COTTON DROPS.

Cotton 93. March, if we judge from the fierce winds, arrived before it came.

Nearly everybody was surprised to see the snow on Monday morning.

A number of our former readers tell us that they have started out to make their own bread and meat this year. Good.

The entertainment for to-night, at the Eagle Hotel has been postponed until next Wednesday night. Let all come.

A number of traveling salesmen have been in town this week, among them those two clever gentlemen, A. T. Uzze and Bobb, Clay. Each of them has a large number of friends and customers in this section.

In the cultivation of tobacco, our farmers are warned that it is only good tobacco that brings a good price. Remember this, and do not fail to make your crop this year first-class. Second class anything, always brings a second class price.

Eight such a cotton was sold here this week, and the price received was satisfactory to the seller. Louisville buyers pay every cent it will bear. No combinations are allowed, and the competition in the market is a good thing for the farmer.

Good men, you know, pay all the taxes of bad men. Virtuous men pay the State bills of dissipated men. Patriotic men pay all the war bills of unpatriotic men. Citizens that stay at home pay the expenses of politicians that go rickeling about the country and do nothing but mischief.

One of our Western exchanges says that a practical revivalist requested all in the congregation who had their debts to rise. The rising was general. After they had taken their seats a call was made for those who didn't pay their debts, and one solitary individual arose, who explained that he was the editor, and could not because the rest of the congregation were owing him their subscriptions.

Don't put on airs. It is a bad sign. It is not healthy. You may be "up" to-day and down to-morrow. The wheel of fortune is fickle. A dude drummer was "up" one minute and "down" the next. He stepped from the train in his glory. His hair was parted in the middle, and a doctored color of hair oil and muck, surrounded him and he wore "one eye glass and a tattered cane. He made room for one, and thought himself lord of all he surveyed through his glass. But he was unacquainted with our climate. He slipped down in the mud, and his collar swallowed him.—Durham Recorder.

If country newspapers were to publish the names of subscribers who take, read and enjoy, and are gratified by, yet refuse to pay for their home papers, the reputation of most communities for moral honesty, would depreciate ten per cent. says the New York Sun. An editor's labor is seldom esteemed or compensated. A lawyer will give you five minutes' advice on a topic and charge you \$5 for it. An editor will give you a piece of a hundred topics and charge you five cents a copy for his paper, and very often five cents given to an editor will save five dollars given to a lawyer. In fact no other business is so universally robbed and swindled out of their labor and capital as country newspaper publishers.

Another Railroad. We have seen a circular sent out by the Charlotte Chamber of Commerce, calling a meeting to be held at Charlotte March 15th, for the purpose of taking steps for building a Railroad from that city to Weldon via Durham, Louisburg, &c. It is claimed that it will be run by "our own people and controlled by no other corporation." In the circular it is urged that every county, through which the road is to pass, send delegates to the meeting on the 15th. What will our people do about it?

LATER. Since the above was put in type we have been requested by a number of gentlemen through out the lower section of the county to state that a meeting will be held in the court house in Louisburg on Saturday, March 10th for the purpose of selecting delegates to attend the meeting to be held in Charlotte on the 15th. It is earnestly requested that all those who are interested in the development of the county by the erection of this Railroad will attend the meeting.

Fowler—Dunn.

On Wednesday morning last, Mr. P. E. Fowler, one of our most popular citizens led to the hymenal altar, Miss Lisa's Dunn, of Foreville. The ceremony took place at the residence of the bride's father, conducted by Rev. E. T. Vann, and the following were the attendants:

J. J. Barrow and Miss Anna Gill; Thos. Gill and Miss Rosa Fowler; Jack Harris and Miss Nedra Purser; Gen. Gill and Miss Belle Wingate. A number of handsome and appropriate presents were bestowed, among them a handsome bronzed clock, china tea set, handsome stand lamp, silverware, &c. The bridal party arrived in Louisburg on the 12 o'clock train of the same date of marriage, and was given a reception at the College, where they will board with Dr. J. E. Malone. The TIMES joins their host of friends in wishing the happy couple a life of peace and happiness.

A Legacy Left Them.

Capt. Gray Murphy, D. F. Murphy and other relatives living in this county, have recently received intelligence of the death of a well-to-do relative in Tennessee, whose estate is reported to be worth about \$40,000. It is said that the relatives of the deceased man in this county will inherit three-fourths of the estate. Hon. C. M. Cooke has been engaged in their interest and will leave for our sister State next week, to look after the wealth.

Postponed.

The entertainment announced in our last issue to take place at the Eagle Hotel to-night (Friday) has been postponed until next Wednesday night, the 7th inst., when a grand time may be expected. It is expected to be one of the best, and at the same time the most amusing performance of the season. The latest intelligence is, that the representatives of the various nations will certainly be present, dressed in the fashionable now in vogue in suit nations. During the evening elegant and substantial catables will be served to all who may desire such articles at very moderate prices. A very interesting evening's entertainment is guaranteed to every one who attends it. Let all who can be present, as the proceeds will go for a very laudable purpose. Admission 10 cents.

Cotton Seed. All those who want to be supplied with cotton seed, for composting, would do well to call on us immediately, as we have about 2,000 bushels which we desire to put out, to be paid next fall, bushel for bushel. Any wishful seed for planting can also be supplied.

B. P. CLIFTON & Co. Dr. T. T. Ross will return to Louisburg, March 19th, and will remain several weeks. Teeth extracted with out pain.

Trials and Tribulations. Mayor Ellis held Court on Saturday last, and disposed of the following cases: State vs. A. W. Pearce, carrying concealed weapons; defendant submitted. Fine \$25 and costs.

State vs. A. W. Pearce and Joe Poser, affray; both bound over to court, the former in a bond of \$100, and the latter \$20.

State vs. Dock Fogg, stealing a coat from W. T. Clifton. Defendant bound in a bond of \$100 for his appearance at next term of Superior Court.

State vs. Feril Parrish and Geo. Conway, affray. Conway not guilty. Parrish bound over in a bond of \$100 for his appearance at next term of Superior Court.

State vs. W. D. Bailey, larceny, held in a bond of \$50 for his appearance at Superior court.

FRANKLINTON ITEMS. From our own Correspondent. F. S. Spruill, Esq., is in Baltimore this week. The spirit of improvement seems to be on the increase in our town.

There is a movement on foot to veil the Baptist church here and build a new one. Business here seems to be booming though cash is not so plentiful as it might be.

Political matters are beginning to be interesting here. C. A. Gilmer, Fowle, Stridman, Mason and others have their friends. W. B. Coppedge and F. S. Spruill are occasionally mentioned as candidates for the Legislature.

The ladies of Franklinton gave a rare entertainment on last Friday and Monday nights. The grand art exhibition, bean bag party, Donkey party, Refreshments &c. All agree that it was the most enjoyable thing of the kind ever presented here. The proceeds were to complete the infant class room at the Methodist church, and we are glad to know that the clear proceeds amounted to \$100. Anything our ladies attempt will be successful.

The Simplicity Hive.

One of the most profitable small industries that a family (whether in town or country) can engage in is that of Bee culture. We have been more recently convinced of this fact by what we have seen right here in our midst. Mr. A. D. Green has on his premises a regular apiary, and it is a treat for any one to see how nicely he has his bees arranged, they are well provided with his excellent Simplicity Bee Hives, the best hive we have ever seen, and Mr. Green tells us he has no trouble in disposing of every pound of honey he raises, and could dispose of ten times as much as he gets, at a good price. The honey is of the purest and best quality, and in eating it a person is not troubled with cold, as the honey melts just like butter when put in your mouth. Everybody should have a few hives of bees, and the Simplicity Bee Hive manufactured by Mr. A. D. Green at \$3.50, is certainly the one to buy. He is now prepared to fill a limited number of orders, and those who desire to provide themselves should order at once.
