Walker Last Saturday. The Third party candidate for Governor spoke in the Court House in Lousburg last Saturday. As there was no third party man here to introduce him, he introduced himself to an audience of 25 white men and 18 negroes...

The Third party candidate for Governor, spoke here yesterday before a small and mixed audience, but his color, social standing and political affiliation. He is a good speaker, makes a speech calculated to deceive, and it is the opinion of your correspondent he should be looked after as much as Dockery; in fact, it may be more important for every voter to gain a little of the Republican party. His speech is calculated to deceive the uninformed—those who do not keep posted as to the past and present issues of political parties and men whom you little suspect, both of this place and Henderson where he spoke a few days since, have been heard to say that he is probably the best speaker for the cause he professes to represent. Therefore it would be advisable for our most excellent Chairman Whitaker to send some of our excellent speakers along with would-be Governor Walker at his various appointments, or immediately behind him, to put a quietus on his platitudinous, misleading, yet none the less untrue, deceptive and dangerous arguments which he forcibly puts upon the public.

Alliance Notes. SEPT., 25th, '88. EDITOR TIMES—Dear Sir: At a meeting of Centreville Alliance No. 344, last Saturday a resolution was passed unanimously endorsing the resolution passed by the County Alliance relative to Jute Bagging. You may rest assured Centreville Alliance will ever act in co-operation with the County and State Alliance for the good of the order. If the Alliance never did or ever does anything else it will have accomplished a great deal in breaking up this unmerciful and unjust Trust. Wishing you much such and happiness I am Very respectfully yours, A. D. WILLIAMS, Com.
