TAR DROPS.

County commissioners next Monday. Don't forget the Warren Fair next week. About 25 people went from Louisburg to the circus at Raleigh.

Everybody was pleased with the prices for tobacco yesterday. New scholars continue to come in both at the College and the Academy.

Big breaks in both warehouses here yesterday, and prices were very satisfactory.

An interesting letter from "Dan" of Sallings came too late for this issue. It will appear next week.

The Prince of Wales and Fred Douglas arrived in town a few days ago, and accepted positions at W. J. Neal & Co's.

Ruffin Fogg has moved his barber shop over J. H. Harris & Co's store, where he will be glad to have his patrons call.

Those in position to know say that the Warren Fair next week, will surpass anything of the kind ever held in that county.

The rates from Louisburg to the Raleigh Fair will be \$1.60 for the round trip, which includes one admission into the Fair grounds.

The sad intelligence of the death of Mrs. R. T. Hair, was received here this week. She will be remembered as Miss Urdine Ann. Her house was in Texas.

The bottom has dropped out of cotton, the price having fallen a half cent on the pound in two days. The ruling price in Louisburg as we go to press is 9 1/2.

The Raleigh Fair promises to be a very big thing. Messrs. Wilson and Patrick are moving things lively, and those who attend this year may expect to see something extra.

A series of meetings are being held at the Methodist church here, conducted by the pastor. A revival meeting is also being held at Trinity, about 5 miles from Louisburg, conducted by Rev. J. J. Hunt.

The Louisburg train will leave this place on next Wednesday at 8:50 a. m., for the Warrenton Fair, and returning will reach here about 8:15 p. m. Round trip \$1.25. Round trip from Franklinton \$3 cents.

If the farmers desire a good tobacco market in Louisburg, they must show it by giving to it their hearty support. A half-way support never accomplishes anything, and hardly ever does any one good.

Warrenton Fair next week. Let Franklin be well represented. The various Farmers' Alliances of Franklin are cordially invited to be present on Thursday, when Hon. S. B. Alexander will address them.

It is with the farmers to say whether they will have a home market for their tobacco, or not. Remember that it is for the future you are working for. By building up your home market, you at the same time build up yourself.

In looking over the rules of the Louisburg Female College, which appear in the catalogue, we find the following: "Visitors are requested not to call during school hours, and on Sunday, never." A good rule, and one which the parents of pupils will fully appreciate.

An election has been called by the town commissioners to be held Nov. 7th, when the question of issuing town bonds, to the amount \$3,000 for the purpose of building a town hall will be voted on. The bonds are to run 20 years, and no part of the principal will have to be paid for 10 years. In a future issue the whole matter will be explained in the Times.

Break down competition, and you establish monopoly. This thought alone should entice every farmer who raises tobacco in this section, and make him put forth extraordinary efforts to build up a tobacco market in Louisburg. If you fail to establish a substantial market in Louisburg, you cannot expect to get the full worth of your tobacco in other towns 30 and 40 miles from you, as they will have nothing to force them to pay you its worth.

It is with pleasure that we call the attention of our readers to the advertisement in this issue of Messrs. McKimmon & Mosely, Raleigh, N. C. During our recent visit to the Capital, we went through their handsome new store which is literally filled with a stock of entirely new and elegant goods. They do a strictly one price business. Their known honesty and courtesy make their house one of the most popular in the State. It is a pleasure to deal with thoroughly reliable people, and such we know these gentlemen to be.

At a late meeting of the Warren county Alliance it was unanimously resolved to extend a cordial invitation to the Alliances of Franklin county to meet the Alliances of Warren and adjoining counties in Warrenton during the Fair. Capt. S. B. Alexander and other distinguished speakers will be on hand and address the people. It is hoped that at least five thousand Alliancemen will be present, and that it will be the largest and grandest gathering of farmers ever seen in North Carolina. Franklin's fair daughters and sturdy sons should be there in goodly numbers to hold up their end of the line.

We have just come across the following notice of the death of Mr. F. A. Wilson, who was for some time a resident of Louisburg, and who, while here, made a host of friends. The little obituary is taken from the Biblical Recorder of a recent date:

Died, August 28th in Powhatan county, Va., Mr. F. A. Wilson, in the thirty-first year of his age. His remains were brought for interment to the home of Mr. James T. Hunter, near Neuse, N. C., the father of Mrs. Wilson.

Mr. Wilson was a man of fine character, and highly esteemed by all who knew him. More than this, he was a consistent Christian, adorning his faith in Christ by a godly life, and by his triumphant death magnifying the grace that saved him.

We commend the devoted wife and the fatherless child to God's loving care. Upon the brother, whose eternal interests claimed the dying saint's last thought and prayer, we invoke the Lord's richest blessing, even salvation through Christ.

The Nonthean Literary Society

Of the Louisburg Female College was organized Friday, September 14th, 1889. The following officers were elected:

Corresponding Secretary—Lucie Foster. Treasurer—Eleanor Yarborough. Librarian—Helen Palmer. Subject chosen for discussion at the next meeting: 'The Life and Works of John Milton.' Music to be furnished by Bettie Burr and Birdie Peterson. Recitation by Minnie Seymour. Reading by Ula Avert. Criticisms to be read by Kate Mann. The Society desires to thank the friends who have already sent in books for their library, and ask their friends to come to their aid.

Respectfully, PATTIE B. COOPER, Recording-Secretary.

Personal.

Our young friend S. J. Crupud left one day this week for the Baltimore Medical College to finish himself up for an M. D.

Mr. Chas. E. Seymour, son of our countryman, Mr. W. A. Seymour, left one day this week to enter the Agricultural and Mechanical College at Raleigh. He stood a very good examination before the County examiners here, and is the only applicant from this county. He is a steady, deserving young gentleman, and the Times wishes him great success.

Franklin's Worth.

The abstract of taxables, which has been completed by the Register of Deeds of this county, shows the following:

Table with 2 columns: Number and Value. Includes items like Acres of land, Town lots, Horses, Mules, Cattle, Hogs, Sheep, Farming utensils, Money on hand, Solvent credits, All other personal property, Net income.

Aggregate value of all property (white) 2,759,753. Aggregate value of all property (colored) 160,704. Total value \$2,920,457.

No. White polls 1,750. No. Colored polls 1,474.

As compared with last year the abstract shows an increase in the following instances: Increase in number of acres 2,931. (This looks rather strange, but the figures are that way.—EDITOR.) In mules 51; in goats 14; in cattle 209; in sheep 175; in money on hand \$4,578; in solvent credits \$22,126; in net income \$1,450; in white polls 193; in colored polls 82. Increase in total value of all property \$17,106. In the following instances the abstract shows a decrease as compared with last year: In town lots 74. (Another strange fact.—EDITOR.) In number of hogs 913; in farming utensils \$12,905. In all other property \$9,668.

THE MARKETS.

A number of Granville county farmers have been in town this week. They are in search of land, on which to raise tobacco.

The Supreme Court licensed 23 young men to practice law, last week, among them H. W. Rice of Louisburg and Messrs. W. D. Hicks and O. D. Batchelor, of Nash county.

As will be seen elsewhere the Nonthean Literary Society has been organized by the pupils of the Louisburg Female College. The aim and object of this society is for the elevation, entertainment and general betterment of its members, and one of its greatest needs just at present is books. We learn that several friends have already contributed suitable books to the library, and it is earnestly desired that every person in this community who has a book, or books, that he or she can dispose of without great damage to their library, should present them to the library of this society. And remember that old books will be just as acceptable as new ones. Now, do not forget this, but look at once and see if you have any books that you can present to this society.

OUR CAMPAIGN

FOR FALL AND WINTER BUSINESS IS NOW OPEN.

OUR PLATFORM IS:

QUICK SALES, SMALL PROFITS

We are not making any stump speeches, but are going to have our Goods, our Prices and Our Way of doing business speak for themselves. The crowd is still with us, yet we cry for more. Our New Fall Stock is immense, our bargains unlimited. In the Suits made for Fall Trade everything goes to a Rock Bottom Price.

We'll give you a lift in the right direction if you will permit us. Help you in the upward path, so to speak, the path to plenty and prosperity. Do you want to rise in the world? Do you want to be WELL DRESSED? Remember that economy is the parent of prosperity, and become a practical economist.

BY TRADING WITH US.

The heavy profits which some merchants make, like the interest on borrowed money, eat up the earnings and prevent saving. We make no such profits, and those who trade with us will find that their savings increase with every trade. An honest profit on an honest price is our idea of price and profit making. Big prices and big profits are not honest. We have nothing to do with them.

We will save you also on the goods we supply. Good grade goods go further than low grade—even at a high price they are cheapest in the long run. But we put good grade articles on the same price-level as the low grade that makes them cheapest in actual cash as well as cheapest in actual value. It takes us to make bargains. We are old hands at it. We know how to buy and that's how.

WE HAVE THE SECRET OF SELLING.

Business Suits are a specialty with us. The true conception of a Business Suit demands that it shall be of a quality of goods that will prove serviceable and wear-resisting; that the pattern shall be something suitable for store and office; that the cut shall be for convenience, the fit be comfortable, and the price low enough for a man not to feel afraid to wear his clothes where there's dust or dirt around for fear of soiling them. We mean to satisfy each of these requirements in our Business Suits.

They are made to pattern, stout as to material, strong in workmanship, stylish in cut, giving a snug but comfortable easy fit. Our prices for these desirable clothes are just as low as the price asked for clothing that lacks both at and style. Give us a chance to show what we can do in this line and we are convinced that you will see the desirability of the goods we offer. They are in every way first class.

OUR SHOE DEPARTMENT

is fuller than ever before, both in Fine and Plain Shoes. Special care was had in selecting the various styles in this line, and we feel safe in guaranteeing that no house this side of Baltimore, can surpass us. All we ask is trial.
