

The Franklin Times.

J. A. THOMAS, Editor and proprietor

FRIDAY JULY 19 1889.

Origin of O. K.

Messrs Folson of Port Townsend send the following sketch of the origin of the use of the letters "O. K." which, he states, was furnished him personally by James Parton:

While at Nashville in search of material for his history, Mr. Parton found among the records of the court of which General Jackson had been judge, a great many legal documents endorsed "O. K." which meant "Order recorded," but often so scrawlingly written that one could easily read it as "O. F. I." "Major Downing" noticed a bundle of papers thus marked upon President Jackson's table, documents, perhaps, from his former court, in which he still had interest, it is very easy to see how a punster could imagine it "O. K." or "oil correct."

No doubt Seba Smith, who wrote under the nom de plume of "Major Jack Downing" had much to do with creating the impression that President Jackson was unlettered and illiterate, whereas many existing personal letters, reports, court opinions and state papers show to the contrary. He lived before the day of stenographers and typewriters, and yet carried on a voluminous correspondence. Hundreds of personal letters to old soldier friends are still preserved as treasures in the South and his handwriting is numerous in Washington. He was evidently a rapid penman and made greater use of capital letters than is the present custom, but misspelled words and stumbling sentences were few and far between.—Portland Oregonian.

DR. BENJ. DILLARD, Druggist at Aurora, Mo., says: I sell a great quantity of S. S. S. for Scrofula, Eczema, Rheumatism, and other blood troubles, and have never heard of a case of failure to cure.

PIMPLES, blotches and eruptions on the skin evidence the fact that the blood is in bad shape, and these symptoms show that nature is trying to throw off the impurities, in which effort she should be assisted by a reliable vegetable blood remedy, as if Swift's Specific.

MR. JOHN B. HARRISON, of Springfield, Ill., says that he had blood trouble for quite a time; his tonsils were swollen, eruptions over his hands and face, followed by paralysis of the face which was all relieved by Swift's Specific, and after the lapse of seven years there has been no sign of the return of the disease.

Over four years ago Swift's Specific cured me of a troublesome eruption which covered my shoulders, back and limbs. This was after I had been treated by six doctors, some of whom thought I never would get well.

WANTED

50,000 pounds of early cured primings wanted in exchange for tobacco sticks and baskets. The tobacco will be taken loose without grading, only the trash thrown out at 6 cents per pound if cured bright and delivered in High Point during the month of August 1889. Address, W. H. Snow, Supt. Modern Tobacco Barn, High Point, N. C.

Having fully demonstrated during the last two years that tobacco leaves cured separately from the stalk possess a marked superiority over the stalk cured leaves both for chewing and smoking, the Modern Barn Company, of High Point, now propose to sell to planters the

BEST WIRED STICK

in the world and take the waste of their fields for pay. We will make the sticks the length to fit your log barns, which can be fitted up with a conduit and ventilator and directions given with each purchase how to cure your primings. We want only the EARLY GROWN mild leaves, from which we are now manufacturing the

BEST SMOKING TOBACCO

in the United States, not excepting any known brand. Our Tobacco has less Nicotine, less offensive properties than anything in the smoking line in this country; not by reason of our knowledge of manufacture, but by reason of the superior manner by which the Tobacco is cured. The leaves are CURED WHEN THEY ARE RIPE, they are cured in a continuous current of purified air separate from the stalk. Our leaves are MODERN BARN NO. 1, and NO. 2, and DIXIE DARLIN. We have large quantities of the Wire Cured Leaf Graded, and are now ready to supply the trade and challenge the world to produce its equal. Address

W. H. SNOW,

HIGH POINT, N. C.

P. S. Primings vary in price as to quality from 6 to 35 cents.
