

INDEX TO NEW ADVERTISEMENTS.

Jones of Binghamton, N. Y.—Scales. W. H. Joyner—Notice. P. A. Davis—Notice to tax-payers.

TAR DROPS.

—Raleigh, Durham and Goldsboro voted in favor of "License" last Monday.

—If you wish to have an occupation which will enable you to lay up something, learn the brick-masons' trade.

—The closing exercises of Ingleside Academy will take place on the night of the 20th inst. Commence promptly at 8 o'clock. Mr. Paul Jones will deliver an address before the school. The public is invited to attend.

—Those who own town lots should either dispose of them at a moderate price or AT ONCE erect dwellings—4, 5 or 6 room cottages. No trouble to rent them. Just think of it, there is not a single un-rented dwelling house in town.

—Louisburg is naturally the central point for the tobacco raisers of this section to market their crops. It is more accessible—they can come here, sell their tobacco and go home the same day—thereby saving at least \$5 on one load of tobacco.

—The prospects for a large and prosperous school at the College are very bright. Mr. Bagley, the new President of the College, comes highly recommended, and having been successful at other places, he certainly should be at Louisburg, as we have many advantages that cannot be had in other towns.

—A number of our citizens have fine gardens. The writer has seen those of Messrs. W. H. Pleasant, Dr. H. E. King, and F. N. Egerton, and they are all fine. Mr. Egerton has one of the largest grape vineyards in the county, and his vines are full. He will ship a quantity North.

—The Hon. C. M. Cooke will address Piney Grove Alliance, by invitation, on "The dangers that threaten American citizenship and the emancipation of American industry," on the 22nd of June, at 3 o'clock, P. M., 2 miles North of Louisburg, at Cool Spring. Everybody of all vocations is invited to be present.

—We publish in this issue the programme for the Sunday School Convention which meets in the Methodist church in Louisburg on Thursday, July 27th and continues through Sunday the 30th. A large number of delegates and visitors will be here, and Louisburg will, as she usually does, give them an open-hearted welcome, and entertain them royally.

—The farmers who are raising tobacco in this section are delighted at the prospect of a tobacco market in Louisburg. They cannot possibly be more delighted than the TIMES, and we hope, when the market opens, to see every farmer who makes tobacco in this section bring it to the Louisburg market. Our people realize what they have got to fight in order to have a successful market here, and they propose to go at it with a vengeance.

—The blackberry crop is promising and tramps are happy.

—Not long since a Western ball club secured a crack-player by the name of Stinch. Perhaps he was taken in time to save the nine.

—Talk is cheap, and if not backed by action, will amount to but little. If you desire to see enterprises started take hold, put in your money, and go to work.

—The night train was managed by a GREEN hand, which accounted for the fact that the only passenger aboard was compelled to HURRY it. Before she started, however, she was made to BELCHER steam off.

—The irregularity of the mails is now discussed by nearly everybody. If it is as bad elsewhere as here the new mail agents on the Railroads ought to be dumped into the Atlantic Ocean. It is an every day occurrence for mail matter to come to Louisburg that belongs to other offices, and Tuesday no News-Observers were received here for anybody. The supposition is that the package was carried by Franklinton by the mail agent. At all events it did not reach here until Wednesday. This is a sample of the improvement (?) in the government as administered by Harrison and his assistants.

—The outrageous conduct of several colored boys in tearing down Gen. Hawkins' fence cannot be too severely condemned. Although the Mayor released them FOR WANT of testimony, a large number of our citizens, (and the TIMES coincides with them,) believe them to be wastefully guilty and should have been punished. The funny prospect that the fence fell while they were simply holding their hands upon it was "too thin" and should have had no weight whatever. It is the opinion of a great many who heard the trial. We, of course, believe that the Mayor was conscientious, entirely in his opinion, but we believe also that if he had paid particular attention to the testimony of one of the witnesses he would have been fully convinced that the witness was lying.

About Ourselves.

In answer to a number of enquiries the editor of the TIMES desires to say that he has no intention, whatever, of leaving Louisburg. We cannot say that there was no foundation for the rumor that was afloat in regard to our leaving, as in the past several months the editor of the TIMES has had a number of very good offers made him to move to other places. But all of them have been declined with thanks—not because we are making a fortune here, but for the reason that having established ourselves among so good a people, we have made our mind to rise or fall with them. The people are (with some exceptions) sticking up to their county and town paper much better than formerly, and we are much encouraged and feel that the many efforts put forth for the rebuilding of the town and county, by this paper and its editor are being appreciated. No friends, the TIMES has stood by the town in its darkest days, and now that the future is brightening for the good old town, we propose to remain with you and help you to enjoy the prosperity which awaits all who will take part in the progressive spirit which pervades this community.

Personal.

Mr. M. K. Pleasant, accompanied by his wife, is visiting his father's family here.

Among the visitors to Louisburg this week we note Mr. Thos. White Jr., and family, of Oxford.

Her host of friends are delighted to see Mrs. J. S. Tomlinson (nee Miss Mollie Wilder) of Washington, D. C., in Louisburg. She arrived on Wednesday and will remain some time.

Mr. S. D. Bagley, the new President of the Louisburg Female College, arrived with his family, on Wednesday. The TIMES, in behalf of the community, gives them a hearty welcome.

Mr. H. A. Page and wife, of Aberdeen, N. C., spent a day or two with relatives in Louisburg this week. They were on their way home from New York, where they spent some time.

Judge Davis and Mr. Sprull, who attended the University Commencement, give a glowing account of the exercises. The latter gentleman says that the speeches, taken as a whole, were the best he ever heard.

Baseball.

The two nines here, the "Blues," H. W. Rice, Captain, and the "Greys," Paul Jones, Captain, have played up to this writing (Wednesday morning) three match games. The Greys have won two of the three games. The boys are uniformly now, and our people, especially the ladies, are taking right much interest in the games. It is probable that Henderson and Louisburg will open bats next Wednesday at this place.

Boatmen Excursion.

Those clever gentlemen, Messrs. Chynesse, Ward & Macy, will run a big excursion from Raleigh to Portsmouth on July 3rd. Leaves Raleigh at 6 o'clock a. m., and returning will leave Portsmouth at 10.30 a. m., July 5th. Fare from Louisburg to Portsmouth and return only \$2. An opportunity will be offered all who go on this excursion to visit Old Point, Ocean View, Virginia Beach, &c.

Town Matters.

At a meeting of the Commissioners of the town on Tuesday night, the town ordinances were revised, and a few new ones adopted, all of which will be published next week. Among other changes the price of liquor license was increased from \$75 to \$100 per annum.

—The officer informs us that on going his round this week, he found only one lot to report to the Mayor. Look out, he will be around again soon.

—A number of our citizens attended Wake Forest Commencement this week. The crowd was large and the exercises very interesting. The address of Hon. C. M. Cooke was highly spoken of.

—The sanitary laws of Louisburg are now very strict, and the authorities are determined to have them enforced to the letter. No use in kicking, if your lot is found in an unclean condition you ought to be made to suffer for it.

THE horrible news from the Johnstown disaster continues. The list of deaths is now estimated at from 12,000 to 15,000. On the back of this horror comes the sad news of the entire destruction of the town of Seattle, in Washington Territory. Losses estimated at \$5,000,000. How dreadful are the lives in this section of the country should feel.

Alliance Notice.
