few days with his people here.

Mr. J. N. Uzler, of Johnston, is on a visit to Louisburg.

Mr. J. C. Arrington is in town. He is now with the reliable wholesale shoe house of Augustus Wright, Petersburg, Va.

Large Hog.

We learn that our good old friend Wm. Insko Esq., of Cedar Rock township, who, by the way, is one of our best farmers, killed four heavy hogs a few days since, the heaviest weighing 513, and the four averaging 1,550. Who can beat this average?
