

\$1.00
-TO-
JANUARY 1ST 1889.

In order that every person in the county may be able to read the FRANKLIN TIMES, we have decided to send it from now until January 1st, 1889 for only **\$1.00** in advance. The campaign promises to be a warm one, and the TIMES will be found in the front of the battle, fighting for the success of Democracy and white supremacy. Send in your one dollar, and receive the paper until January 1st, 1889.

TAR DROPS.
-J. A. Thomas has a few dozen fresh Light Brahma eggs for sale.
-Large crowd in town last Monday, and trade was very good, so say the merchants.
-Mr. Peter M'unger, a highly respected citizen of this county, died a few days since.

-Mr. Robt. L. Person, of Manchester, Va., was in Louisa this week, on a visit to relatives.
-Services will be held in this Episcopal church on next Sunday. Dr. B. B. Sutton will officiate.
-Have your job printing done at this office, and thus show your appreciation of home enterprise.
-Now is the time to subscribe to this paper, and get your neighbor to do likewise. Only \$1 to January 1st.

-See notice in another column of the town election. Registration books are now open at Furman's Drug Store.
-A number of the young people had a picnic excursion last Monday to Gen. Hawkins' place about 2 miles from town.
-The young gentleman gave a hop at the Eagle Hotel on last Monday night, and from those who participated we learn that it was a very pleasant affair.
-Mr. F. N. Egerton has returned from the North, and his new goods are arriving daily. His spring announcement will appear in this paper next week.

-The rumor in regard to the washing away of Sims bridge, which we published last week, was a mistake as we are informed that the bridge is still at its place.
-Do you want anything done in the dentistry line? No, now is your opportunity, as Dr. T. T. Ross is at his office at the Eagle Hotel and will remain several days.
-A gentleman who has traveled a great deal, says that he has tried them all, and he can buy goods in Louisa, WITH THE CASH ON HAND, if not better terms than elsewhere.

-The merchants are receiving their new goods. If you want the people of the county to know what you have, the columns of the TIMES is the proper channel through which to inform them.
-Mr. and Mrs. J. S. Barrow returned one day this week from the North, and they inform us that their stock will be very full in every department. They will have something to say to the readers of the TIMES next week.

-Let Democrats turn out at the township meetings on the 14th. They are for the purpose of selecting delegates to the county convention which meets in Louisa on Tuesday of Court week to select delegates to State and Congressional convention. This is going to be the most important election held since the war, and every WHITE man should make up his mind to do his full duty.
-Mr. John Carlisle of Chappell Hill is having an arduous well sunk on his premises. Mr. Carlisle was a Memphis boy, raised in a printing office, and when he was just grown came to Texas and set type on the Banner at Brenham for the present proprietor of the Age. He is now a large capitalist, property holder, and cotton dealer. He is one of the wealthiest men in Washington county, and one of the most liberal. Every penny of his handsome fortune he has made by his own judgment, tact and enterprise, and the Age rejoices in his prosperity.

The above is taken from the Brenham (Texas) Age, and is relative to a former Louisa boy. He was born and raised in this town, and is a son of the late T. N. Carlisle. His many acquaintances in this section will rejoice with us, in his success and prosperity.

-Hayes & Pinnell, the merry stable men, are meeting fellows, and are paying strict attention to their business. If you want to get a good team or have your horse properly attended to, they are the men to call on.

-Mrs. O. A. Jones, who is now in the Northern markets, buying a large stock of goods, will have an announcement in these columns next week. She will have one of the prettiest stocks of goods ever brought to Louisa, and guarantees that the profits on all articles will be very small.
-People should never send away to buy anything, if they can get what they want at home for the same they pay elsewhere. And our male readers are reminded that they can get clothing made by one tailor, J. A. Horne, for much less than they pay for the same suits elsewhere; therefore no one in this section should send their orders to other places. Keep your money at home, by patronizing home folks.

"Sticks Up to Franklin"
A subscriber in another county sends us word that he reads the TIMES with much pleasure, and thinks a great deal of it because it never fails to speak for and "stick up" to any measure that is or may be beneficial to Franklin county, and also to its capital - Louisa. He also adds that if the people of the county and town refuse to give the paper a hearty support, they are certainly in their own light. We thank our friend for his words of praise, and will say that it is our whole aim to make the TIMES strictly a "county paper." It would be a pleasure for us to receive a short article weekly from every township in the county, and our friends if they would, could help us a great deal in this way. Of course if every one waits for the other we will never have anything to print from any section, therefore those who can write should consider that they are the proper ones and write. Now try it, friends, and help us in this way (which will be a very little trouble) to make the paper a better county paper.

They Say
That the fruit is all right now, but how long it will remain so is a question for more "knowing ones" to answer.
That some of the townships will and some will not - vote for the Railroad subscription.
That there will be very few candidates for the county offices this year. So much the better.
That taking it altogether, Louisa is doing the best business of any town of its size in the State.
Railroad Election.
The county commissioners on Monday last called an election upon the question of subscribing stock to the proposed Railroad from Henderson to Castalia for May 25th, in Hayesville, Sandy Creek, Gold Mine and Cedar Rock townships. A new registration was ordered and the following were appointed Registrars and poll-holders, the first named in each township being the Registrar.
Hayesville - B. G. Winn, Jr.; B. G. Winn, H. B. Hoke, J. A. Hawkins, T. A. Johnson.
Sandy Creek - B. A. Speed; H. D. Egerton, B. H. Strickland, Joel Branch and Anthony Davis.
Gold Mine - H. G. Griffin; M. D. Stamper, Jas. Brewer, Esop Branch and Phil Perry.
Cedar Rock - E. M. Pearce; J. M. Stallings, J. T. Gill, Lorenza Davis, John Stokes.
The amount of subscription to be voted for in Hayesville is \$8,000; in Sandy Creek \$12,500; in Gold Mine \$7,500; in Cedar Rock \$15,000.

OUR STATE CONTEMPORARIES.
We encourage emphatically that we are for the Hon. W. W. Hanson for the United States Senate against Governor Jarvis and all the rest of the world, and not only us but a large number of Governor Jarvis' warmest and most influential friends in this district are ardent supporters of Senator Hanson, and will not endorse the ex-Governor in opposition to him. Elizabeth City Falcon.

Whiskey and tobacco are luxuries and the tax on them no matter who first advances it is really paid by the consumer. If the tax on tobacco is repealed the producer will get not a cent more for his "weed." The price will still be regulated by the laws of supply and demand. Therefore, the taxation on these two articles is not a taxation of an industry. But admitting for argument's sake that an industry is taxed, we are confronted with the fact that while tobacco and whiskey accumulate treasure to the amount 120 millions of dollars, the tariff pours into the Federal treasury vaults 200 millions of dollars, besides putting annually into the pockets of a very few more than a thousand million of dollars annually. - Tarboro Southerner.

Polk the defalcating State treasurer of Tennessee committed suicide. Vincent the defalcating State treasurer of Alabama - serving out a long term in the penitentiary. And now Tate the defalcating State treasurer of Kentucky is a fugitive from justice. All of these gentlemen were elected respectively to their positions of honor and great trust. They were highly respected for their honesty and untarnished integrity. We advert to these episodes in official life to say there ought to be a "fox den sojourn," such as exist to the end that no American can be elected President for more than two terms of four years each, concerning State Treasurers. The opportunities for an improper use of State funds and the great temptations to do so by reason of the means in reach of avoiding discovery, make the resolve to elect new treasurers at short intervals a wise precaution. - Charlotte Chronicle.

Town Election.
At a meeting of the Board of Town Commissioners of Louisa held the 5th day of April an election was ordered for Mayor and Four Commissioners of said town to be held on the first Monday in May, 1888. Geo. S. Baker was appointed Registrar, and E. M. Hale, B. D. Pinnell and Calvin Yarboro were appointed poll-holders for said election. The registration books are now open at Furman's Drug Store, and all persons who have become of age, or have become residents of the town since the last election, 90 days prior to the first Monday in May 1888, will be required to register.
O. L. ELLIS Mayor.
W. H. PUMMAN, Jr. Clerk.

For Governor Hon. D. G. Fowle.
GREENWOOD, MOORE Co., Mich. 28.
A writer from Farmville, Mich. Co., so fully speaks the sentiments of a large majority of the true Democrats of this section, I would like to see his letter republished in every paper in the State. Said communication appeared in the State Chronicle the 16th inst. This county was solid for Hon. D. G. Fowle in 1880, and their admiration of the man has increased rather than decreased. Give us Fowle for Governor and Alexander for Lieutenant Governor, and they will unite all elements, including a solid support of the Farmer's Alliance. Many farmers would prefer Alexander for Governor, but he is one of those true Democrats who will work well anywhere, and could better serve the farming interests as a speaker of the Senate. I know where I speak. Judge Gilmer, Clark, Standman, Carr and others are comparatively young, and their time will surely come. Judge Fowle's brilliant talents and valuable services have never been properly acknowledged or rewarded. He is second to no living man as a campaigner, and is just the man to insure the State to the Democrats next November. I learn a prominent Radical spoken of as the Republican candidate for Governor said he would rather tackle any man in the State than Judge Fowle. We will have "the world, the flesh, and the devil" to fight this year, and the people want such a man as Judge Fowle to lead. The writer has worked with all his might for over twenty years for white supremacy, and has never asked for political office, and while he has his personal preferences, as other men have, he always supported the man who he believed will lead to victory, everything else being equal. The masses undoubtedly favor Judge Fowle's nomination. No man can bring out a stronger vote. He has proven this when he addressed the citizens in former elections. Therefore let all true Democrats lay aside prejudice and personal preferences and do justice to a great and good man, a man who has always fought the battles of his party successfully, and without regard to the hope of reward, and with a few other brave spirits, defended our citizens against the notorious Kirk and others, who, in the dark days of 1870, were arresting and imprisoning some of the best men of our State without just cause. I have been in Chatham, Harnett, Richmond and Cumberland counties and I am satisfied the masses favor the nomination of Fowle.
A WORKING DEMOCRAT.

CROSS AND WHITE.
The latest from Cross and White, the Raleigh Bank President and Cashier, is, that it is thought that they will come back to Raleigh and stand trial. They are now in custody in Canada, and Cross has acknowledged that he did the forging, but that White did none of it. Compromises are being offered by U. S. District Attorney Babcock for their return by the Canadian Government, but it is yet uncertain when they will return, if ever.

Grand Opening.
Messrs. Stallings & Crews, the Dry Goods firm of Henderson, had their grand spring opening yesterday and today. It is useless for us to tell the readers of the TIMES that this is a reliable firm, as the name of J. A. Stallings is a sufficient guarantee to them of this fact. Watch these columns and you will see what they have to say to the Franklin county people.
