The church and community at Maple String provided most generously and amply for the entertaument of delegates and visitors, and the session was a success in every respect.

long be remembered as a most pleasant gathering of Christians. EDITOR TIMES:

As you are aware, last Saturday was the day for the Republican speaking here. There were a few more colored people but scarcely a white man more than is here every Saturday. Boss John" was on hand but made the poorest speech. I ever heard him make, he didn't begin' to do himself justice, he had plenty of books along but it took him so long to find the stock law act he wanted, his hearers became impatient and several of them crie out 'talk John, talk," finally he read what he could find and showed that a good many Republicans and some Democrats voted for the stock law bille He said that E. G. Convers after he way defeated, and a good many others of the Democrats including Cupt. P. G. Alston Jr., had signed a petition and sent it to the last Legislature praying them not to re-peal the stock law. Capt. Alston was not present, being in the store at the time, but Mr. Burnett went in said told him what the 'Boss" had said, when he came out he said: "John, I hate to have to in-

t rrupt you, but I understand you have so grossly misrepresented me I must correct you. I will give you \$500 if you will show these people the petition you have alluded to signed by myself and Mr. Conyers, I never signed or heard of any such petition, and the author of the rumor was a and had told a base falsehood. Williamson then said he would correct the rumor so far as Capt. Alston was concerned, and Capt. Alston said he believed it was as false to Mr. Convers as it was to himself. Some of the Democrats who heard them say Williamson, Gupton and the blue coat man (Eaton I believe) make a few more He will also repair your shoes, and if talks the Democrats will certainly beat their opponents more than any candidates

ever have been in the county. Macon was not here and I don't think imployed asked where he was, poor old Nat. Gold Mine is going to do her duty.

I will close Mr. Editor by asking you if you can possibly manage it, to get John and Euton to give us one more speaking before the election, please do so and don't forget Green.

Very truly yours,

valuable space to say something in regard to "Boss John Williamson! who is using every "trick" and underhand means to split up the colored churches in this county and to array the colored people against their best linterest and against the white people as a body politically and otherwise.

see how any Minister of the Gospel or school teacher in Franklin County can support John and his ticket that has been placed in the field for their suffrages. I am opposed to Boss John Wiliamson and his entire ticket and you'd ask that the good people in Franklin stop and think for a minute and I am certain that they will see it in the same light that I do. "Boss J. hn" says I have been bought up by Mr. Chas. Cooke, and girculated it in writing to one of the leading members of my church and spoke to several others about it "Boss John" Like when he states that I have been bought up and he knows it. It is because I have changed my course towards the Republican party in the County, and it is because such men as Boss" John and old Nat are controlof the 'Boss" throwing out such a man
