Among any other population, or at a later period in the history of New England, the grim rigidity that petrified the bearded physiognomies of these good people would have augured some awful business in hand. It could have betokened nothing short of the anticipated execution of some a legal tribunal had but confirmed the verdict of public sentiment. But in that early severity of the Puritan charso indubitably be drawn. It might be that a sluggish bond servant, or an undutiful child, whom his parents had given over to the civil authority, was to be corrected at the whipping post.

It might be that an Antinomian, a Quaker or other heterodox religionist was to be scourged out of the town, or nn idle and vagrant Indian, whom the white man's fire water had made riotous about the streets, was to be driven with stripes into the shadow of the forest. It might be, too, that a witch, like old Mistress Hibbins, the bifter tempered widow of the magistrate, was to die upon the gallows. In either case, there was very much the same solemnity of looked around at her townspeople and pronchess to which was the most divide man, looking cura soly at the great state of demeanor on the part of the spectators; as befitted a people among whom religion and law were almost identical, and in whose character both were so thoroughly interfused that the mildest and severest acts of public discipline were alike made venerable and awful, ance of fancy, that it had all the effect | culprit sustained hereoff as be to woman "Yourgay truly," replied the there "I Meager, indeed, and cold was the sympathy that a transgressor might look for, from such bystanders, at the scaffor, from such bystanders, at the scar-fold.
