We propose to make the *Times*

a read-but campaign paper, and we

would be glad to get it circulated

in every nook and corner of the

county. The various township

committees are earnestly asked to

subscribe themselves and give their

neighbors to do likewise. It will

be sent out after the November

election for only 50 cents. Any

person sending us a club of six

with the cash (\$3) will receive an

extra copy for the same length of

time FREE—who will be the first

to send us a club.

The Washington Post says that

John Sherman openly charges that

Mr. Alger, one of the Presidential

candidates before the Republican

convention, purchased at least 50

Southern delegates that he (Sherman)

was entitled. We see that

Alger received a number of votes

from North Carolina, and it is al-

so openly charged by the North

State, a Republican paper, that

North Carolina was misrepresented

in the Convention. Probably this

accounts for the "flushed" manner

in which some of the delegates re-

turned.

Mr. WADDELL, the Republican

nominee for President, thinks the

Heathen Chinese or any other cheap

labor should not be admitted to the

United States to compete

with American laborers.

Grover Cleveland has signed a

treaty which will keep these

heathens from competing with

American workers.

Who will American workingmen

white or black support?

Judging from the early stand

and manner in which Mr. Spier Whittaker Chairman of the Democratic State Committee, began to organize for the campaign, he seems to be determined that he alone

should be nominated, and with in

any way aid in the success of the

Democratic ticket.

Mr. WADDELL, the Republican

nominee for President, fought the

Blair bill, and is in favor of Chinese im-

migration, one of which measures

the Republican platform endorses

and opposes the other. His com-

mittee. How different Cleveland

stands squarely upon the Democratic

platform.
